UNIVERSITY

THUNDER BAY & ORILLIA, ONTARIO, CANADA
INTERNATIONAL VIEWBOOK 2024-2025

IMAGINE A UNIVERSITY...

Where your professors know your name. Where the peers and student services staff you meet on day one will be the familiar faces you recognize on day two, and soon become lifelong friends and mentors. Imagine a university where, instead of walking into a big lecture hall full of strangers, you will walk into an academic community where your input matters.

Where your success counts.

OUR GLOBAL COMMUNITY

**WELCOMING THE WORLD TO LAKEHEAD.
BRINGING LAKEHEAD TO THE WORLD.**

Lakehead University is small enough to offer the personalized approach to education and supports that allows you to thrive. And Lakehead is big enough to embody a truly global perspective. Not only does our student body come from over 80 nations around the world, we also enable our students to study abroad, take part in international placements and field school opportunities.

Ankit Raj
India

Master of Science (Computer Science) Graduate
IT Developer / Analyst, Canada Revenue Agency in Ottawa

"Coming from a big, over-populated city in India, it was refreshing for me to move to a city that offers a perfect balance between 'Living in the City' and 'Living in the Wild'. I am a nature enthusiast, and I love to hike and seek opportunities to stay close to nature. Thunder Bay provided everything I wanted in a beautiful package of academic and recreational activities. Another major reason I chose Lakehead was for its co-op program. Lakehead gave me a better insight into the Canadian job market which helped me achieve my professional goals."

Bolu Fabanwo
Lagos, Nigeria

Honours Bachelor of Commerce Graduate
Production Coordinator, Busch Systems in Barrie

- ▶ Recipient of the 2019 Simcoe County Immigrant Mentor Award

"Back when I started my degree, my roommate, Eric, went out of his way to help me get involved and meet new people. He inspired me to try to do the same for others. I got really involved in student life, clubs and athletics. This helped me build connections with staff, faculty and other students. It has made me more comfortable talking to people. My perspective on life has also changed, and I really think that's because of all the different people I've met. I've been exposed to new cultures and built so many connections, and that's really broadened my horizons."

Mariam Abdulla Alameri
Abu Dhabi, United Arab Emirates

Bachelor of Engineering (Mechanical) Graduate
Mechanical Engineer in the Peaceful Nuclear Energy Sector, Abu Dhabi

- ▶ Official Member of the UAE Women's Ice Hockey Team

"The friends I made since the first day I stepped into Lakehead are still in touch with me even though I'm on the other side of the world. I think that is because Thunder Bay is a place that reinforces social connections and bonds in a way that can't be done in busy cities. The amount of nature that surrounds the campus is amazing. I remember that even on the busiest days, the walk from my dorm to my class by Lake Tamblin would be such a stress relief and I would soak all the fresh air in."

I Made Agus Julianto
Bali, Indonesia

Master of Science in Archaeological Sciences Student

- ▶ Member of Research Team with Anthropology Professor, Dr. Matthew Tocheri, 2017-2019

"I am really impressed with the lab facilities at Lakehead, especially the Human Origins Lab. My own research project relates to the pattern of stone artifact findings in Liang Bua in Indonesia, and also the sedimentation of each layer at the *Homo floresiensis* deposit, where I was helping my professor with his research. Before coming to Lakehead, I didn't realize how diverse it is with people from all around the world. I really enjoy the community in the International Student Centre. They always have coffee, games, and a lot of things for us to do during our free time. Also, the people in Thunder Bay are really nice."

Xiaoqing Liu
Beijing, China

Honours Bachelor of Kinesiology Student

"Lakehead's small class sizes and friendly campus atmosphere foster a sense of community and belonging that is quintessentially Canadian. In my program, I have the chance to participate in lab-based research projects, work with community partners to develop physical activity and health promotion programs, and engage in athletic training, sports coaching, and exercise prescription. I have enjoyed every moment studying here. When I first arrived, I was sitting next to the window in residence staring at the snowfall and I saw a family of deer in my backyard. That was the moment I realized this place is the right place for me to live. Witnessing the Northern Lights on campus after a long day of studying in the library was unique. I will never forget that breathtaking moment."

Catalina Amaya
Bogotá, Colombia

Honours Bachelor of Environmental Management Graduate
Project Coordinator at Golder Associates, Calgary

"Lakehead and Thunder Bay helped me discover who I was going to become. The faculty were supportive and passionate about what they were teaching. They gave us perspectives outside of the topics covered in class. My professors helped review my resumé when I was completing my studies, and for a few years after graduating, the faculty would send me job opportunities by email. In my program I studied plant identification, habitats, data collection, statistics, environmental law – this was very useful in the bigger scheme of things, and I applied these skills in the field positions I had before becoming a Project Coordinator."

THUNDER BAY

CAMPUS

Located in the centre of the city, the Thunder Bay campus is only minutes away from shopping, restaurants, entertainment, and recreation.

With Lake Tamblin and the McIntyre River as its centrepiece, the Thunder Bay campus has everything to make your university experience complete: seminar-style classrooms, larger lecture halls, cutting-edge laboratories, libraries, computer labs, student services offices, recreational facilities, residences, cafeterias and cafés, and a new International Centre and Lounge right in the centre of campus. Paved trails weaving through campus make it the perfect place to take in the beauty of the area during any season as you unwind by hiking, jogging, skateboarding, bike riding, or cross-country skiing.

STUDENT CLUBS & LEADERSHIP

Play a bigger part in a smaller student body at Lakehead University where your engagement in the community nurtures your development as a citizen of the world. Enrich your university years through involvement in academic or cultural clubs, volunteering, or leadership development opportunities.

LAKEHEAD MAKES LEADERS

“ I wasn’t expecting my entire outlook on cultures to change when I came to Canada, but it did completely. I got opened up to so many new cultures and so much new food from my roommates and their friends. Also, in one of the leadership programs I took part in, there were different international students coming together for certain projects. In addition to meeting new people, I liked learning new practical skills. For example, in one module we learned how to manage stocks. We were put into different teams and we did a mock stock trial and tried some investments. This year we had a Cultural Cup, where we fused Canadian Kraft Dinner with a dish from another country — in our case, a Paraguayan dish called Chipa guazú.”

Josia Prince, Bahamas
Political Science (Pre-Law)

GLOBAL AMBASSADORS

The Global Ambassador Program is the ultimate opportunity for you to enrich your student experience on campus, develop your leadership skills, and share your Lakehead pride with future students.

The Global Ambassador Program brings together Lakehead’s most enthusiastic, globally-minded, inclusive and inquisitive students, and acts as a stage for collaboration, knowledge creation and exchange among Lakehead’s diverse student body. As a Global Ambassador, you will express the proud voice and spirit of Lakehead to future students and alumni around the world.

lakeheadu.ca/global-ambassadors

STUDENT-RUN FESTIVALS AND EVENTS

Whether you’re representing your country in Culture Days or International Education Week on campus, planning a Lunar New Year Celebration, taking part in the city’s Holi Festival, or helping newcomers to Canada at the city’s Multicultural Centre, you will find the whole university community gets involved when they celebrate holidays, festivals and special occasions.

LEADERSHIP OPPORTUNITIES

Develop new skills and grow as a person while getting involved in group activities and meaningful projects through a Student Assistant position, International volunteer opportunities, the Orientation Leader Program, the LVLup Leadership program, or by becoming a Global Ambassador or Peer Mentor to new international students.

1. Student Union Culture Days
2. Global Ambassador Event

LAKEHEAD UNIVERSITY STUDENT UNION (LUSU)

Get involved in one of the LUSU Centres such as the Multicultural Centre, Pride Central, or the Sustainability Initiative. As a member of LUSU, you also have access to student-run services like a student health and dental plan, and a universal bus pass, and an emergency campus food bank. Your membership ensures you always have representation within the university as well as all levels of government. lusu.ca

STUDENT CLUBS

Clubs are the cornerstone of student life at Lakehead. Whether you’re interested in sports, movies, video games, politics, or academics, Lakehead University has a club for you. Being a part of a LUSU-endorsed club gives you access to support, resources, and campus spaces for free or at a reduced rate. Here is a sample of the 60+ clubs available for you to join:

- ▶ African Caribbean Student Association
- ▶ Lakehead University Badminton Club
- ▶ Lakehead Iranian Cultural Association
- ▶ Faculty of Business Students Association
- ▶ Lakehead University Engineering Student Society
- ▶ Google Developers Student Club
- ▶ Association of Latin American Students (ALAS)
- ▶ Lakehead University Anime & Manga
- ▶ Lakehead University Indian Students Association
- ▶ Lakehead University Pakistani Students Association
- ▶ Muslim Student Association
- ▶ Chinese Students and Scholars Association
- ▶ Southeast Asia Society
- ▶ And many more...You can even start your own unique club!

LAKEHEAD INTERNATIONAL

Lakehead's student-centred philosophy and personalized supports, available at each step of your journey, give you the highest chance for success.

INTERNATIONAL STUDENT SERVICES

AIRPORT PICK-UP

Sign up in advance, and we are happy to welcome you to the city by arranging transportation from the airport to your residence.

NEW STUDENT ORIENTATION

Make lifelong friends, discover the University's support systems, and explore the culture of your new home away from home through exciting in-person events and pre-arrival online sessions.

PEER MENTORING

As a new international student, you can take advantage of our complimentary Peer Mentor Program where we connect you with an upper-year student who will help guide you at Lakehead.

INTERNATIONAL STUDENT ADVISING

Receive culturally-relevant advising on academics, personal matters, finances, health insurance, community services and help with navigating university supports.

IMMIGRATION ADVISING

Get guidance on study/work permits, visitor visas, and eTAs from our licensed Regulated International Student Immigration Advisors (RISIA) and Regulated Canadian Immigration Consultants (RCIC) certified by the College of Immigration Consultants of Canada (CICC).

EXCURSIONS

Get to know students from all over the world while you explore your new hometown through fun activities and outings.

lakeheadu.ca/international-student-support

THE HUB OF CAMPUS

Located in the heart of the Thunder Bay campus and our English Language Centre, the International Centre is the meeting place for students from all over the world. Stop by between classes to study, play Xbox, watch a soccer game or movie, or take part in one of the many special events held each week.

GIVING BACK TO NEW STUDENTS

“ I was inspired to become a Peer Mentor because I wanted to be a role model to new students and to help them feel less lonely.

When you first arrive, you may experience homesickness, and my goal was to be friendly, approachable, and to help guide students to university resources as they adjusted to academic life.

Together with my group of mentees, we got out and experienced the city, and I showed them my favourite places — the waterfront and Hillcrest Park. We took a group trip to Kakabeka Falls and we also did some really “Canadian” activities: air hockey and dragon boat racing on ice. (Our team won the dragon boat race!)

These were amazing experiences of bonding and new friendships. Not only that, I developed beneficial leadership and interpersonal skills.”

Vatan Singh Nayal
Hyderabad, India
Computer Science Student

“ My life changed and my grades improved in a way that I cannot even describe after I got help in the Academic Support Zone. In my first term I felt lost, and almost all my assignments received comments from my professors highlighting that I needed to learn how to write. My tutor showed me a better way to express my thoughts. I have improved my writing and learned the proper academic structure for essays. It has also been amazing to learn to be more organized with my assignments. I plan my weeks and months ahead and in that way, I am not procrastinating.

I love that Lakehead provides this service for all students.”

Juliana Paucar
Medellín, Colombia
Education Student

1

HANDS-ON LEARNING

Lakehead University offers you hands-on experience related to your field of study before you even graduate, giving you a competitive advantage as you enter into your career.

100% OF STUDENTS

TAKE PART IN EXPERIENTIAL LEARNING

TOP 4 IN ONTARIO FOR EXPERIENTIAL LEARNING

(Maclean's University Rankings 2022)

#1 IN CANADA FOR NOT-FOR-PROFIT RESEARCH INCOME

(RESEARCH Infosource 2022, Undergraduate Category)

RESEARCH

Every day, we are inspiring and creating leaders. At most universities, the opportunity to get involved in research is unlikely during your undergraduate years. At Lakehead, we encourage our students to seek out research opportunities beginning in their undergraduate programs. Our extensive Research & Innovation Week activities, Undergraduate Research Day and research publications allow students and faculty alike to showcase the work they are doing.

lakeheadu.ca/research

PRACTICUMS, PLACEMENTS AND FIELD EXPERIENCES

Many of our programs have integrated practicums and placements, or the opportunity for field schools and trips. These experiences can range from six-week clinical placement courses in Nursing or field practice experiences with human service agencies in Social Work, to exploring the ecosystem of a natural, environmentally-protected bog in Environmental Sciences.

INTERNSHIPS

Many of our programs include internship or field school opportunities. Translate the concepts and principles learned in class into practical skills in the workplace. Research internships are great opportunities to enhance your field of study and can often lead to summer or even full-time employment.

COMMUNITY ENGAGEMENT

Community service learning provides you the opportunity to link your studies with our local communities. Many of our courses allow you to contribute towards helping address critical social issues in our neighbourhoods.

GLOBAL ME

As an international student, you can complete a one- or two-semester study abroad exchange at one of Lakehead's many partner universities. Get credit toward your degree and further enhance your cultural intelligence.

“My time in Oslo was an incredible journey that has changed my life in countless ways. The experiences, knowledge, and relationships I gained while living there will stay with me forever.”

Through my exchange experience in Norway, I developed a global perspective. I also had the chance to explore the city and its surroundings, including taking hikes in the beautiful forests and visiting the fjords. These experiences gave me a sense of adventure and helped me to develop a deeper appreciation for nature and the environment.”

Marteena Aal-hano

Outdoor Recreation, Parks & Tourism Student
On exchange in Norway

UNDERGRADUATE FUNDING FOR COVID-19 RESEARCH

“I was aware of Lakehead's status as a top Undergraduate Research University when I applied. When I began my undergraduate studies, not only was I able to be a research assistant at the Summer School of Medical Imaging in the Thunder Bay Regional Research Institute, I was a co-author on an article with my professor and a PhD student to outline our findings.”

A year later, I received a MITACS Research Award that a professor helped me apply for. The stipend funded my research project relating to COVID-19 (medical name: SARS-CoV-2). I worked on predicting the most likely mutants of SARS-CoV-2 at the main protease level to determine which therapeutic options against the mutants would be most effective. As an aspiring scientist, to have had these opportunities so early in my career is exciting.”

Alejandro Ortigas-Vásquez
Peru, Bioinformatics Student

CO-OPERATIVE EDUCATION

LAKEHEAD STUDENTS ARE TOP 3 IN ONTARIO FOR EMPLOYABILITY*

Alternate your academic studies with periods of work where you will deepen your knowledge of your field while you earn additional money and build your resumé for the future.

A HEAD START ON YOUR CAREER

- ▶ Full-time, paid work experience in your field for 4-16 months
- ▶ Earn \$20 - \$25 CAD per hour on average
- ▶ During your co-op work term, you only pay a small administrative fee and you don't pay tuition
- ▶ Lakehead co-op students have found employment with over 140 national and international companies including:
 - ▶ RBC
 - ▶ Suncor
 - ▶ Ministry of Education
 - ▶ Blackberry
 - ▶ Husky
 - ▶ Canada Revenue Agency
 - ▶ Enbridge Gas
 - ▶ AECON
 - ▶ Honda
 - ▶ Bosch
 - ▶ Grant Thornton
 - ▶ Innovation Automation
 - ▶ IBM
 - ▶ Goldcorp
 - ▶ Ontario Power Generation
 - ▶ Hydro One
 - ▶ Bombardier
 - ▶ lakeheadu.ca/coop

“Lakehead provided me with exceptional educational experiences and networking opportunities that led me to my dream job at Amazon. In addition to a co-op work term at Blackberry in Toronto and a research position with scholarship (thanks to one of my professors), I spearheaded a research project to build a cardiovascular disease predictive model, which led to a publication in the Institute of Electrical and Electronics Engineers (IEEE) International Conference on Fuzzy Systems.”

Manpreet Singh
India 
Master of Computer Science Graduate
Software Development Engineer, Amazon

*Among Primarily Undergraduate Universities

PROGRAMS THAT OFFER CO-OP

At Lakehead University, there are a variety of disciplines that offer the co-op option:

- ▶ Honours Bachelor of Commerce: Accounting, Business Analytics & Information Systems, Finance, Human Resources Management/Industrial Relations, Marketing **T**
- ▶ Honours Bachelor of Commerce: Business Administration **O**
- ▶ Computer Science (Honours Bachelor & Masters Programs) **T**
- ▶ Computer Science (Diploma+Degree) **LG**
- ▶ Economics (Masters Programs) **T**
- ▶ Engineering: Chemical (Bachelor); Civil (Bachelor & Masters); Electrical (Bachelor); Mechanical (Bachelor & Masters); Mechatronics (Bachelor); Software (Bachelor); Electrical & Computer (Masters); Environmental (Masters); Bachelor of Engineering + MBA **T**
- ▶ Engineering: Electrical (Diploma+Degree) **LG**
- ▶ Environmental Management (Honours Bachelor) **T**
- ▶ Environmental Sustainability (Honours Bachelor) **O**
- ▶ Forestry (Honours Bachelor) **T**
- ▶ Kinesiology (Honours Bachelor) **T**
- ▶ Physics (Honours Bachelor & Masters Programs) **T**

SAMPLE CO-OP SCHEDULE

As a co-op student, your schedule of alternating study and work terms will vary depending on your program. Below is a sample of the schedule for a Bachelor of Engineering student:

	FALL	WINTER	SUMMER
YEAR 1	Study	Study	Summer Break
YEAR 2	Study	Study	Co-op (optional)
YEAR 3	Study	Study	Co-op
YEAR 4	Co-op	Co-op	Co-op
YEAR 5	Study	Study

CAREER ZONE: FINDING THE PERFECT CO-OP JOB

As you embark on your search for your co-operative education position, our career experts are here to support you. Join our workshops or meet one-on-one with an advisor to learn about job search strategies, develop your resumé, practice interview skills, navigate our online job bank, and learn the best practices of the Canadian work environment.

“I had a lot of support from the nice staff in the Career Zone. They helped me find my job and set up my co-op. The project I am working on in my placement relates to machine learning, so it is quite close to what I'm studying at Lakehead. I work on the development of cloud-based machine learning services, resolving security risks and vulnerabilities for the internal microservices. My favourite part about my co-op is getting to experience the working culture in Canada where everyone talks to each other as friends and equals, which really impresses me.”

Beili Yin, China 
Master of Computer Science Student
Co-operative Education placement at
PointClickCare, Mississauga

WORKING DURING & AFTER STUDIES

JOB SEARCH SUPPORT

We are devoted to your success in employment both during university and after graduation. Whether you're looking for a part-time job during your studies, a co-operative education term position, or your dream job after graduation, the Career Zone provides a range of services and opportunities, including:

- ▶ career fairs that allow you to network directly with prospective employers and explore future careers
- ▶ resumé development assistance
- ▶ interview preparation workshops
- ▶ one-on-one career advising
- ▶ online job bank
- ▶ career exploration resources

lakeheadu.ca/careerzone

ON- AND OFF-CAMPUS JOBS

As a full-time international student, you are eligible to work up to 20 hours per week during the academic school year and full-time hours in the summer or during regular study breaks in your program. Not only can you earn money to put toward your studies, you will also gain valuable Canadian work experience that will enhance your resumé. Students and alumni have access to the Lakehead University job bank and career services.

CAREER FAIRS & JOB BANK

In addition to accessing the Lakehead University job bank maintained by the Career Zone, you will be invited to participate in the career fairs hosted on campus each year. Speak directly with potential employers in person on campus to make connections, ask questions, build your networks, secure your next job, and explore potential future career opportunities.

UNDERGRADUATE SCHOLARSHIPS

\$7.8+ CAD MILLION 
 IN ENTRANCE SCHOLARSHIPS OFFERED TO INTERNATIONAL UNDERGRADUATE STUDENTS IN 2022-2023 

Take advantage of one of Canada's most generous university scholarship programs. We make paying for your university degree easier so you can focus on your education.

RENEWABLE UNDERGRADUATE ENTRANCE SCHOLARSHIPS

Automatically awarded. No application required.

Non-Canadian citizens who are entering Lakehead University from a high school, or who are transferring from an international college or university, will be considered for the Undergraduate Entrance Scholarships. The scholarship is available to the top international students applying to Lakehead University for 2024-2025. Visit the website for complete terms and conditions: lakeheadu.ca/entrance-scholarships-international

Academic Average (Canadian Equivalent)	IB Average	Scholarship Total (Value Per Year)
90.0% & OVER	35+	\$40,000 CAD (\$10,000 x 4 years)
80.0% - 89.9%	30-34	\$30,000 CAD (\$7,500 x 4 years)
75.0% - 79.9%	28-29	\$6,000 CAD (\$6,000 in Year 1 only)

GRADUATE ASSISTANTSHIPS & FACULTY RESEARCH AWARDS FOR GRADUATE STUDENTS

Limited Graduate Assistant appointments are offered to some full-time graduate students when Letters of Acceptance are issued. No additional application is required. Faculty Research Awards are awarded to selected students by their supervisor after studies have begun. lakeheadu.ca/graduate-funding

GAINING CONFIDENCE THROUGH HANDS-ON EXPERIENCE

“Lakehead has given me a lot of hands-on experience throughout my degree, especially through the co-operative education program, in which I was a Client Advisor with RBC. I loved the experience so much that I worked with them even after my co-op placement ended. The topics I learned about in my classes have really been applicable to my life and helped shape me for the future. I would have never been able to start my own business confidently without the education and support that I received from Lakehead, including mentorship from the Ingenuity Ascend Accelerator Program. My degree was amazing, but it has truly been the community and connections I formed at Lakehead that will be the greatest things I take away from my education.”

OUTSTANDING STUDENT

Dewan Mahian Gazi, Bangladesh
Bachelor of Engineering (Mechanical) Student, Co-operative Education

“Coming to Canada was a dream for me. When I arrived, I was in a big multi-diverse environment where I was representing my country, and I was doing that with people from all over the world.”

During last summer's placement, I was working at Honda of Canada Manufacturing - CRV production plant. I saw the difference that four months of experience made in my resumé. For this year's co-op, I am working with Toronto Hydro as a Senior Technical Student in their Engineering Services Department. One of the many things I do is review engineering drawings to ensure that the planned projects of other utilities are not conflicting with any of our Toronto Hydro assets. My role is big on communication, so I have met and connected with a lot of engineering professionals. Lakehead helped me with professional communication, report writing, and of course my engineering studies. Therefore, when I am sitting in a room with a bunch of professional engineers, discussing projects, I am equally involved and not lost.”

SCIENCE & ENVIRONMENTAL STUDIES

Lakehead University's geographic locations present a perfect natural laboratory for your education in the disciplines of science and environmental studies. You will benefit from the enriched learning environments that only smaller class sizes can offer.

Learn both inside and outside the classroom through invaluable fieldwork and laboratory work beginning in year one using sophisticated, state-of-the-art tools and equipment. You will also have opportunities to be engaged in exciting research projects, working alongside leading scientists on projects that inspire your learning while you contribute towards the creation of new knowledge.

lakeheadu.ca/explore-ses

Lakehead University is home to 27 Research Centres, Institutes & Centralized Analytical Facilities including those in the new Centre for Advanced Studies in Engineering and Sciences (CASES). Here students are engaged in faculty research projects on topics such as Nano-Materials and Advanced Technologies, Community Ecology Energetics, and Human Origins.

GAIN EXCEPTIONAL INSIGHT AND ON-THE-JOB TRAINING:
105 DAYS OF PLACEMENT

OUTSTANDING ALUMNI

Neha Kapoor, India

Honours Bachelor of Environmental Management Graduate
Junior Researcher with The Firelight Group

“The Field School opportunities offered in this faculty are unlike any other across Canada.”

Field school allowed me to sharpen my practical skills and knowledge acquired in classrooms and to learn more about different natural resource sectors and what career pathways they offer before I even graduated. We would visit conservation areas, forest industries, and meet with professionals from different energy sectors. Travelling and working on field projects with our classmates, we acquired the necessary social skills to work as a team, and spent quality time with our professors outside the traditional classroom environment. Field School also helped me truly understand just how broad the environmental job sector is in Canada.”

OUTSTANDING ALUMNI

Yichen Zhang, China

Chemistry & Concurrent Education Graduate, High School Teacher (D.C.T.) in Guangzhou, China

“My professors implement the word ‘supportive’ in tangible ways, and respond to emails promptly. They never hesitate to offer advice based on their real experience. All of this is to help us internalize the idea that building a positive and supportive learning environment for students is the foundation of being a teacher. All of the assignments are related to the real world, and we may use them in our placements and future career. During my placements in Canadian classrooms, I met a friendly, kind, and responsible associate teacher who teaches a wonderful class of students. Knowing them, teaching them, and having meaningful conversations with them is the best part of my practicum.”

SOCIAL SCIENCES & HUMANITIES

Make a difference. Be the change you want to see in the world.

Join the next generation of global citizens in one of our engaging Social Sciences and Humanities programs. You will thrive in our dynamic and vibrant learning environment, with small classes, high-impact practices, and award-winning faculty who know your name and engage in your success.

lakeheadu.ca/explore-ssh

RECOGNIZED AT TOYO INTERNATIONAL FILM FESTIVAL

“ One of our professors invited us to participate in Toyo University’s International Film Festival in Japan. In our film, we created a whole story around a character who was from Ecuador. We wrote the script, drew the storyboard, and we filmed everything ourselves using university equipment. We also got advice and feedback from our professors. Even though our film is funny, we really put our hearts into it. Lakehead’s program allows me to explore not only my passion for film, but also to learn about television, and other media like radio or podcasting—and gives me the resources and hands-on opportunities to do it. I’m also enrolled in a Business certificate with my Media degree because I want to start my own production company one day.”

FROM CLASSROOM TO COMMUNITY

Lakehead offers you the opportunity to gain experiences that combine academic studies with community-based and hands-on learning through a social justice lens. Here are a few examples of the many ways you can enhance your degree:

Public History Field School - Visit historical and heritage sites and monuments from a wide range of chronological periods

Small Music Ensemble Participation - Perform in public alongside the Thunder Bay Symphony Orchestra

Visual Arts Internship - Work in the area of commercial or applied art or other media-based industries

Life Writing - Write a personal memoir with a community member in hospice

Media Arts Showcase - Organize and participate in a public media arts exhibition

Field Explorations - Plan and participate in an 8-14 day field expedition such as sea kayaking on Lake Superior

HEALTH & BEHAVIOURAL SCIENCES

Our health matters. We make it a priority to play an active role.

Whether you choose to study one of our health-related or behavioural sciences programs, you will be immersed in an environment filled with innovative research and educational programming that will ensure you can play an active role in meeting the ever-changing demands of the healthcare sector.

T Thunder Bay Campus O Orillia Campus

PUT THEORY INTO PRACTICE WITH LABS, INTERNSHIPS AND PLACEMENTS

OUTSTANDING ALUMNI

Opeyemi Adeoye, Nigeria/Canada
Honours Bachelor of Science in Nursing Graduate
Registered Nurse, Thunder Bay Regional Health Sciences Centre

“The clinical placement program allowed me to work in different hospital departments. It was a good experience having placements directly on the floor with experienced nurses to help build relationships and trust. Even now I work with some of my past professors in the hospital. Because they work in the profession while teaching, they are able to share their knowledge and understanding with students in the classroom. Lakehead made me see that education is not just a gateway to a job.”

LAW

An innovative and personal legal education. Fusing theory with practical application.

Lakehead University's Bora Laskin Faculty of Law provides the highest standard of legal education. Our Juris Doctor program focuses on the realities of living and working in the North.

We are small. With only 65 students every year, we take full advantage of our small class size. You will receive a personal education, where learning is hands on and your professors are available to you. We offer unique opportunities for you to hone your legal skills at all stages of the program. Lakehead law graduates are ready to serve their communities as skilled advocates and admitted to the Ontario bar without requiring articles of clerkship.

Our Faculty of Law has three mandates that guide our delivery of an innovative practice-ready focused curriculum:

- ▶ Aboriginal and Indigenous Law
- ▶ Natural Resources and Environmental Law
- ▶ Small Firm and Solo Practice with the Integrated Practice Curriculum (IPC)

NON-DIRECT ENTRY FACULTY

MEDICINE

Lakehead University's exciting new partnership with Trinity School of Medicine provides Lakehead students with a clear, defined path to becoming a practicing MD.

Open to graduates of Lakehead, including international students, Trinity School of Medicine offers its students the opportunity to become licensed medical doctors in both Canada and the United States.

Along with priority application review, a waived application fee, and scholarships exclusively available to Lakehead students, Trinity School of Medicine provides a streamlined admissions process.

Like Lakehead University, Trinity School of Medicine recognizes the value of hands-on experience, which is why students begin working directly with patients beginning their very first term.

- ▶ Gain global healthcare experience
- ▶ Highly accredited, international medical school
- ▶ MCAT waived for international applicants
- ▶ First four semesters in St. Vincent and the Grenadines
- ▶ Graduates eligible to participate in the annual U.S. and Canadian residency match programs

70.0% - 74.9%		\$4,000 CAD

LAKEHEAD-GEORGIAN CAMPUSES

As a Lakehead-Georgian student, you'll enjoy the best of what Lakehead University and Georgian College have to offer.

Although your time on each campus may vary by program, you'll have access to all the amenities at both the Barrie and the Orillia campuses.

The Georgian College Barrie Campus is located in the heart of the City of Barrie. Just a short one-hour drive north of Toronto, Barrie has a population of 153,000 and is known for its friendly residents and four-season lifestyle. Barrie boasts a gorgeous waterfront on Kempenfelt Bay, nearby trails and ski hills, several shopping malls, a vast assortment of restaurants, and great nightlife.

The Georgian Barrie Campus is a welcoming and safe place to study. With inviting study spaces, a spacious library, a state-of-the-art gym, on-campus residence, multiple dining options, and a full roster of student services, you'll find it easy to plug into campus life.

lakeheadgeorgian.ca/campuses

STAYING ACTIVE

We make it easy to stay active here at Lakehead-Georgian by including athletic fees in your tuition. You'll automatically have access to the Athletic Centre on campus, which offers an impressive array of fitness facilities, programs and services.

RESIDENCE

Your home away from home on campus is less than a five-minute walk from academic buildings. Our on-campus residence offers everything you need to make your first-year experience fun and safe. In residence you will have a private bedroom with double bed, shared kitchenette and bathroom, as well as wireless internet.

lakeheadgeorgian.ca/housing

Single Room in Shared Space: 42m²
\$7,750 CAD* for 8 months

- ▶ Private bedroom with double bed
- ▶ Shared bathroom and kitchenette
- ▶ Common laundry
- ▶ High-speed internet

*Prices are based on 2023-2024 costs.

FOOD ON CAMPUS

Enjoy the convenience of multiple food outlets on campus including Tim Hortons, Subway, Pizza Pizza, a cafeteria, a student-run café and pub, and more. Load money onto your ONEcard and use it to pay for everything from cafeteria-style food including halal, gluten free, vegan, and international cuisine. Your ONEcard can also be used for select vendors and restaurants off campus.

“The Environmental Sustainability program is a small program, so the professors get to know more about the students, and they have more time to care about you. When you need help with school work or time management or just need someone to talk to, they are great.”

This summer we had a field trip to Algonquin Park, and there we did a community study and collected our own data. The professor who hosted the field school was really helpful as we conducted our study. I compared the insects between two different kinds of forests: the coniferous forest and deciduous forest. I counted, identified and examined insects, and then wrote a paper and made a presentation to my classmates. I just love being in the forest, observing things and collecting data.”

Hoang Nam Nguyen, Vietnam
Environmental Sustainability Student

HOW TO APPLY

1 APPLY ONLINE

For details and links to our undergraduate and graduate online applications, visit:

lakeheadu.ca/apply-now

2 SUBMIT DOCUMENTS

Submit the documents required to support your application. These include transcripts and may include English language test scores, or other program-specific documents as requested.

UNDERGRADUATE APPLICANTS:

Digital (email): Digital transcripts must be emailed directly to Lakehead University from your institution:

docs.admission@lakeheadu.ca

Physical copy (mail): If you are mailing transcripts, please send them to:

**Lakehead University
Enrolment Services - Undergraduate Admissions
955 Oliver Road, Thunder Bay, Ontario
P7B 5E1 Canada**

GRADUATE APPLICANTS:

Digital (upload): Upload your unofficial documents to your online application. After you receive your Conditional Letter of Acceptance, have your institution email official transcripts directly to: gstudent@lakeheadu.ca

Physical copy (mail): If official documents have not been sent digitally, mail official documents after you receive your Conditional Letter of Acceptance:

**Lakehead University
Faculty of Graduate Studies
955 Oliver Road, Thunder Bay, Ontario
P7B 5E1 Canada**

3 INITIALIZE YOUR LAKEHEAD EMAIL

Initialize your Lakehead email account using the login information sent to you in your Acknowledgment Email and check it regularly for updates from Lakehead about your application, course registration, orientation, travel preparation, and more.

4 CHECK THE STATUS OF YOUR APPLICATION

After you apply, we will send you an Acknowledgment Email with your Lakehead student ID and login information to access the student portal.

UNDERGRADUATE APPLICANTS:

To check the status of your application, log into the student portal and go to Admissions > My Applications. If you are admitted to an undergraduate program, you will see the Letter of Acceptance under "My Admission Letters."

GRADUATE APPLICANTS:

Monitor the status of your application in the application portal. If you are admitted to a graduate program, you will receive your official Letter of Acceptance by email in your Lakehead account.

5 ACCEPT YOUR LETTER OF ACCEPTANCE

Follow the instructions on your Letter of Acceptance, and find additional details at:

lakeheadu.ca/letter-of-acceptance

6 FOLLOW THE NEXT STEPS

Find details about everything from study permits, tuition fees, course registration, and more:

lakeheadu.ca/international/newly-accepted

ADMISSION REQUIREMENTS

UNDERGRADUATE ADMISSION REQUIREMENTS:

To be considered for admission to an undergraduate program at Lakehead University, we require:

- ▶ Successful graduation from an academic secondary school program or equivalent. For admission requirements by country, visit: lakeheadu.ca/undergrad-requirements-by-country
- ▶ Canadian equivalent of a minimum 70%* overall final average
- ▶ Depending on your program of study, program-specific prerequisite courses, visit: lakeheadu.ca/undergrad-prerequisites

INTERNATIONAL BACCALAUREATE PROGRAM (IB) ADMISSION REQUIREMENTS:

International Baccalaureate Diploma Program applicants who achieve their diploma with a total score of at least 24 may be eligible for admission. Three Higher Level subjects must be completed. Prerequisite courses can be presented at either Standard Level or Higher Level. Meeting the minimum admission requirements does not guarantee admission. Some of our competitive programs may require a total score greater than 24.

Note: You may be considered for advanced standing credit in some Higher Level subjects provided a score of five (5) or better has been attained in the Higher Level subject.

ADVANCED PLACEMENT:

Advanced Placement courses and examinations may be used to determine admissibility and the granting of credit or exemption. If you have achieved a minimum grade of 4 on certain advanced placement exams, you may be eligible to receive university credit.

Note: Engineering programs are not eligible for AP transfer credit consideration. To be considered for transfer credit, you must have the College Board send your results directly to Lakehead University as soon as they are available.

CANADIAN CURRICULUM OFFERED OUTSIDE OF CANADA:

If you have studied at a high school offering Canadian curriculum, you will need the following:

- ▶ Senior Secondary Graduation Diploma
- ▶ Minimum of four Grade 12 courses, including program-specific prerequisite courses
- ▶ Minimum 70%* overall final average

For additional details based on province-specific curriculum, visit:

lakeheadu.ca/canadian-curriculum-requirements

ONTARIO CURRICULUM ADMISSION REQUIREMENTS:

If you have studied at a high school offering the Ontario curriculum, you will need the following:

- ▶ Completion of the Ontario Secondary School Diploma (OSSD)
- ▶ A minimum of 6 Grade 12 U or M courses, or equivalent, including program-specific prerequisite courses
- ▶ A minimum 70%* overall final average (Admission averages are calculated using the top 6 Grade 12 U or M courses, or equivalent)

UNITED STATES OF AMERICA (USA) ADMISSION REQUIREMENTS:

You will be considered for admission provided you:

- ▶ Achieve a minimum admission average of 70% based on your senior level (i.e. Grade 12) or equivalent courses
- ▶ Complete a minimum of four academic courses at the senior level or equivalent
- ▶ Satisfy the program specific prerequisites by completing academic courses at the senior level or equivalent
- ▶ Obtain your high school diploma from an accredited institution

Applicants are not required to complete an ACT or SAT.

*Minimum 75% is required for the Applied Life Sciences and the Environmental Sustainability Lakehead-Georgian partnership programs. Higher averages may be required for admission to programs in which the demand for places by qualified applicants exceeds the supply of available spaces.

BRITISH-PATTERNED EDUCATION ADMISSION REQUIREMENTS:

You will be considered for admission provided the following criteria are met:

1. Possess the (International) General Certificate of Secondary Education with:
 - i. Passes in at least five subjects:
 - ▶ Two of which must be at the Advanced Level (GCE)
 - ▶ Two subjects at the Advanced Supplementary (AS) Level may be substituted for one subject at the Advanced Level
 - ▶ The remaining three passes may be at the Ordinary Level (GCSE)
 - ii. Acceptable standing must be achieved in all subjects
2. Applicants may apply for admission in the year they will be sitting for their final A-Level examinations provided they can present excellent grades in their O-Level examinations and strong predicted A-Level results.
3. Excluding our Engineering programs, which require A-Level Mathematics, AS-Level Mathematics may satisfy the "Mathematics" prerequisite requirement; however, it depends on the papers (i.e. modules) completed. For example, most of our Science programs require Pure Mathematics 1 & 2 to be completed as part of AS-Level Mathematics.
4. Applicants presenting A-Level examinations with a minimum grade of "C" may be considered for advanced standing.
5. In addition to the above, applicants interested in the four-year Bachelor of Engineering degree program must complete the following prerequisite courses:
 - i. A-Level Mathematics
 - ii. A-Level Physics
 - iii. A-Level Chemistry is preferred; AS-level Chemistry will be accepted
 - iv. O-Level English
6. One of the following is required to meet the academic English prerequisite:
 - ▶ A-Level Literature in English
 - ▶ AS Level Literature in English
 - ▶ O-Level Literature in English
 - ▶ A-Level English Language
 - ▶ AS Level English Language
 - ▶ AS Level Language and Literature
 - ▶ A-Level English as a Second Language (ESL)
 - ▶ AS-Level ESL

We do not accept the following courses to meet the academic English prerequisite requirement:

- ▶ O-Level English Language
- ▶ O-Level First Language English
- ▶ O-Level ESL

GRADUATE ADMISSION REQUIREMENTS:

Our minimum admission requirement for consideration of international applicants is 75% or 3.0 on a 4-point Canadian scale, with an accredited university degree equivalent to a Lakehead University four-year degree. We advise all international students to apply early, as admission into our programs is competitive. Should you wish to apply to a thesis program, we strongly advise you to contact a potential supervisor and have your proof of English language proficiency complete. At this time, we do not pre-assess qualifications.

UNDERGRADUATE PROGRAM-SPECIFIC PREREQUISITES:

In addition to the admission requirements outlined on page 45, you must also satisfy Lakehead University's program-specific prerequisites for your academic program of interest in order to be considered for admission. You must complete these prerequisite subjects at the senior/final year level. Visit:

lakeheadu.ca/undergrad-prerequisites

ENGLISH LANGUAGE PROFICIENCY (ELP)

 YOUR PATHWAY TO DEGREE STUDIES

ENGLISH LANGUAGE PROFICIENCY REQUIREMENTS:

You may meet our English language requirements if you have successfully completed (or are in the process of completing) three (3) years of full-time recent study in an English language school system. For graduate program applicants, these three years must be at the postsecondary level. If you do not meet these requirements, you will be required to present one of the following as proof of English language proficiency:

- 1 Successful completion of one of the language tests with the required minimum scores (see right).
- 2 Successful completion of Lakehead University's Academic English Program.
- 3 Successful completion of one of our approved Pathway Partner's programs.
- 4 Successful completion of approved Senior Level English courses.

ACADEMIC ENGLISH PROGRAM

If you do not meet the English language proficiency requirements for the academic program you have applied for, but meet all the other admission requirements, you may be admitted to your academic program on the condition of completing the Academic English Program (AEP) or Intensive Academic English Program (IAEP).

Undergraduate Applicants: If you have already been conditionally accepted to an Undergraduate Program, you do not need to apply separately for the Academic English Program (AEP).

Graduate Applicants: If you have already been accepted to a Graduate Level Program and need to take the Academic English Program (AEP), please apply using the Graduate Studies Academic English Program form that you will receive with your Conditional Letter of Acceptance.

The Academic English Program (AEP) has five levels. Each level is one semester long (13 weeks) and is equivalent to 0.5 points on the IELTS scale. As an added bonus, when you are in your final semester of the Academic English Program, you will have the option to take one for-credit class in your academic program.

lakeheadu.ca/aep

COMMON ELP TESTS & MINIMUM SCORES

IELTS - International English Language Testing

- ▶ IELTS Online tests are accepted.
- ▶ System Applicants must complete the Academic test, not the General test.
- ▶ Minimum Score: 6.5 (no individual score less than 6.0)
- ▶ For Nursing, Juris Doctor and Consecutive Education: Minimum Score: 7 (Minimum Individual Component Scores: Writing 7, Speaking 7, Reading 6.5, Listening 6.5)

TOEFL (internet based)

- ▶ Minimum Score: 80 (no component score less than 19)
- ▶ For Nursing, Juris Doctor and Consecutive Education: Minimum Score: 103 (Minimum Individual Component Scores: Writing 28, Speaking 28, Reading 24, Listening 24)
- ▶ Lakehead University's Institution Code for TOEFL scores is 0888.

Cambridge Academic English Test

- ▶ C1 Advanced or C2 Proficiency
- ▶ Minimum Score: 176 (no individual score less than 169)
- ▶ For Nursing, Juris Doctor and Consecutive Education: Minimum Overall Score: 185 (Minimum Individual Component Scores: Listening 176, Reading & Use of English 176, Speaking 185, Writing 185)
- ▶ Applicants must provide us with their Candidate ID and Candidate Number. Email them to: intl.admission@lakeheadu.ca

DuoLingo

- ▶ Minimum Score: 110
- ▶ For Nursing, Juris Doctor and Consecutive Education: Minimum Score: 120

PTE Academic - Pearson Test of English Academic

- ▶ Minimum Score: 58 (no component score less than 50)
- ▶ For Nursing, Juris Doctor and Consecutive Education: Minimum Overall Score: 65 (Listening 58, Reading 58, Speaking 65, Writing 65)

CAEL - Canadian Academic English Language Assessment

CAEL - CE (Computer Edition)

- ▶ Minimum Score: 60

NOTE: Some academic units may require a higher score. Meeting the minimum requirements does not guarantee admission to Lakehead University.

ENGLISH LANGUAGE UPGRADING

ENGLISH LANGUAGE CENTRE

Lakehead University offers a wide variety of English language courses in order to help you meet your educational, professional and personal goals. From beginner to university level, we have a program that will get you there.

ACADEMIC ENGLISH PROGRAM (AEP) T O

13 WEEKS PER LEVEL / 25 HOURS PER WEEK

INTENSIVE ACADEMIC ENGLISH PROGRAM (IAEP) T O

9 WEEKS COMPRESSED SUMMER PROGRAM / 36 HOURS PER WEEK
OVERALL IELTS SCORE OF 6.0 REQUIRED

The Academic English Programs (AEP & IAEP) are designed to prepare students for future academic studies. If you do not meet the English language requirements for the academic program you have applied for, but meet all the other admission requirements, you may be admitted to your academic program on the condition of completing either the AEP or IAEP. As an AEP student, you will have access to extensive student support as well as to the English Language Centre Homestay Program.

lakeheadu.ca/aep

IELTS PREPARATORY COURSE & TESTING T IELTS

4 WEEKS

Our IELTS Preparatory Course has 40 hours of instruction, offered intensively over two weeks or spread out over a four-week period. You will learn how to write the IELTS exam both effectively and successfully through in-class instruction, labs, and a unique IELTS online practice program new to Canada. Following the Preparatory Course, you may write the General or Academic IELTS exam at Lakehead University as well.

lakeheadu.ca/ielts-testing-centre

VISITING INTERNATIONAL STUDENT PROGRAM (VIP) T O

4 MONTHS / 8 MONTHS

If you are a university student outside of Canada, visit Lakehead for four or eight months to improve your academic English-language skills and take up to two academic courses for credit at the same time. For students with an IELTS of 5.5 or 6.0, the Visiting International Student Program complements English language and academic study with social and cultural excursions to give you the full Canadian experience. As a VIP student, you will also have access to extensive student support as well as the English Language Centre Homestay Program.

lakeheadu.ca/elc-vip

DATES

Experience high school education within communities that care. Complete or upgrade your high school credits prior to beginning your studies at Lakehead University with a selection of high schools near our two campuses.

20+ SCHOOLS TO CHOOSE FROM

No matter which of the many high schools you select within our public or separate district school boards, you will be taught by Ontario Certified Teachers and work towards your Ontario Secondary School Diploma (OSSD), recognized nationally and internationally. Experience all the supports and benefits that come from small classes with a unique high school identity that promotes appreciation for the diversity of cultures, and inspires in its students the spirit and ideals of global citizenship.

LEARNING PLUS

- ▶ **Modern Facilities** to support hands-on learning
- ▶ **Specialist Programs** to explore career paths early
- ▶ **Support Services** that take care of the whole student
- ▶ **Field Trips and Guided Experiences** to learn about and explore your hometowns and regions
- ▶ **Athletics and Recreation Leagues** in a wide range of sports nurture fitness and fun
- ▶ **Elite Ice Hockey Training** within the Lakehead Public Schools in Thunder Bay (Canada's best hockey town!)
- ▶ **Special Interest Clubs** allow students to explore their passions outside the classroom

lakeheadu.ca/secondary-schools

CANADIANS ABROAD

WELCOME HOME!

Continue your global education at Lakehead, where you can study with students from over 80 nations, benefit from the worldwide recognition and high calibre of the Canadian public university system, and access affordable Canadian tuition rates, generous scholarships, and bursaries.

UNIVERSITY STUDIES IN CANADA

Lakehead University welcomes Canadian students who have graduated from recognized international high schools and institutions from around the world. Returning to Canada to embark on the next stage of your education is the perfect way to blend the best of Canadian university studies with your vast international experiences.

ADMISSIONS FOR CANADIANS ABROAD

As a Canadian studying abroad, you will be assessed for admission to Lakehead University based on the program you have applied to and your international credentials and background. Your transcripts will be converted to Canadian equivalency for courses and grades earned, and then admission will be determined.
