BIT Introduction

Founded in 1940, Beijing Institute of Technology (BIT) stands as one of China's national key universities. With its scientific and comprehensive education and management system, the university is now regarded as one of the best destinations for international students studying in China. BIT is currently home to more than 3400 international students from 149 different countries.

- ★ QS World University Ranking 2025: 302nd
- ★ US NEWS 2024: 179th
- ★ Top 10 in Science and Engineering field in the Chinese Mainland

01

Program Introduction

Over the past five years, BIT has successfully held on-campus and online Winter and Summer programs with more than 500 international students from 30 countries each year. In the coming Winter of 2025, BIT will offer a series of on-campus and online winter programs. It is committed to providing overseas students with a diversified platform to study at BIT, learn Chinese, explore advanced technology, and gain a deeper insight into China.

02

Key Benefits

- ☆ **Diversity:** Experience a highly international environment.
- ☆ **Professional Training:** Gain a foundational knowledge of the Chinese language in communication.
- ☆ **Cultural Experience:** Embark on field trips to cultural sites and immerse yourself in Chinese folk culture.
- ☆ **Beijing & Zhuhai Locations:** Live and study in Beijing or Zhuhai, with valuable networking opportunities all around.

Program Schedules
