With the strong support of the Central Government, the Macao SAR Government and all sectors of society, the City University of Macau (CityU Macau) has inherited the tradition of the University of East Asia, and shouldered its social responsibility and mission of “serving Macao and integrating into the Greater Bay Area”. 大學歷史

University History

澳門城市大學承襲東亞大學之根，歷經四十餘載風雨歲月，厚積而薄發，方興日盛。東亞大學是澳門開埠四百多年來第一所中國人創辦的高等學府，是澳門城市大學的前身。後來，城大歷經亞洲（澳門）國際公開大學，於2011年正式更名為澳門城市大學，奉行“明德、博學、尚行”的校訓，知行合一。

作為中國兩岸四地的百強大學，城大堅持“服務澳門、融入灣區”的辦學宗旨，積極配合特區政府和國家政治經濟社會發展的長期策略與重大舉措，突出城市特色，跟進市場需求完善學科建設，培養應用型、實務型的高端人才，獲得了社會的肯定。站在承前啟後發展基石上面臨著新的發展機遇，城大將緊握區域合作契機，發揮學科優勢，為提高本澳青年競爭力、產業發展與人才培養相結合、學術繁榮奠定紮實基礎，腳踏實地，孜孜以求，不斷進步。

CityU Macau grew out of the University of East Asia (UEA) and is now flourishing after over 40 years of ups and downs. It has gathered much experience for better development. UEA is the predecessor of CityU Macau and the first higher education institution founded by Chinese in more than 400 years since Macao opened for trade. Later on, CityU Macau underwent a period as the East Asia Open Institute (Macao) and officially renamed the City University of Macau in 2011, upholding the motto of “Virtue, Knowledge, Practice” and advocating the unity of knowledge and practice.

Ranked among the top 100 universities in Greater China, CityU Macau kept in mind the mission of “serving Macao and integrating into the Greater Bay Area”. The University actively works in line with the Macao SAR Government and Central Government’s long-term strategies and major measures for political, economic and social development. Committed to highlighting the features of Macao, improving disciplines construction according to market needs, and nurturing high-end talent with practical expertise, the University received recognition from society.

CityU Macau is facing new development opportunities at this historical juncture that links the past and the future. It will seize the opportunities for regional cooperation and bring its discipline advantages into full play, to lay a solid foundation for improving the competitiveness of local youths in Macao, combining industrial development with talent cultivation, and enhancing academic prosperity. Going forward, CityU Macau will strive to make steady progress in a practical manner.
