Graduate School History

In 1949, the KU Graduate School was established

We subscribe to the value of "Education via Research", and has aspired to become an educational institution that develops intellects with the highest level of expertise

- **1953** The first master's degrees were conferred.
- **1977** Master's students were recruited for 43 departments in six divisions and doctoral students for 39 departments in six divisions
- **1996** The interdisciplinary collaboration program was created.
- **2002** The Integrated Master's and Doctoral Program was created.
- **2003** KU transitioned to a research-oriented university system.
- **2011** The Dual Degree system was adopted and expanded.
- **2019** Departments categorized by campus and division were established.
- **2020** Graduate School Innovation Center launched.
- **2021** Graduate School International Program with own community serviced.
