UNSW
SYDNEY

Study at a global top 20 university

Progress starts with you

The world faces monumental challenges. It always has. But if you look around, progress is everywhere. People are coming together, creating a better future. From public health, to climate science and sustainable cities, to justice, the progress we make together can improve people's lives worldwide.

You may not know what, how or why yet, but your unique potential, interests and drive will be the key to unlocking solutions to real issues. Guided by our academics, you'll be supported along your learning journey to build on your strengths and identify opportunities that will shape your interests into a career that's meaningful to you.

Discover the progress you can make, with UNSW Sydney.

Global top 20 university

Ranked 3rd best university in Australia and 19th globally.

QILT Graduate Outcomes Survey, 2022

At UNSW we are incredibly proud that our graduates are recognised as the most innovative, creative and entrepreneurial in Australia.*

UNSW will support you to grow your skills, build experience and develop meaningful connections with industry professionals. That's why our graduates now work with some of the top employers and global organisations, such as Baker McKenzie, Deloitte, Ernst & Young, Google, Goldman Sachs, HSBC, JPMorgan Chase, NASA, Microsoft, Meta, PwC, Siemens, Tata Consultancy, Tesla, TikTok, UNESCO, Unilever, and more.

*QS Graduate Employability Rankings, 2022

UNSW has facilitated a few of my initial internships, really providing that foundation and building block for me to build my skill set and go out and find more internships.

Accelerate your career growth

When it comes to getting career-ready, every student has a unique path. UNSW Employability is a service all UNSW students have access to. Our Roadmap to Employability: Discover, Launch, Grow will help support your unique career goals and enable you to become a global graduate.

Build your employability through individual career coaching and mentoring, internships, Work Integrated Learning (WIL), industry networking, professional development, local and global curricular project-based courses, co-curricular program and tailored career planning workshops. Visit unsw.edu.au/employability

Be job-ready with Work Integrated Learning

Gain real-world work experience and earn credit towards your UNSW degree.

Work Integrated Learning (WIL) is work learning undertaken as part of your degree program through placements, internships and other work integrated experiences. You will be able to apply what you learn at UNSW into real-world practice by working directly with a partner organisation on a real-world project and resolve real workplace problems.

There are a wide range of WIL courses offered by UNSW's faculties, international placement, and WIL central courses, which will help you build up your professional skills and progress into your dream career.

For more information, visit wil.unsw.edu.au

Launch your start-up

At UNSW, we are proud to be Australia's most entrepreneurial university. Home to the greatest number of CEOs on the Forbes list of 1,000 top global companies than any other Australian university, we produce the highest number of alumni entrepreneurs who have founded start-ups which have raised more than US$10 million in funding in Australia and New Zealand since 1990.^

If you are passionate about starting your own business, UNSW is the university for you. UNSW Founders is one of the biggest student and alumni start-up programs* in Australia, and it is designed to help you build entrepreneurial skills to take into the workplace.

Discover our mentoring, accelerator program and networking opportunities. Visit unswfounders.com

Start your career in Sydney

Kick off your career in Australia's business and technology capital with a post-study work visa, which allows you to work full-time in Australia for two to four years** upon completion of eligible university studies.

Sydney is full of opportunities to enter the Australian job market and begin your graduate career in one of the most resilient economies in the world.

Make the most of the opportunity to study, live and work in Australia. Visit unsw.to/global-career

Join our global alumni network

With students from over 140 countries, your connections will not just be here in Sydney – they will span the globe. Your alumni community will become your professional network, supporting you through your degree and unlocking doors after graduation.

Harness our alumni network and be inspired by where their degree has taken them. Visit unsw.to/our-alumni

^News reports on Australian Financial Review: 'UNSW claims title of Australia's most entrepreneurial uni, again' (2 February 2024); 'The top four Australian universities for producing CEOs'(20 March 2022); 'The unis turning students into entrepreneurs (riding unicorns)'(1 August 2023).

Welcome to Sydney

Sydney is known as one of the most diverse and inclusive cities in the world – made up of global citizens.

There is more to expect in Sydney than just the stunning nature. This city offers countless business and career opportunities – it is Australia's financial and economic powerhouse. There is always something to do in Sydney, and UNSW is right in the heart of it all.

Join a diverse, welcoming community

Australia prides itself on its unique, diverse culture. Sydney is home to multiple international communities with strong cultural ties to their homeland.

You'll get the true Australian experience by studying and hanging out with locals. Pick up Aussie slang, learn to surf, join a fitness group, try out new fashion trends and enjoy our laid-back lifestyle.

Throughout the city, you will be amazed by the distinct cultures in different suburbs – enjoy woodfire pizza in Leichhardt, known as 'Little Italy', or spoil yourself with a Korean BBQ feast at 'Little Korea', Strathfield, or immerse yourself into the Southeast Asian culture at 'Little Saigon' in Cabramatta.

Feel safe and secure

Sydney has been ranked one of the safest cities in the world*, so you will feel free and secure to explore the city and all it has to offer. You will be surrounded by welcoming and friendly people and be supported by the community-oriented culture of this city.

Plus, at UNSW Sydney, we have security staff on campus 24/7 and safety services such as night shuttle buses to escort you to nearby locations after dark.

*4th Safest City, The Economist Intelligence Unit's Safe Cities Index, 2021

> Explore what life looks like as an international student in Sydney and get useful tips on moving to Sydney from our Study in Australia guide: unsw.to/study-in-australia

©Destination NSW

Sydney is so beautiful. I find it a very multicultural city which is great, especially with all the different food options! The people are really friendly and always smiling. Sydney is a wonderful city and UNSW is a great university. There are so many resources here for students.
–
Juan Camillo Zapata Trujillo (Colombia)

Great weather year-round

The beautiful landscapes and warm weather are among the top reasons international students choose to study in Sydney.

Seasons in Australia are opposite to the Northern Hemisphere. Summer happens from December to February, when temperatures reach 30°C and above – perfect for beach days. And in winter, from June to August, the days remain mostly sunny, with average temperatures between 9 - 17°C. But if you want to visit the snow, Sydney is a 5-hour road trip from Australia's most popular snow resort, where you can ski and snowboard.

Take a break from the books

Sydney is a stunning and vibrant city built around one of the most beautiful harbours in the world, with sparkling beaches and the city centre just minutes away from UNSW Sydney campuses.

There is always something fun and exciting happening – from concerts at the Opera House, to free events including the Vivid light festival, Chinese New Year celebrations and the Sydney Festival.

Or if you are more into sport, we host world-class sporting events including cricket, soccer and rugby. For the more artistic visitors, there are theatre productions, concerts and festivals (many of them are free!) to keep you entertained and inspired all year round.

See where you can eat, shop, and explore nature while you are in Sydney and find out perks for international students from our local life guide: unsw.to/sydney-life

©Destination NSW

Live in the
heart of everything

UNSW's main campus is located in Kensington, a friendly, multicultural, inner-city suburb ideally located between the beach and the city, so you'll get the best of what Sydney has to offer.

There are trains, buses and light rail options that run from UNSW campuses throughout Sydney at all hours of the day. Explore Sydney city by light rail in just 20 minutes, or visit beautiful Coogee beach just 8 minutes away by bus.

There are a variety of restaurants, shops, healthcare services and amenities around campus that will meet your everyday needs.
Join us for an ultimate campus tour to explore our campus and its surroundings. See where you'll be eating, sleeping, playing and studying when you are in Sydney. Visit youtu.be/efpUpU55s5A

UNSW SYDNEY

Uni life, your way

Our academic calendar has three terms each year, commencing in February, May and September, with an optional summer term each January. Each term in the UNSW 3+ calendar has ten teaching weeks.

UNSW 3+ is uniquely designed to give you the flexibility to structure your studies around your goals.

Flexible study structure
Spread your study load out with fewer courses per term^ to enable deeper learning and create time for extra-curricular activities, work and other priorities.

Industry opportunities
Internships and practicums integrate into the 3+ structure. Set yourself apart with industry experience through Work Integrated Learning (WIL), without extending your degree.

Global connections
Aligned to the Northern Hemisphere university calendars, 3+ enables you to study abroad without extending your studies. Explore short courses, internships or exchange at 300+ international partners.

Make your studies work for you

With 3+ there are multiple ways to vary your study load, so your timetable works for what you want to achieve. For example:

- **Standard option**
  The standard full-time load is eight courses per year, spread over three terms.

- **Experiences option**
  Gain real-world experiences, like exchange and Work Integrated Learning (WIL), without extending your degree.

- **Early finish option***
  Add one extra course per year to finish one term early and dive into your career.

Explore more ways to design your calendar to work for you.
Visit unsw.to/terms

*Early completion of your program may impact your stay on an Australian Student Visa. Visit unsw.to/visa-information

^Minimum study load requirements as per your Australian Student Visa conditions must be maintained.

Receive the support you need

Study and academic English success

Get the most from your studies with free consultations and academic writing workshops to help with essays, report writing, exam preparation, presenting with confidence and many other university skills.

- **Peer-Assisted Study Sessions (PASS):**
  Run by senior students, you can improve your grades and make friends by studying with other students in your course.

- **myEnglish Week:**
  Attend fun and interactive sessions before term starts to build your Academic English language confidence, make friends and learn how to succeed at UNSW.

- **Academic Skills Toolkit:**
  Get quick self-help guides and online resources to improve your academic skills.

For more information, visit student.unsw.edu.au/skills and student.unsw.edu.au/English

Wellbeing and mental health support services

Our Psychology and Wellness Team offers confidential face-to-face and telehealth counselling appointments, after-hours phone and text support, and a range of resources to help students improve their mental health and wellbeing and reach their academic potential. For more information, visit student.unsw.edu.au/counselling

Under 18 Care Program

There are also peer support mentors and special support programs for young students under 18 years of age available. For more information, visit student.unsw.edu.au/visa18

Disabilities and health conditions

If you have a disability, medical or mental health condition that affects your study, you can register with Equitable Learning Services (ELS) who can approve educational adjustments. Educational adjustments are actions or changes within your learning environment which allow you to study without disadvantage. Educational adjustments do not give you an unfair advantage to other students. ELS is a confidential service. Your teachers will not know details about your condition and it will not affect your visa.

Visit student.unsw.edu.au/els to watch a video with subtitles in different languages and learn more.

Get the full experience

At UNSW, there are so many opportunities for you to explore and grow, and with each new experience, you will discover the progress you can make and what motivates you to succeed.

We support your journey

At UNSW, we want you to feel welcomed and supported from the moment you step into the country. We offer a range of services to commencing international students to ensure you have a smooth arrival, as well as a fun, unforgettable time here.

Before your trip

Book your free **airport pick-up service** and get matched with a **cultural mentor** - a senior student 'buddy' who will answer all your questions about UNSW and Sydney.

After you arrive

Your mentor can help you learn about Australian culture, customs and settling into student life at UNSW.

Before term starts

There are lots of welcome and orientation activities for you to get familiar with where you will be studying. Don't miss out on our **new-arrival workshops, campus tours, myEnglish Week** and **O-Week!**

Our dedicated **International Student Welcome Centre** and **Student Support Advisors** provide personalised advice and information on university life, student visas, wellbeing and academic performance. They can't wait to meet you in person!

For more information, visit `student.unsw.edu.au/international`

Your safety matters

The safety and wellbeing of our students is our number one priority.

You will feel safe and secure on campus with our 24/7 security services such as safety escorts and night shuttle buses. Our **SafeZone** app will let you easily access personalised emergency assistance and report safety concerns at your fingertips.

Enjoy diverse community activities

Studying abroad is not just about textbooks and lectures. You will meet people from all around the world, discover yourself in a new environment and shape your vision of the world.

At UNSW, you have so many ways to explore, experience, and enjoy your university life.

- **Music Performance UNSW:** take your musical talents to the next level and connect with fellow music enthusiasts. Or, just enjoy a concert on campus and chill out.
- **Cultural Clubs:** feel at home and make friends from around the world with our 37 cultural clubs. Celebrate the diverse and dynamic culture of UNSW with events such as the International Night Markets, where you can taste iconic street food from different countries and meet new people.
- **Religious Centre:** connect with faith communities.
- **Arc | UNSW Student Life:** step away from the books with Arc, our student-led organisation. It's home to more than 330 clubs, and hosts year-round events, sports, volunteering opportunities, health and wellness sessions...the list goes on.

Build connections and find your people at `arc.unsw.edu.au`

UNSW's Village Green – your playground on campus

The Village Green Precinct is your home for sport, recreation and wellness at UNSW. Our state-of-the-art facilities include multi-purpose courts and sports fields, a running track, outdoor fitness equipment, a bouldering wall, and landscaped social spaces. It's an inclusive space where you can connect with other students, staff and community members to play, exercise, socialise and relax.

I came up to UNSW for Open Day, where I realised the university had a fantastic student life and also had a stunning location just down from the beach.

–
Tom Houlden, UNSW Business student

Find your new home

UNSW college residents having lunch in Goldstein Dining Hall

Feel at home with a range of award-winning UNSW accomodation on and off campus at UNSW. Get easy access to Sydney city and beaches, walk to lectures and make lifelong friends with people from around the world.

Accommodation at UNSW

More than just comfortable living spaces - our buzzing student community offers an unbeatable lifestyle and the flexibility to shape your university journey your way. Fully immerse yourself in university life in a fun and nurturing community centred around you and your education.

Colleges

Residential colleges provide a truly inclusive and supportive environment that fosters academic excellence and social engagement. Our on-site teams are on hand to provide academic guidance and personalised wellbeing support. Every room comes with utilities, fast Wi-Fi and secure facilities at no extra cost. Some options include room cleaning services and catered meals to suit all dietary needs.

Apartments

Located on and off-campus, UNSW apartments provide an independent, self-sufficient style of living for undergraduates and postgraduates, including couples and families.

All accommodation prices include general cleaning, fast Wi-Fi and utilities.
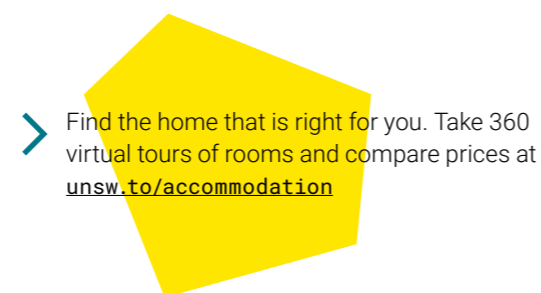

Private accommodation options

Rental properties

Choose from numerous furnished or unfurnished rental properties located in the surrounding suburbs of UNSW. Be sure to consider additional expenses such as electricity, gas, telephone and Wi-Fi. Costs vary but usually range from AUD$350 - AUD$700 per student per week in a shared house or apartment.

Search our database for local shared houses and apartments at studystays.unsw.edu.au

Homestay

Hosted accommodation for over 18s is an excellent choice for many international students as it offers a valuable cultural exchange with your local host family. Homestay arrangements can be long term or temporary, offering flexibility if you plan to search for private rental options. Your host family will provide you with a bedroom and pay all utility bills. You will need to arrange your own food, cooking, cleaning, laundry and telephone costs. Costs vary but usually range from AUD$350 - AUD$450 per student per week. Search our database to find homestay options at studystays.unsw.edu.au

> Find the home that is right for you. Take 360 virtual tours of rooms and compare prices at unsw.to/accommodation

Private student housing assistance

The UNSW Off-Campus Accommodation Support (OCAS) team can guide you in finding safe and conveniently located off-campus housing options. To book an online or on campus appointment, visit student.unsw.edu.au/accommodation

Temporary accommodation

We recommend allowing three to four weeks before classes begin to arrange private housing. Be sure to book short-term accommodation first, then look for long-term options in person. Short-term accommodation can include private hotels, motels, hostels, lodges or furnished apartments ranging from AUD$55 – AUD$300 per day. OCAS can assist you with a range of flexible lease options that cater to your budgetary requirements.

Under 18s

Arrangements must be made for students under 18 years of age according to Australian Government regulations for the welfare of international students under 18. For more information, visit student.unsw.edu.au/visa18

Living on campus compared to living off campus

Get a clear picture of your living expenses with our comparison of on-campus living versus independent accommodation. From groceries to transportation, we have factored in essential expenses so you can make an informed choice on where to live when you study at UNSW.

Living on campus compared to living off campus

	UNSW owned and/or affiliated		Independent	
	UNSW Apartment	UNSW College	Share house	One bedroom
Set-up costs one off payment (Bond, furniture, utility connections, etc.)	AUD$0	AUD$0	AUD$3,600	AUD$5,800
Accommodation per week	AUD$325 to AUD$620*	AUD$390 to AUD$570*	AUD$290	AUD$470 to AUD$820
Internet per week	AUD$0	AUD$0	AUD$25	AUD$35
Gas and electricity per week	AUD$0	AUD$0	AUD$35 to AUD$40	AUD$45
Food per week (Groceries and eating out)	AUD$120 to AUD$250	AUD$15 to AUD$60	AUD$120 to AUD$250	AUD$120 to AUD$250
Transport to university per week	AUD$0	AUD$0	AUD$55	AUD$55
Weekly total	AUD$435 to AUD$820*	AUD$405 to AUD$630	AUD$525 to AUD$660	AUD$715 to AUD$1,215
Total annual cost	AUD$23,660 to AUD$45,240* 52 weeks	AUD$17,820 to AUD$27,720* 44 weeks^	AUD$30,900 to AUD$37,920 52 weeks	AUD$42,980 to $68,980 52 weeks

Living costs are indicative only and will vary based on the location, number of people you live with and the condition of the housing. The Australian government provides separate guidance on living costs which must be evidenced as part of the Student Visa application process. You can find up-to-date information at the Department of Home Affairs website.

*Costs will vary depending on the type of accommodation and catering offered.
^UNSW residential college contract periods are 44 weeks.

How to apply
Postgraduate coursework

Step 1
Choose your program
Choose your program at unsw.to/degrees or from the pages of this guide and make a note of the program code.

Step 2
Check your entry requirements
You need to meet your chosen program's entry requirements. You also need to meet UNSW's English language requirements (see page 19 or visit unsw.edu.au/elp).

Step 3
Submit your application online
Submit your application at UNSW Apply Online, applyonline.unsw.edu.au. Click 'Register now' and fill out your details. Upload your supporting documents and pay your application fee.

Step 4
Track your application
Once you have submitted your application you will be able to easily track its progress via your Apply Online account. You will also be able to upload any additional documents we need.

Step 5
We will send you a letter of offer
We will notify you of the outcome of your application via email. If your application is successful, you will receive a full offer, or a conditional offer if more steps are required. If you are receiving assistance with your application, your nominated agent will also receive a copy of the email.

Step 6
Accept your offer
If you receive a full offer, you will also receive an email with a link to your personalised offer page. Your page will guide you through the process of accepting or deferring your offer. Once you have accepted and paid your deposit, you will receive an electronic Confirmation of Enrolment (eCoE).

Step 7
Enrol online
Once enrolment for your degree is available, you can enrol in your degree and courses online at Accept Online, acceptonline.unsw.edu.au

Other ways to apply
You can also apply to UNSW at a conference or event where we are attending, or through a UNSW agent located in your country. Find out more at unsw.edu.au/study/how-to-apply/international

Application deadline
You should submit your completed application as early as possible to ensure it will be processed in time for your preferred term. Some high-demand programs such as engineering, and faculties with limited places such as Medicine & Health, may have an earlier application deadline or may have an earlier commencement date.

For more information go to applyonline.unsw.edu.au

2025 Dates	Commencement intake: Term 1	Commencement intake: Term 2	Commencement intake: Term 3

Scholarships rewarding your ambition

UNSW is where ambitious and high-achieving students from around the world study and succeed. In 2023, UNSW awarded scholarships worth over $20 million to international students, empowering them to realise their potential.

Our scholarships are not just based on your grades – UNSW values leadership skills, extracurricular interests and your passion to study with us. Our international scholarships and awards recognise academic excellence, help you to gain financial support and stand out to future employers.

International Scientia Coursework Scholarship

Alongside academic merit, we invite you to show us your passion to become a leader, how you have engaged in extracurricular interests, and share with us why UNSW is the university for you.

What you receive:
- A full scholarship on your tuition fees or,
- AUD$20,000 per annum for the minimum duration of your program toward tuition fees.

You will also have access to networks and support including awards and networking events and guaranteed entry into the UNSW Professional Development Program.

International Student Award

International students from eligible countries will be considered for the International Student Award if you start studying with UNSW in 2024 or 2025.

What you will receive:
- 15% contribution towards your tuition fees each term for the duration of program.

Australia's Global University Award

If you have strong academic merit and are passionate about achieving your goals through your university study, you will be considered for Australia's Global University Award.

What you receive:
- AUD$10,000 for one year toward tuition fees.

> For all eligibility requirements, instructions on how to apply, or to explore all the scholarships available, visit scholarships.unsw.edu.au

My scholarship has encouraged me to stay out of my comfort zone and learn as much as I can. Not only did it allow me to focus on my academics, but it also pushed me to use this time wisely and make the most of it.

Ilma Meidira Eprianto,
Master of Commerce - Enterprise System and Business Design
UNSW International Scientia Coursework Scholarship Recipient 2020

Coursework scholarships

UNSW postgraduate coursework scholarships

UNSW scholarships for international students help support you with some of the costs associated with studying at UNSW. Scholarships recognise students who demonstrate academic achievement or other outstanding qualities, such as leadership skills or contributions to the wider community. To be considered for a scholarship, you must submit a separate application in addition to your admission application.

Other scholarship providers

There are many scholarships offered by organisations other than UNSW including the Australian government, industry partners, and organisations in your home country.

Australian government scholarships

Australia Awards are international scholarships and short courses funded by the Australian government. They offer the next generation of global leaders from developing countries an opportunity to undertake study, research, and professional development.

For more information, visit australiaawards.gov.au

Step 1
Search
Visit scholarships.unsw.edu.au. Make sure you select 'International' in the residency search box to see the list of scholarships available to you.

Step 2
Register
Before applying for your chosen scholarship, first register an account by following the instructions on the page.

Step 3
Apply
To apply, log in using your registered login and password. Double check the requirements on UNSW Scholarships website at scholarships.unsw.edu.au as some scholarships may have specific questions or require supporting documentation.

Step 4
Submit
Submit your application by the due date. Do not forget to check the website regularly for application deadlines and updates.

Please check our website regularly for any new scholarships that may become available.

For more information about UNSW Scholarships, visit scholarships.unsw.edu.au

Higher Degree Research

UNSW is one of the world's leading research universities, known for innovative, pioneering research that has global impact.

By enrolling in a UNSW Higher Degree Research program, you will join a vibrant community conducting world-changing research, and be supervised by leading experts in your field.

You will live and work like a career researcher at every stage of your degree. You can publish, teach or travel; network with or be mentored by high achievers in your field; and build the skills, expertise and networks you need to succeed in the future.

A research career, not just a degree

UNSW prepares you for a career success as a researcher. When you join UNSW, you become an essential part of the research community and play a vital role in the University's research culture, output and performance.

Our researchers are pioneers in both established and emerging fields. They solve complex problems and tackle some of the major challenges of our time. They will mentor and guide you to conduct innovative research in a world-class environment.

UNSW's research facilities are some of the best in the business. From the world-leading Lowy Cancer Research Centre to the Mark Wainwright Analytical Centre, we invest in the latest technologies, spaces and equipment to support research excellence across all disciplines.

Through industry engagement, UNSW's Higher Degree Research candidates have the opportunity to translate their research in collaboration with a range of industry partners. This includes small to medium-sized enterprises, entrepreneurs, investors, policy makers, community, and non-government organisations.

UNSW's Graduate Research School delivers high quality, professional and engaged services to support Higher Degree Research candidates and the research training leaders who work with them.

I would definitely recommend anyone to come and study here at UNSW. You will be well resourced, there's care put into ensuring students are supported and there is a whole ethos of collaboration.

Come here if you want to be in an environment that is nurturing, serious about high-quality scholarship and engaging communities ethically.
—
Sujith Kumar,
current Scientia PhD candidate

Applying is easy

> Step 1
View UNSW Higher Degree Research programs and check your eligibility at unsw.edu.au/research/hdr

> Step 2
Search for supervisors, projects and scholarships in your research area, and get in touch with the lead supervisor to gain their agreement to supervise you. Please note, some faculties require an Expression of Interest. Find a supervisor here: unsw.edu.au/research/hdr/find-a-supervisor Browse our research projects here: unsw.edu.au/research/hdr/find-a-supervisor#researchprojects

> Step 3
Work with your supervisor to develop a description of your research interests and complete your Research Plan form, which can be downloaded via the 'How to apply' section at unsw.edu.au/research/hdr/application Outline how you plan to address a specific problem in this two-page Research Plan form.

> Step 4
Prepare your supporting documents for submission. Documents include your supervisor's agreement, research proposal, resume, academic transcripts, financial declaration and proof of English. Visit unsw.edu.au/research/hdr/application

> Step 5
Submit your application online and apply for a scholarship at the same time. Visit applyonline.unsw.edu.au.

Contact Us
The Graduate Research School can provide you with advice and support throughout the application process.

Research scholarships

A wide range of scholarships are available for international Higher Degree Research candidates.

Scholarships
Scholarships provide benefits such as annual living stipends and tuition fee cover, some scholarships and awards also provide additional allowances.

Scholarships are awarded using a merit based, competitive process and in accordance with the objectives of the Australian Government Research Training Program (RTP) and the research excellence, research capacity, and equity and diversity goals of UNSW.

Eligibility
Full scholarships are only available to applicants who meet UNSW admission requirements (including significant research experience). Scholarships are awarded using a merit based, competitive process.

Apply
You can apply for a scholarship within your online Higher Degree Research application.

Available scholarships

Australian Government Research Training Program (RTP) International Scholarship
Based on outstanding academic merit and research potential, these awards provide successful applicants undertaking a PhD or research master's degree with a tax-exempt living stipend in addition to covering tuition fees for 3.5 (for PhD) or 2 (for masters) years. The RTP also provides some additional allowances.

University International Postgraduate Award (UIPA)
Based on outstanding academic merit and research potential, these awards provide successful applicants undertaking a PhD or research master's degree with a tax-exempt living stipend in addition to covering tuition fees for 3.5 (for PhD) or 2 (for masters) years. The UIPA also provides some additional allowances.

Tuition Fee Scholarship (TFS) plus a Research Stipend
Based on outstanding academic merit and research potential, these awards provide successful applicants undertaking a PhD or research masters with a tax-exempt living stipend provided by the faculty, school or supervisor, in addition to covering tuition fees for 3.5 (for PhD) or 2 (for master's degree) years.

UNSW and home country joint scholarships
Available to applicants from specific countries.

Other scholarships
There are a range of other scholarships and top ups available funded by faculties, donors, and external parties. Applicants should check the individual eligibility and application requirements.

Discover the right degree for you

We have hundreds of different degree and double degree combinations that will prepare you for future success. Gain a world-class education and discover your true potential.

Arts, Design & Architecture

Build creative and critical thinking for real-world impact in the areas of architecture, built environment, design, social sciences, education, arts, and all the diverse ways in which we live and grow.

Business

Join the new generation of business professionals making an impact in the ever-changing world of accounting and finance, leadership and social impact, entrepreneurship and business management.

Engineering

Be at the very cutting edge of innovation and technology in the engineering industry including electrical, mechatronics, chemical, renewable energy, civil engineering and more.

Law & Justice

Develop a deep understanding of how the law operates in areas such as technology, finance, human rights, environmental protection, commercial business or media.

Medicine & Health

Start your health and medical studies with a university that is a world leader in the fields of cancer, neuroscience, mental health, infectious disease, immunity and medical research.

Science

Turn your curiosity into a meaningful and successful career where you can make real-world impact in environmental science, data and technology or psychology.

UNSW Canberra

Take your studies to the next level and master your skills in strategy, security, leadership or business. Gain a competitive edge in the workforce with further studies in engineering science or space operations.

Arts, Design & Architecture

Pursue your passions at a faculty home to subjects ranked in the top 50 worldwide*, with more than 60 disciplines across art, design, media, built environment, education, humanities, languages and social sciences.

Gain hands-on experience and build industry connections to develop your confidence and empower you to engage with real-world challenges. Our world-class education will equip you with the knowledge and skills to challenge how things are done. By applying your creativity, global perspective and critical thinking, you can drive solutions and stand out in your future career.

Our dedication to a world-class education and ground-breaking research sets us apart. UNSW Arts, Design & Architecture proudly holds positions within the top 50 institutions globally*, ranking 35th in Architecture and Built Environment, 48th in Arts and Humanities, and 27th in Social Sciences and Management. UNSW is ranked 1st in Australia for Performing Arts and International Research for Arts and Humanities, and home to 10 subjects ranked in the top 5 in Australia.*^

You will become both a problem seeker and a problem-solver, who understands the complexity of today's world. You will develop the creativity and critical-thinking skills that employers demand.

Our community will support your career success as much as your academic performance. You will earn the trust and recognition of future employers with our real-world professional experiences from a choice of thousands of industry partners.

We are a vibrant faculty where you will immerse yourself in diverse communities with a calendar of events and opportunities to connect with other students, alumni and industry. Our inclusive spaces encourage relationships that will empower you to thrive, personally and professionally.

Career success

UNSW graduates succeed. They are earning the highest median salaries of graduates from Go8 universities*. Many are making contributions to the world's most admired enterprises and organisations. Others are disrupting the status quo, launching brands and start-up businesses that make a real difference.

We understand that bridging the gap between education and the professional world is essential for your success. We support your career success from day one through a wide range of opportunities to connect you with industry experts:

Work Integrated Learning

Every degree provides opportunities for you to gain valuable industry experience through internships and professional placements. This hands-on experience ensures you are well-prepared to excel in your chosen career path. Our dedicated Work Integrated Learning team will work with you to find the right professional placements and internships.

Build professional networks

Whichever sector you want to move into, you will be able to take advantage of our faculty's connections to thousands of industry partners. You will work with and learn from staff who are not only practicing in your field, but who are also leading and shaping the future of your industry.

Professors of Practice: We believe in learning from the best, so we bring leading industry professionals directly into your classroom. Collaborate with experts on real-world problems and challenges to gain practical skills and knowledge that will set you apart in the job market.

Career Ready Mentoring Program

Our comprehensive mentoring program pairs you with industry professionals who provide guidance, support, and insights into your chosen field. This personalised approach helps you build the networks and knowledge you need to succeed.

Gain a global mindset

As part of our diverse community of students, staff, alumni and industry partners from around the world, you will be able to build a global network. Studying at an internationally renowned university, you will learn the communication and professional skills to move into global careers and drive solutions to challenges that go beyond borders.

Experiences to shape your future

We are dedicated to helping you create a university experience that aligns with your ambitions and values. We will listen to and work with you to understand your goals and support you to pursue those through industry connections, social networks, hands-on experiences and world-class campus facilities.

Our campuses and facilities

Kensington Campus

Located between the global metropolis of Sydney's CBD, and its world-famous beaches, UNSW's Kensington campus hosts hundreds of clubs, societies and networking events. It is home to Australia's most comprehensive entrepreneurship program – UNSW Founders.

Paddington Campus

Our Art & Design campus in inner-city Sydney is a renowned creative hub. It is here where innovation thrives, and creativity knows no limits. You will have access to an unmatched array of cutting-edge digital production technology and fully equipped studio, workshop and gallery spaces.

Design Futures Lab

Purpose-built to inspire exploration and innovation in architecture, design and the built environment using emerging technologies.

Esme Timbery Creative Practice Lab

Our multi-arts production and performance hub contains the latest digital production technology to facilitate creative collaboration across media and the arts.

UNSW Galleries & The Making Centre

You will be surrounded by inspiration at our museum-standard UNSW Galleries that exhibit the work of leading Australian and International practitioners, curators and writers. Our Maker Spaces are open for you to explore, design and create using UNSW's tools and technologies.

Architecture and Built Environment

Architecture

Master of Architecture

Program code 8143
CRICOS code 061906G
Duration 2 years
Entry February and September
Estimated first year tuition
AUD46,500

Build on the disciplinary foundation of a bachelor-level architecture degree with a Master of Architecture. This degree provides advanced knowledge of architectural design, professional practice, environmental design and construction and structures. You can choose one of four program streams to tailor your degree to a specific field of your interest. The Master of Architecture prepares you to practice in architecture and other design-based industries.

Areas of specialisations
• High-Performance Technology
• Housing
• Social Agency
• Urban Conditions
• Generalist (no stream specialisation)

Entry requirements
• A recognised bachelor's degree (or equivalent qualification) in architecture, with at least a credit average (65%).
OR
• Applicants who have completed the Bachelor of Architectural Studies (or equivalent) but do not meet the entry requirements specified above may be considered after they have obtained work experience in an architectural office. Work experience will be individually assessed based on the following submission:
  - A logbook record of a minimum 12 months full-time work or the equivalent.
  - A referee report from the employer
  - A portfolio of the work undertaken during this period
OR
• UNSW Bachelor of Interior Architecture (Honours) graduates will meet entry requirements for the Master of Architecture 8143 if they complete the architecture elective pathway in the Bachelor in Interior Architecture (3256) degree. Students will need to complete the following courses as part of this pathway, and achieve an overall WAM of 65. These courses will count as electives in their BIA program.

• **ARCH1311:** Architecture Studio 5
• **ARCH1302:** Architecture Studio 6
• **ARCH1261:** Structures and Construction 2
• **ARCH1322:** Architectural History and Theory 3
• **ARCH1361:** Architectural Science and Building Environment 2

Bachelor of Interior Architecture (Honours) graduates who do not meet the above may be considered after they have obtained five years work experience in an architectural office or equivalent. Work experience will be individual assessed based on the following submission:
- A logbook of a minimum of 5 years full-time work of the equivalent (completed after their bachelor's degree)
- A referee report from the employer
- A portfolio of work (including engagement with architectural construction specifically)

Architecture Portfolio Requirements
Students holding an undergraduate architecture degree from an international university must provide a portfolio of their design work. The portfolio should include sample works from various stages of their undergraduate degree, and text should accompany all drawings/images to explain the projects. Professional work can be included, but the degree of responsibility for the work must be stated. The portfolio must be in digital format. For a guide to portfolio submission, visit **unsw.to/master-architecture**

Professional accreditation
The Master of Architecture builds on the UNSW Bachelor of Architectural Studies degree, and presently has full five-year accreditation from the Architects Accreditation Council of Australia (AACA) and NSW Architects Registration Board. Upon successful completion of their studies, Master of Architecture graduates are then eligible to apply for the Architectural Practice Examination (APE) which must be undertaken in order to become a Registered Architect in Australia.

Master of Architecture/Master of Property and Development

Program code 8144
CRICOS code 113667F
Duration 3 years
Entry February and September
Estimated first year tuition
AUD$44,000

Combine the practice and theory of architecture with a commercial understanding of how buildings are developed and managed. This double degree will provide you with a competitive advantage in the industry, with the ability to lead multi-disciplinary project teams. You will learn modern principles of property investment, development, and management and lead the way in addressing challenges in the built environment, such as climate change, health, and well-being.

Learn how to use advanced technologies like Artificial Intelligence and Machine Learning to improve the industry's productivity, performance and sustainability. Become confident in using advanced design and fabrication tools such as 3D printing, laser cutting, CNC routing and more in our Design Futures Lab.

Entry Requirements
Please see the single degrees (8143 and 8127)

Professional accreditation
This degree is accredited by the Australian Property Institute (API) and is seeking accreditation from NSW Architects Registration Board before completion of the first cohort (2026).

Landscape Architecture

Master of Landscape Architecture

Program code 8136
CRICOS code 094952G
Duration 3 years
Entry February and September
Estimated first year tuition
AUD$44,000

If you are looking to study landscape architecture, there is no better 'laboratory' than the Sydney region. During the Master of Landscape Architecture, you will work with leading academics and practitioners in landscape architecture as well as city planning and urban design to explore contemporary issues facing the field.

The Master of Landscape Architecture offers the following three streams depending on your prior study areas:

Stream A (3 years) caters to students from a nondesign background. You will be required to complete the three-year, 144 UOC program. You must submit a portfolio and provide a personal statement.

Stream B (2 years) caters to students from related backgrounds, including landscape architecture, architecture and urban design. These students may receive 48 UOC for recognition of prior learning (RPL) and are required to complete the two-year, 96 UOC program. You must submit a portfolio and provide a personal statement.

Stream C (1 year) caters to students who have completed a Bachelor of Landscape Architecture from an accredited program. These students may be granted 96 UOC for recognition of prior learning (RPL) and are required to complete one year of study (48 UOC program). You must submit a portfolio and provide a personal statement.

Students enrolled in Stream A or Stream B have the option to pursue an additional specialisation in City Analytics or Urban Design.

Entry requirements
• A recognised bachelor's degree with at least a credit average (65%), and submission of a digital portfolio of design work.

Professional accreditation
This degree is accredited by the Australian Institute of Landscape Architecture.

City Planning

Planning is an exciting, varied and progressive profession, which plays a pivotal role in decisions shaping the future of cities and regions. The City Planning programs provide a solid foundation to pursue planning and urban policy-related career opportunities. The two-year master's degree is professionally accredited, and gives students the chance to undertake a major capstone project in their chosen area of interest. Graduate Diploma and Graduate Certificate programs are also available.

Master of City Planning

Program code 8148
CRICOS code 088355A
Duration 2 years
Entry February and September
Estimated first year tuition
AUD$43,500

Entry requirements
• A recognised bachelor's degree with at least a credit average (65%), or where qualifications are not considered adequate, admission may be permitted to the Graduate Certificate in City Planning, with the possibility of upgrading to the master program, subject to satisfactory performance.

Applicants with undergraduate degrees in related disciplines will be eligible for up to 24 UOC of advanced standing (course credit). Related areas include built environment subject areas such as architecture, construction management and planning as well as social policy, economics and environmental science, law/jurisprudence, and environmental and civil engineering.

Professional accreditation
The program is accredited by the Planning Institute of Australia (PIA). Graduates are eligible, subject to professional experience requirements, for corporate membership of PIA.

Graduate Diploma in City Planning

Program code 5148
CRICOS code 088356M
Duration 1 year
Entry February and September
Estimated first year tuition
AUD$43,500

Entry requirements
• A recognised bachelor's degree with at least a credit average (65%).

Applicants who have achieved less than a credit average may be eligible for admission on a case-by-case basis. Where qualifications are not considered adequate, admission may be permitted to the Graduate Certificate in City Planning, with the possibility of upgrading to the Graduate Diploma program, subject to satisfactory performance.

Graduate Certificate in City Planning

Program code 7148
CRICOS code 088357K
Duration 0.7 years
Entry February and September
Estimated first year tuition
AUD$23,000

Entry requirements
• A recognised bachelor's degree with at least a credit average (65%).

Applicants who have achieved less than a credit average may be eligible for admission on a case-by-case basis.

Construction Project Management

Master of Construction Project Management

Program code 8121

CRICOS code 085910C

Duration 1–1.7 years

Entry February and September

Estimated first year tuition AUD$43,500

The Master of Construction Project Management teaches modern management methods and how to apply these principles to complex buildings and infrastructure. You will develop proficiency to meet construction management challenges, in today and tomorrow's professional settings.

A two-year program in construction project management is also available. Refer to double degree program 8318 Master of Construction Project Management/Property and Development on page 35.

Entry requirements
1.7 year program
- A recognised bachelor's degree with at least a credit average (65%), in a related field*, OR
- A recognised bachelor's degree in any field with at least a credit average (65%), plus two years construction industry experience at a managerial level, OR
- A Graduate Certificate in Construction (or construction related fields) from an Australian institution with at least a credit average (65%)

1 year program
- A recognised honours degree with at least a credit average (65%) in a related field*, OR
- An honours degree in an unrelated field with at least a credit average (65%), plus two years construction industry experience at a managerial level, OR
- A master's degree with a credit average in a related* field

If you meet the criteria for the one year program, you'll receive Recognition of Prior Learning (RPL) credit points for two research courses and one elective.

*Related fields are:
Built environment disciplines
Engineering
Business
Law

Professional accreditation
The program has been accredited by the Australian Institute of Building (AIB) and the Royal Institute of Chartered Surveyors (RICS). Graduates will be eligible to apply for membership with both AIB and RICS.

Cutting-edge teaching techniques using virtual reality visualisation of construction sites

Property and Development

Master of Property and Development

Program code 8127

CRICOS code 055094A

Duration 1–1.7 years

Entry February and September

Estimated first year tuition AUD$43,500

UNSW's Master of Property and Development is a 1 or 1.7 year, postgraduate degree that will equip you to work in the future of a dynamic industry.

A two-year double degree program in this area of study is now available. Refer to program 8318 Master of Construction Project Management/Property and Development below.

Entry requirements
This program has two streams:

1.7 year program
- A recognised bachelor's degree with at least a credit average (65%), in a related field*, OR
- A recognised bachelor's degree in any field with at least a credit average (65%), plus three years construction industry experience at a managerial level, OR
- A Graduate Certificate in Property Development with at least a credit average (65%)

1 year program
- A recognised honours degree with at least a credit average (65%) in a related field*, OR
- An honours degree in an unrelated field with at least a credit average (65%) plus three years construction industry experience at a managerial level, OR
- A master's degree in a related field* with at least a credit average (65%)

If you meet the criteria for the 1 year program, you'll receive Recognition of Prior Learning (RPL) credit points for two research courses and one elective.

*Related fields are:
Built environment disciplines
Engineering
Business
Law

Professional accreditation
The program has been accredited by the Australian Property Institute (API).

Dual masters program

Master of Construction Project Management/Master of Property and Development

Program code 8318

CRICOS code 102395E

Duration 2–2.4 years

Entry February, May and September

Estimated first year tuition AUD$43,500

The Master of Construction Project Management and Property and Development combines the principles of these two fields to equip you with the advanced, interdisciplinary skills required to manage the property development or construction process.

You will learn how to apply innovative, smart technologies and sustainable approaches to construction and infrastructure required for higher density living. Graduates from this program will meet the growing global demand in the construction and property industries for those who have a deep understanding of how construction management and property development are interrelated.

Professional accreditation
The dual masters is accredited by the Australian Institute of Building (AIB), the Australian Property Institute (API), and the Royal Institute of Chartered Surveyors (RICS) for satisfying the academic requirements for the membership.

Entry requirements
Please see the single degrees (8121 and 8127).

Animation and Visual Effects

Realise your artistic vision and build your portfolio of in-demand skills through a dynamic combination of practical and contextual learning. The Master of Animation and Visual Effects is designed for graduates and professionals who aim to thrive in the rapidly growing and evolving field of animation and visual effects production and beyond. From concept art and pre-visualisation to production, you'll combine hands-on skills with a deep understanding of screen aesthetics and attention to broader social, cultural and technological contexts.

Master of Animation and Visual Effects

Program code 9319
CRICOS code 113670M
Duration 2 years
Entry February, May and September
Estimated first year tuition AUD$44,000

Entry Requirements
Depending on the level and nature of prior qualifications, admission to the Master of Animation and Visual Effects has three entry points with different duration:

2 year program
• A recognised bachelor's degree (or equivalent qualification) in any field, with at least a credit average (65%).

1.5 year program
• A recognised bachelor's degree (or equivalent qualification) in a related field, with at least a credit average (65%).

1 year program
• An honours degree in a related field provides direct admission to the one-year program.

Graduate Diploma in Animation and Visual Effects

Program code 5319
CRICOS code 113671K
Duration 1 years
Entry February, May and September
Estimated first year tuition AUD$44,000

Entry Requirements
• A recognised bachelor's degree in any field

Applicants who apply without a Bachelor's degree or with a Bachelor's degree completed more than 10 years ago can be admitted to the Graduate Diploma on a case-by-case basis by the Program Director, on the basis of professional experience. An honours degree in a related field provides direct admission to the one-year program.

Graduate Certificate in Animation and Visual Effects

Program code 7319
CRICOS code 113672J
Duration 0.7 years
Entry February, May and September
Estimated first year tuition AUD$22,000

Entry Requirements
• A recognised bachelor's degree in any field

Applicants who apply without a Bachelor's degree or with a Bachelor's degree completed more than 10 years ago can be admitted to the Graduate Diploma on a case-by-case basis by the Program Director, on the basis of professional experience.

Art and Design

Curating and Cultural Leadership

Art and Design courses are delivered at our specialist Paddington Campus.

Launch a dynamic career in contemporary curating by generating new ideas and setting cultural agendas. The Curating and Cultural Leadership programs forge connections between curating, audience engagement, policy, management, critical writing, promotion, production, and other emerging aspects of this field. The programs are customisable and include an industry-based project at postgraduate level, allowing you to build your skills and professional networks.

Areas of study
Curating focuses on contemporary curating as a diverse and dynamic profession which plays a key role in setting cultural agendas and discovering new ground. The curatorial strand emphasises experimentation and the development of a strong independent practice through curatorial studios and live public projects.

Cultural Leadership includes museum management, public programming and engagement, education, policy, critical writing, promotion, production, and new emerging roles. It emphasises the fluid boundaries between all these activities and promotes a collaborative approach. This strand fosters a vision of leadership that is diverse and limited by neither age nor status. It educates students to develop a unique individual philosophy underpinned by a robust and flexible skill set.

Master of Curating and Cultural Leadership

Program code 9318
CRICOS code 082201A
Duration 1, 1.7 or 2 years
Entry February, May and September
Estimated first year tuition AUD$43,000

Entry requirements
Depending on the level and nature of prior qualifications, admission to the Master of Curating and Cultural Leadership has three entry points with different duration:

2 year program
• A recognised bachelor's degree (or equivalent qualification) in any field, with at least a credit average (65%).

1.7 year program
• A recognised bachelor's degree (or equivalent qualification) in a related field, with at least a credit average (65%).

1 year program
• An honours degree in a related field. This provides direct admission to the advanced one year program.

Related fields include: Curatorial studies; librarianship and information management; the creative arts such as fine arts, art history, art theory, museum studies, visual arts and crafts, performing arts, graphic and design studies, communication and media studies; studies in human society such as sociology, anthropology, history, archaeology, human geography, indigenous studies, gender specific studies; political science and policy studies; literature; and philosophy.

Graduate Diploma in Cultural Leadership

Program code 5312
CRICOS code 082202M
Duration 1 year
Entry February and September
Estimated first year tuition AUD$43,000

Entry requirements
• A recognised bachelor's degree in any field

Graduate Certificate in Cultural Leadership

Program code 7318
CRICOS code 082203K
Duration 0.7 years
Entry February and September
Estimated first year tuition AUD$21,500

Entry requirements
• A recognised bachelor's degree in any field.

Applicants without a bachelor's degree may be admitted to the Graduate Certificate on a case-by-case basis by the Program Director based on a continuous history of employment in an art related field.

I like that UNSW is a really prestigious institution and has links to some pretty big industries, so I know that will look good on my resume.
–
Evena Wong, Malaysia
Master of Design

Design

UNSW's design programs are interdisciplinary, industry-engaged and focus on the role of design in innovation and the global economy. You will combine technology, design thinking, conceptual exploration with practical skills to take your professional and practical design knowledge to an advanced level.

Areas of practice

You will choose from the following studio-based courses to either focus on a specific area of design and digital media practice or to put together your own suite of courses.

Communication Design produces and consumes meaning through images and text through user interfaces, typographic and graphic design.

Design Leadership introduces you to the knowledge and skills required for creative leadership roles, such as design studio directors, creative directors, artistic directors, and program managers in creative and cultural institutions.

Immersive Design offers new ways of engaging with complex challenges facing today's society and how they might be addressed using visualisation, simulation and immersive design.

Interaction and UX Design covers visual communication and user experience across graphics, media and emergent interactives.

Materials and Object Design focuses on making objects with new materials, digital technologies and craftsmanship. It addresses integrating technical knowledge and skills with material and contextual understanding. This area of practice works with ceramics, jewellery, metal, textiles, furniture and lighting.

Spatial and Experience Design engages with the design of processes, services, events and environments, focusing on the quality of the user experience.

Master of Design

Program code 9313

CRICOS code 082198B

Duration 1, 1.7 or 2 years

Entry February, May and September

Estimated first year tuition AUD$43,000

Entry requirements

Depending on the level and nature of your prior qualifications, admission to the Master of Design has three entry points with different duration. You can also articulate into the Master of Design after completing of the Graduate Certificate in Design with at least a credit average (65%).

1 year program
• A recognised honours degree in a related field.

1.7 year program
• A recognised bachelor's degree (or equivalent qualification) in a related field, with at least a credit average (65%).

2 year program
• A recognised bachelor's or honours degree (or equivalent qualification) in any field with at least a credit average (65%). Applicants who apply from non-related fields will be admitted on successful assessment of a submitted portfolio.

Related fields include: Design and Architecture

Graduate Diploma in Design

Program code 5306

CRICOS code 082199A

Duration 1 year

Entry February, May and September

Estimated first year tuition AUD$43,000

Entry requirements
• A recognised bachelor's degree in any field, with at least a credit average (65%); or
• A Graduate Certificate in Design with at least a credit average (65%).

Graduate Certificate in Design

Program code 7306

CRICOS code 082200B

Duration 0.7 years

Entry February, May and September

Estimated first year tuition AUD$21,500

Entry requirements
• A recognised bachelor's degree in any field awarded within the last 10 years.

Applicants who apply with a bachelor's degree completed more than 10 years ago can be admitted to the Graduate Certificate in Design where they have five or more years professional experience in a design or media-related field since graduation. Applicants without a bachelor's degree may be admitted to the Graduate Certificate in Design on a case-by-case basis by the Program Director, based on a portfolio of work and professional experience.

Design Portfolio Requirements

You may be required to submit a portfolio depending on the level and nature of your prior qualifications. Portfolios are submitted with your online application and must include the following:

• A 10-page digital portfolio of original design work with critically reflective text; and
• A cover letter explaining your interest in UNSW and the degree as well as your interests, achievements and experience; and
• Verified evidence of professional experience in a design or media-related field; and
• A two-page resume that details your experience in or related to design including contact details for two referees.

Simulation and Immersive Technologies

Interested in VR, AR, MR or simulation? Equip yourself with the creative skills and latest immersive technologies to meet industry's rapidly transforming approaches to manufacturing, training, modelling, planning and more. The Simulation and Immersive Technologies programs offer a unique human-centric, design-led approach to immersive technology focusing on human perception and experience. You will learn the how, why, when and where to effectively utilise these in demand skills in a variety of industries.

Simulation and Immersive Technologies programs are designed to accommodate busy professionals. This program can be completed fully online.

unsw.to/msit

Master of Simulation and Immersive Technologies

Program code 9323

CRICOS code 099986A

Duration 1.7 years

Entry February and September

Estimated first year tuition
AUD$43,500

Entry requirements
· A recognised bachelor's degree (or equivalent qualification) in any field, with at least a credit average (65%). Given that the program enables practitioners from a wide range of industry sectors, entry does not depend on a degree related to the creative disciplines.

Recognition of Prior Learning
may be granted for formal, non-formal and workplace learning for specified credit in accordance with UNSW recognition of prior learning procedure. Students may only claim RPL for elective courses within the program (up to a maximum of 30 UOC). RPL will not be considered for core courses and the capstone course.

Graduate Certificate in Simulation and Immersive Technologies

Program code 7323

CRICOS code 099994A

Duration 0.7 years

Entry February and September

Estimated first year tuition
AUD$21,500

Entry requirements
· A recognised bachelor's degree (or equivalent qualification) in any field. The program enables practitioners from a wide range of industry sectors, so entry does not require a degree related to the creative disciplines.

Recognition of Prior Learning
You can shorten the duration of your program by applying for RPL for credit. This may include 5 years or more industry experience, formal or informal learning, and approved UNSW Art & Design Short Courses. RPL is usually considered when applying to join a program.

The Graduate Certificate in Simulation and Immersive Technologies which is usually 4 courses or 0.7 years full time can be shortened by the equivalent of 2 elective courses to a minimum of 2 core courses. This could be completed in as little as 1 term or 0.3 years if undertaken full time.

Education

Master of Education

Program code 8913
CRICOS code 110653C
Duration 1, 1.7 or 2 years
Entry February, May and September
Estimated first year tuition AUD$42,000

The Master of Education will enhance your career options and give you the skills needed to progress into a specialist field of education or a leadership role. The degree is designed for existing education professionals and offers seven areas of specialisation^.

^Certain specialisations within this program have compulsory Work Integrated Learning components.

Areas of specialisation
- Curriculum and Assessment
- Educational Psychology
- Educational Studies
- Gifted Education
- Higher Education
- Special Education*
- TESOL (Teaching English to Speakers of Other Languages)

*International students may be restricted from taking this specialisation due to professional practice requirements. For further details, please contact the School of Education, education@unsw.edu.au

Master of Educational Leadership

Program code 8963
CRICOS code 110654B
Duration 1, 1.7 or 2 years
Entry February, May and September
Estimated first year tuition AUD$42,000

The Master of Educational Leadership provides aspiring and current educational leaders with an understanding of theory, research and practice in educational leadership. You will gain the ability to apply disciplinary principles and practices to new or complex educational environments. In this collaborative degree you will share research and experiences with other education colleagues and specialise by choosing from a wide range of electives.

Entry requirements
1 year program
- A four-year Bachelor's degree or combined degree in Education, including professional experience or practicum, equivalent to the qualifications required for Graduate Teacher status in NSW or other Australian jurisdictions; or

Note: Full-time enrolment in some specialisation is dependent on course availabilities. To ensure your ability to study a specialisation full-time, contact the School of Education for further details, education@unsw.edu.au

Entry requirements
1 year program
- A four-year bachelor's degree or combined degree in Education, including professional experience or practicum, equivalent to the qualifications required for Graduate Teacher status in NSW or other Australian jurisdictions; OR
- A recognised bachelor's degree and a postgraduate teaching qualification (e.g., Graduate Diploma of Education or Master of Teaching) equivalent to the qualifications required for Graduate Teacher status in NSW or other Australian jurisdictions; OR
- A bachelor's degree (or equivalent qualification) in a relevant discipline*, plus three years' relevant professional experience and development**.

1.7 year program
- A bachelor's degree (or equivalent qualification) in a relevant discipline* with a record of academic achievement equivalent to a UNSW credit average of 65%; OR
- bachelor's degree (or equivalent qualification) in any discipline with a record of academic achievement equivalent to a UNSW credit average of 65% plus three years' relevant professional experience** and development; OR
- An honours degree or graduate diploma (or equivalent qualification) in any discipline with a record of academic achievement equivalent to a UNSW credit average of 65%

- A recognised bachelor's degree and a postgraduate teaching qualification (e.g., Graduate Diploma of Education or Master of Teaching) equivalent to the qualifications required for Graduate Teacher status in NSW or other Australian jurisdictions; or
- A bachelor's degree (or equivalent qualification) in a relevant discipline*, plus three years' relevant professional experience and development**.

1.7 year program
- A bachelor's degree (or equivalent qualification) in a relevant discipline* with a record of academic achievement equivalent to a UNSW credit average of 65%; OR
- A bachelor's degree (or equivalent qualification) in any discipline with a record of academic achievement equivalent to a UNSW credit average of 65% plus three years' relevant professional experience** and development; OR
- A recognised honours degree or diploma (or equivalent qualification) in any field with at least a credit average (65%).

2 year program
- A bachelor's degree (or equivalent qualification) in any discipline with a record of academic achievement equivalent to a UNSW credit average of 65%

*Relevant disciplines may include: Arts, humanities, media, psychology, social work, business, economics, languages, linguistics, communications, policy studies, behavioural sciences, social sciences.

2 year program
- Bachelor degree (or equivalent qualification) in any discipline with a record of academic achievement equivalent to a UNSW credit average of 65%

*Relevant disciplines may include: Arts, humanities, media, psychology, social work, business, economics, languages, linguistics, communications, policy studies, behavioural sciences, social sciences.
**Relevant professional experience may include roles such as: Teacher, trainer, coach, educational developer, languages teacher, lecturer, teacher of English to speakers of other languages, educational leader, educational administration.

Teaching

Master of Teaching (Primary)

Program code 8925
CRICOS code 099104G
Duration 1.3-1.7 years
Entry February
Estimated first year tuition AUD$42,000

Learn theories you can apply directly to the classroom in the Master of Teaching (Primary). You will learn innovative teaching methods derived from our industry-shaping research and gain the skills needed to teach across the six key learning areas. You will be based in primary schools for two days a week for the first year, working with primary age students and taught by experienced primary teachers as well as university staff.

Entry requirements
- A recognised three-year bachelor's degree with a major, consisting of at least six units of undergraduate study with no more than two at first year and at least two at third year, in one key learning area, and at least two units of study in one or more other key learning areas. Entry into the Master of Teaching (Primary) requires a WAM of 60 or higher.

Key Learning Areas (KLA) include:
- English (literature, communications, linguistics, creative writing, media studies)
- Mathematics (pure or applied maths)
- Science and Technology (agriculture, architecture, biology, biotechnology, chemistry, computing studies, design - interior, industrial, graphics, fashion, product, landscape (2 units only), design and technology, engineering, geology, earth and/ or environmental science, materials science, medicine, nursing, physics, psychology)

- Human Society and its Environment (Aboriginal studies/languages, anthropology, archaeology, Asian or Pacific studies, economics/business studies, cultural studies/sociology, geography/ environmental studies, government and citizenship, history, legal studies, political science, studies of religion)
- Creative Arts (dance, drama, music, visual arts, fine arts)
- Personal Development, Health and Physical Education (physical education, family studies, sports science, health studies, human movement, nutrition)

Note: All graduates will be qualified to teach across the curriculum and will also have a specialisation in a KLA.

Professional accreditation
This program is accredited by the NSW Education Standards Authority (NESA).

Master of Teaching (Secondary)

Program code 8926
CRICOS code 073442C
Duration 1.3-1.7 years
Entry February
Estimated first year tuition AUD$42,000

The Master of Teaching (Secondary) is an accelerated secondary teacher degree enabling you to become eligible for employment after only one year of full-time study. Learn innovative teaching methods that link practice with theory including advanced skills in effective unit and lesson planning, assessment and reporting, as well as practical classroom communication and reflective teaching.

The Master of Teaching requires students to study two single teaching specialisations, or one double teaching specialisation (available only for English, Mathematics, Music and Visual Arts) from the method courses listed.

Method courses
- Aboriginal Studies
- Biology
- Business Studies
- Chemistry
- Chemistry/ Biology
- Drama (Theatre and Performance Studies)
- Earth and Environmental Science
- Economics
- English
- English as an Additional Language or Dialect (EAL/D)
- Geography
- Graphics and Multimedia Technology
- History – Ancient
- History – Modern
- Languages: French, Spanish, Chinese, Japanese and/ or Korean
- Legal Studies
- Mathematics
- Music
- Physics
- Society and Culture
- Visual Arts

Entry requirements
- A recognised bachelor's degree (or equivalent qualification) with at least a credit average (60%) which meets the prerequisites for the selected teaching methods/specialisations.

These prerequisites normally involve at least a major (three consecutive years of study, usually six courses) in the main teaching specialisation, and a minor (two years of study, usually four courses) in the second teaching specialisation.

Important note: All students must qualify in one or more first teaching specialisations and, depending on prior study, may be eligible to qualify in two first teaching specialisations or a first and up to two additional teaching specialisations. You must meet certain subject content requirements to be eligible to teach in the specialisation of your choice. For more information, visit unsw.edu.au/study/postgraduate/master-of-teaching-secondary

Additional English language requirements
A very high level of competence in spoken and written English is required for this degree. You'll require an equivalent to a Band 5 in HSC English Advanced, Standard English or English as a Second Language, or an overall IELTS score of 7.5, with a minimum of 8.0 in speaking and listening and a minimum of 7.0 in reading and writing, or the equivalent.

Professional accreditation
This program is accredited by the NSW Education Standards Authority (NESA).

Humanities and Languages

Master of Applied Linguistics

Program code 8236

CRICOS code 083248M

Duration 1, 1.7 or 2 years

Entry February, May and September

Estimated first year tuition AUD$42,000

Do you have a deep interest in the workings of language? The Master of Applied Linguistics is a professionally relevant degree for students who want to use linguistic knowledge to solve language related problems and help to remove barriers to intercultural communication. The study of linguistics can be applied across a range of diverse fields from working with migrant communities to careers as language specialists; experts in language acquisition and bilingualism; language planners; and language education professionals.

Entry requirements
Depending on the level and nature of prior qualifications, admission to the Master of Applied Linguistics has three entry points with different duration:

1 year program
- A recognised honours degree or graduate diploma (or equivalent qualification) in a related field, with at least a credit average (65%). OR
- A recognised bachelor's degree (or equivalent qualification) in a related field, with at least a credit average (65%). Plus one year of relevant professional experience.

1.7 year program
- A recognised bachelor's degree (or equivalent qualification) in a related field, with at least a credit average (65%). or
- A recognised bachelor's degree (or equivalent qualification) in any field, with at least a credit average (65%). Plus one year of relevant professional experience; OR
- A recognised honours degree or diploma (or equivalent qualification) in any field with at least a credit average (65%).

2 year program*
- A recognised bachelor's degree (or equivalent qualification) in any field, with at least a credit average (65%).

Students who are eligible for the 1 year and/ or 1.7 year program are also permitted to study the 2 year program.

Relevant disciplines include: Linguistics, languages, TESOL, cognitive science, speech pathology, interpreting, translation, and health sciences.

Relevant professional experience includes: Work in a language-related area including teaching English as a second or foreign language or a language other than English, translating, interpreting, curriculum design, and other relevant language professions.

Master of Environmental Management

Program code 8623

CRICOS code 080063M

Duration 1, 1.7, or 2 years

Entry February, May and September

Estimated first year tuition AUD$45,500

UNSW's Environmental Management postgraduate program will prepare you for a transformative career tackling our biggest ecological challenges using change-leadership and sustainability. You will learn to think about environmental issues through several lenses and form a deep understanding of the social, cultural, and political influences at play. This program will focus on critical and creative conceptual tools as you also develop experiential and practical skills to inform ethical and restorative sustainability leadership in a range of professional and advocacy settings.

Entry requirements
Depending on the level and nature of prior qualifications, admission to the Master of Environmental Management has three entry points with different duration:

1 year program
- A recognised honours degree or graduate diploma (or equivalent qualification) in a related field, with at least a credit average (65%); OR
- A recognised bachelor's degree (or equivalent qualification) in a related field, with at least a credit average (65%).

1.7 year program
- A recognised bachelor's degree (or equivalent qualification) in a related field, with at least a credit average (65%); OR
- A recognised bachelor's degree (or equivalent qualification) in any field, with at least a credit average (65%), plus one year of relevant professional experience; OR
- A recognised honours degree or graduate diploma (or equivalent qualification) in a related field, with at least a credit average (65%).

2 year program*
- A recognised bachelor's degree (or equivalent qualification) in any field, with at least a credit average (65%).

Students who are eligible for the 1 year and/ or 1.7-year program are also permitted to study the 2-year program. Relevant experience will also be considered for admission. In special circumstances, students who do not have the relevant qualifications may be considered for admission into the Graduate Certificate. In these cases, credit level performance in the Graduate Certificate may lead to articulation with the Graduate Diploma and the Master programs. Please also refer to information regarding articulation rules.

Relevant disciplines include: Environmental science, policy, humanities, sociology, planning, management, etc.

Relevant professional experience includes: Environmental officer, planner, manager or similar in government or for catchment authorities, environmental consulting, reporting, assessment, monitoring and evaluation/auditing, environmental outreach or education, research assistant or associate on environmental themes, NGO or international organisation environmental campaign manager.

Graduate Diploma in Environmental Management

Program code 5499

CRICOS code 033894F

Duration 1 year

Entry February, May and September

Estimated first year tuition AUD$45,500

Entry requirements
- A recognised bachelor's degree in any field with at least a credit average (65%) or equivalent.

Graduate Certificate in Environmental Management

Program code 7339

CRICOS code 033884G

Duration 0.7 years

Entry February, May and September

Estimated first year tuition AUD$22,500

Entry requirements
- A recognised bachelor's degree in any field.

The variety of the teaching is important. It enables you to have an interdisciplinary approach in any line of work that you will do after the degree.
—
Aymeric Maudous,
Master of Environmental Management

Translation and Interpreting

Master of Interpreting and Translation

Program code 8204

CRICOS code 083246B

Duration 2 years

Entry February, May and September

Estimated first year tuition AUD$44,000

The Master of Translation and Interpreting, endorsed by the National Accreditation Authority for Translators and Interpreters (NAATI), provides you with the knowledge and practical skills to prepare you to sit the NAATI certification examinations to work as a professional translator and interpreter in Australia and internationally.

In combination with Chinese (Mandarin), Chinese (Cantonese), , French, Greek, Indonesian, Italian, Japanese, Korean, Portuguese, Russian, Serbian, Spanish. Other languages may be offered subject to demand.

Entry requirements
• A recognised bachelor's degree (or equivalent qualification) in any field, with at least a credit average (65%) and an advanced level of bilingual proficiency.

Areas of specialisation
Legal, medical, business, community, and conference interpreting and specialised, media translation, specialised translation, community translation, subtitling and captioning as well as the use of translation technologies, including machine translation, computer-assisted translation tools, project management, and post-editing.

Master of Interpreting

Program code 8202

CRICOS code 083233G

Duration 1.7 years

Entry February, May and September

Estimated first year tuition AUD$44,000

The Master of Interpreting, endorsed by the National Accreditation Authority for Translators and Interpreters (NAATI), provides you with the knowledge and practical skills to prepare you to sit the NAATI certification examinations to work as a professional interpreter in Australia and internationally.

In combination with English, courses are offered in Chinese (Mandarin), Chinese (Cantonese), French, Greek, Indonesian, Italian, Japanese, Korean, Portuguese, Russian, Serbian, Spanish. Other languages may be offered subject to demand.

Entry requirements
• A recognised bachelor's degree (or equivalent qualification) with at least a credit average (65%) and an advanced level of bilingual proficiency.

Areas of specialisation
Legal, medical, business, community, conference interpreting, and interpreting technologies.

Master of Translation

Program code 8203

CRICOS code 083234F

Duration 1 or 1.7 years

Entry February, May and September

Estimated first year tuition AUD$43,500

The Master of Translation, endorsed by the National Accreditation Authority for Translators and Interpreters (NAATI), provides you with the knowledge and practical skills to prepare you to sit for the NAATI certification examination to work as a professional translator in Australia and internationally.

In combination with English, courses are offered in English, Chinese (Mandarin), Chinese (Cantonese), French, Greek, Indonesian, Italian, Japanese, Korean, Portuguese, Russian, Serbian, Spanish. Other languages may be offered subject to demand.

Entry requirements
Depending on the level and nature of prior qualifications, admission to the Master of Translation has two entry points with different durations:

1 year program
• A recognised bachelor's degree (or equivalent qualification) in a related field, with at least a credit average (65%) and an advanced level of bilingual proficiency.

1.7 year program
• A recognised bachelor's degree (or equivalent qualification) with at least a credit average (65%) or equivalent and an advanced level of bilingual proficiency.

Relevant disciplines include: Interpreting and translation, arts, humanities, social sciences, media, communications, journalism, public relations, advertising, marketing, business, economics, commerce, law, linguistics, languages, TESOL, and cognitive science.

Areas of specialisation
Media translation, specialised translation, community translation, subtitling and captioning as well as the use of translation technologies, including machine translation, computer-assisted translation tools, project management, and post-editing.

Graduate Diploma in Translation and Interpreting

Program code 5203

CRICOS code 106115H

Duration 1 year

Entry February, May and September

Estimated first year tuition AUD$44,000

Entry requirements
• A recognised bachelor's degree (or equivalent qualification) in any field, with at least a credit average (65%) or equivalent and an advanced level of bilingual proficiency.

Graduate Certificate in Translation and Interpreting

Program code 7204

CRICOS code 106116G

Duration 0.7 years

Entry February, May and September

Estimated first year tuition AUD$22,000

Entry requirements
• A recognised bachelor's degree (or equivalent qualification) in any field, with at least a credit average (65%) or equivalent and an advanced level of bilingual proficiency.

Media

Master of Journalism and Communication

Program code 8232

CRICOS code 083249K

Duration 1 or 1.7 or 2 years

Entry February, May and September

Estimated first year tuition AUD$44,000

The Master of Journalism and Communication is an innovative, interdisciplinary degree that produces industry-ready journalists and communication professionals who have the necessary skills to re-imagine media and shape a positive world. You will learn how to harness technology and gain specialist knowledge of the social, economic and political role of media in Australia and internationally to give you a competitive edge in a fast-evolving industry.

Entry requirements
Depending on the level and nature of prior qualifications, admission to the Master of Journalism and Communication has three entry points with different duration:

1 year program
- A recognised honours degree or graduate diploma (or equivalent qualification) in a related field, with at least a credit average (65%). OR
- A recognised bachelor's degree (or equivalent qualification) in any field, with at least a credit average (65%), and one year of relevant professional experience.

1.7 year program
- A recognised bachelor's degree (or equivalent qualification) in a related field, with at least a credit average (65%); OR
- A recognised bachelor's degree (or equivalent qualification) in any field, with at least a credit average (65%), and one year of relevant professional experience; OR
- A recognised honours degree or graduate diploma (or equivalent qualification) in a related field, with at least a credit average (65%).

2 year program*
- A recognised bachelor's degree in any field with at least a credit average (65%) or equivalent.

Students who are eligible for the 1 year and/or 1.7 year program are also permitted to study the 2 year program.

Relevant disciplines include: Arts, humanities, social sciences, media, communications, journalism, public relations, advertising, marketing, business, economics, commerce, and law.

Relevant professional experience includes: Work in the public relations, advertising, journalism, or media and communication sectors or at least one year of workplace experience at management level.

Master of Public Relations and Advertising

Program code 8281

CRICOS code 083245C

Duration 1, 1.7 or 2 years

Entry February, May and September

Estimated first year tuition AUD$45,000

The Master of Public Relations and Advertising addresses strategy, creativity, digital innovation and practical industry skills via deep engagement with contemporary theory. Taught by leading academics and professionals, you will discover how to develop public relations and advertising campaigns that achieve cut-through. In doing so, you will gain the critical knowledge and analytical ability needed not only to solve complex client problems but also to shape the brands of the future.

Entry requirements
Depending on the level and nature of prior qualifications, admission to the Master of Public Relations and Advertising has three entry points with different duration:

1 year program
- A recognised honours degree or graduate diploma in a related field with at least a credit average (65%) or equivalent; OR
- A recognised bachelor's degree (or equivalent qualification) in a related field, with at least a credit average (65%), and one year of relevant professional experience.

1.7 year program
- A bachelor's degree (or equivalent qualification) in a relevant discipline with at least a credit average (65%); OR
- A bachelor's degree (or equivalent qualification) in any discipline with at least a credit average (65%), plus one year relevant professional experience.

2 year program*
- A recognised bachelor's degree (or equivalent qualification) in any field, with at least a credit average (65%); OR
- A honours degree or graduate diploma (or equivalent qualification) in any field, with at least a credit average (65%).

Students who are eligible for the 1 year and/or 1.7 year program are also permitted to study the 2 year program.

Relevant disciplines include: Arts, design, humanities, social sciences, media, communications, journalism, public relations, advertising, marketing, business, economics, commerce, and law.

Master of Public Relations and Advertising/Master of Design

Program code 8234

CRICOS code 094951G

Duration 3 years

Entry February, May and September

Estimated first year tuition AUD$44,500

This double degree will equip you to think critically and innovatively to develop public relations and advertising strategies, as well as design and digital media practice. This double degree is ideal for industry professionals who want to advance their career in advertising or design and gain the in-depth knowledge needed to shape tomorrow's media industry.

Entry requirements
Please see the single degrees (8281 and 9313)

Relevant disciplines include: Arts, humanities, social sciences, media, communications, journalism, public relations, advertising, marketing, design and creative arts.

Relevant professional experience includes: Work in design, creative arts, innovation, marketing, public relations, advertising, journalism, media and communication sectors.

Arts and Social Sciences

Master of Development Studies

Program code 8942

CRICOS code 083236D

Duration 1, 1.7 or 2 years

Entry February and September

Estimated first year tuition AUD$42,000

The Master of Development Studies is an interactive degree that provides specialist studies in international development at local, national and global levels. Alongside academics who are at the forefront of national and international development practice, you will take a hands-on approach to understanding issues around human rights, social justice and community development.

Entry requirements
Depending on the level and nature of prior qualifications, admission to the Master of Development Studies has three entry points with different duration:

1 year program
- A recognised honours degree or graduate diploma (or equivalent qualification) in a related field, with at least a credit average (65%).OR
- A recognised bachelor's degree (or equivalent qualification) in a related field, with at least a credit average (65%). Plus one year of relevant professional experience.

1.7 year program
- A recognised bachelor's degree (or equivalent qualification) in a related field, with at least a credit average (65%). OR
- A recognised bachelor's degree (or equivalent qualification) in any field, with at least a credit average (65%). Plus one year of relevant professional experience; OR
- A recognised honours degree or diploma (or equivalent qualification) in any field with at least a credit average (65%).

2 year program*
- A recognised bachelor's degree in any field with at least a credit average (65%) or equivalent.

Students who are eligible for the 1 year and/or 1.7 year program are also permitted to study the 2 year program.

Relevant disciplines include: Social sciences; humanities; business; economics; law; public health; communications; social work; psychology/psychological science.

Master of International Relations

Program code 8233

CRICOS code 083232G

Duration 1, 1.7 or 2 years

Entry February and September

Estimated first year tuition AUD$42,000

The Master of International Relations is a specialist degree that recognises the complexity and the globalised nature of today's world. This degree is specifically designed to advance your understanding of global politics and foreign policy. You will explore areas such as international security, great-power rivalry, regional conflicts, nuclear proliferation, global environmental politics, civil conflict, human rights, gender politics, international political economy and development.

Entry requirements
Depending on the level and nature of prior qualifications, admission to the Master of International Relations has three entry points with different duration:

1 year program
- A recognised honours degree or graduate diploma (or equivalent qualification) in a related field, with at least a credit average (65%); OR
- A recognised bachelor's degree (or equivalent qualification) in a related field, with at least a credit average (65%), plus one year of relevant professional experience. This provides admission into the one-year program (48 UOC).

1.7 year program
- A recognised bachelor's degree (or equivalent qualification) in a related field, with at least a credit average (65%); OR
- A recognised bachelor's degree (or equivalent qualification) in any field, with at least a credit average (65%), plus one year of relevant professional experience; OR
- A recognised honours degree or graduate diploma (or equivalent qualification) in any field, with at least a credit average (65%).

2 year program*
- A recognised bachelor's degree in any field with at least a credit average (65%) or equivalent.

Students who are eligible for the 1 year and/or 1.7 year program are also permitted to study the 2 year program.

Relevant disciplines include: Social sciences, humanities, business, economics, law, public health, and communications.

Relevant professional experience includes: Either paid or volunteer work (including internships) undertaken in federal government agencies/departments, intergovernmental agencies, international agencies or institutions, non-governmental organisations, or private research bodies. The work undertaken must relate directly to international issues or concerns (e.g., foreign policy, defence and national security, global policy issues and trade).

Master of Public Policy and Governance

Program code 8259

CRICOS code 083243E

Duration 1, 1.7 or 2 years

Entry February and September

Estimated first year tuition AUD$42,500

The Master of Public Policy and Governance applies a social science perspective to real-world issues surrounding policy, research and management in modern organisations. We prepare you for roles that require research and analytical skills and a practical understanding of policymaking and implementation. You will have the opportunity to specialise in a policy area of your choosing, working with teaching staff who have experience in policy making. You will focus on the significance of evidence in driving policy change, and develop skills in evaluating the impact that policy has on clients, customers and the public.

Entry requirements

Depending on the level and nature of prior qualifications, admission to the Master of Public Policy and Governance has three entry points with different duration:

1 year program
- A recognised honours degree or graduate diploma (or equivalent qualification) in a relevant discipline with at least a credit average (65%) or equivalent; OR
- A recognised bachelor's degree (or equivalent qualification) in a relevant discipline with at least a credit average (65%), and one year of relevant professional experience.

1.7 year program
- A recognised bachelor's degree (or equivalent qualification) in a relevant discipline with a record of academic achievement equivalent to a UNSW credit average (65%); OR
- A recognised bachelor's degree (or equivalent qualification) in any discipline with a record of academic achievement equivalent to a UNSW credit average (65%), plus one year of relevant professional experience; OR
- A recognised honours degree or graduate diploma (or equivalent qualification) in any discipline with a record of academic achievement equivalent to a UNSW credit average (65%).

2 year program*
- A recognised bachelor's degree (or equivalent qualification) in any discipline with a record of academic achievement equivalent to a UNSW credit average (65%).

*Students who are eligible for the 1 year and/or 1.7 year program are also permitted to study the 2 year program.

Relevant disciplines include: Social sciences, humanities, business, economics, law, public health, communications, social research and policy, and social work

Relevant professional experience includes: Working in the public sector, unions, business organisations, research/policy institutes, or third-sector organisations.

Combined Master of Arts and Social Sciences

Program code 8224

CRICOS code 065349M

Duration 2 years

Entry February and September

Estimated first year tuition AUD$43,500

Research Programs

Master of Arts by Research

Program code 2353

CRICOS code 000913C

Duration 1.5 - 2 years

Entry January, February, May and September

Estimated first year tuition AUD$39,000

Entry requirements
- A relevant four-year bachelor's degree with with at least second class Honours from UNSW; or
- An equivalent tertiary qualification as determined by the Faculty Higher Degree Committee.

Master of Education by Research

Program code 2354

CRICOS code 000948C

Duration 1.5 - 2 years

Entry January, February, May and September

Estimated first year tuition AUD$39,000

Entry requirements
- A relevant four-year bachelor's degree with at least second class Honours from UNSW; or
- An equivalent tertiary qualification as determined by the Faculty Higher Degree Committee.

Master of Fine Arts by Research

Program code 2245

CRICOS code 009493A

Duration 1.5 - 2 years

Entry January, February, May and September

Estimated first year tuition AUD$42,000

Entry requirements
- A relevant four-year bachelor's degree with at least second class Honours from UNSW; or
- An equivalent tertiary qualification as determined by the Faculty Higher Degree Committee.

Master of Philosophy – Arts and Social Sciences

Program code 2364

CRICOS code 0101259

Duration 1.7 years

Entry February

Estimated first year tuition AUD$39,500

Entry requirements
- A recognised bachelor's degree in a related discipline with credit average result (WAM 70).

Applicants are required to submit a research proposal and ensure a suitable supervisor is available.

Areas of specialisation:
- Health and wellbeing
- Creative arts
- Knowledges and ethical practices
- Global and first nations studies

Master of Philosophy – Art, Design and Media

Program code 2267

CRICOS code 056686B

Duration 1.7 years

Entry January, February, May and September

Estimated first year tuition AUD$42,000

Entry requirements
- A relevant four-year bachelor's degree with Honours from UNSW or from another approved university; or
- An equivalent tertiary qualification as determined by the Faculty Higher Degree Committee.

Master of Philosophy – Built Environment

Program code 2222

CRICOS code 060621G

Duration 1.5 - 2 years

Entry January, February, May and September

Estimated first year tuition AUD$43,500

Entry requirements
- A recognised bachelor's degree in the relevant discipline from UNSW at a level specified by the Faculty Higher Degree Committee; or
- An equivalent tertiary qualification as determined by the Faculty Higher Degree Committee.

The Master of Philosophy can be undertaken as a written thesis or as a research by design thesis. The program requires submission of either a scholarly written thesis or a combined design output and scholarly written component.

Areas of study
- Architecture
- Building
- City Planning and Urban Design
- Construction and Project Management
- Industrial Design
- Interior Architecture
- Landscape Architecture
- Property Development and Management
- Sustainable Built Environment

Doctor of Philosophy (PhD) – Art, Design and Media

Program code 1292

CRICOS code 082747M

Duration 3 - 4 years

Entry January, February, May and September

Estimated first year tuition AUD$42,000

Entry requirements
- A relevant four-year bachelor's degree with Honours from UNSW or a qualification considered equivalent from another university; or
- One year's full time enrolment in a Master by Research program, providing applicants meet the PhD entry requirements and with the approval of the Faculty Higher Degree Committee.

Doctor of Philosophy (PhD) – Built Environment

Program code 1120

CRICOS code 009536F

Duration 3 - 4 years

Entry January, February, May and September

Estimated first year tuition AUD$43,500

Candidates may be admitted to the PhD program after one year's full-time enrolment in a Masters by Research program, with the approval of the Faculty Research Committee.

Areas of specialisation
- Architecture
- Building
- City Planning and Urban Design
- Construction and Project Management
- Industrial Design
- Interior Architecture
- Landscape Architecture
- Property Development and Management
- Sustainable Built Environment

Entry requirements
- An appropriate undergraduate degree with first or upper 2nd class Honours from UNSW; or
- A completed Masters by Research degree in a field represented within UNSW Built Environment faculty or another relevant discipline; or
- A tertiary qualification at a level considered equivalent by the Faculty Higher Degree Committee

Doctor of Philosophy (PhD) – Education

Program code 1970

CRICOS code 001042D

Duration 3 - 4 years

Entry January, February, May and September

Estimated first year tuition AUD$39,000

Entry requirements
- A relevant four-year bachelor's degree with Honours from UNSW or a qualification considered equivalent from another university; or
- One year's full time enrolment in a Master by Research program, providing applicants meet the PhD entry requirements and with the approval of the Faculty Higher Degree Committee.

Doctor of Philosophy (PhD) – Social sciences

Program code 1272

CRICOS code 079009E

Duration 3 - 4 years

Entry January, February, May and September

Estimated first year tuition AUD$39,000

Entry requirements
- A relevant four-year bachelor's degree with Honours from UNSW or a qualification considered equivalent from another university; or
- One year's full time enrolment in a Master by Research program, providing applicants meet the PhD entry requirements and with the approval of the Faculty Higher Degree Committee.

Join the club

Life at UNSW Business School goes beyond the classroom. By joining a business club or society, you will fill your calendar with social, industry, and networking events, gain experience with exclusive business workshops, and make lifelong friendships. UNSW Business School has over 31 affiliated clubs and societies to help you build community and settle in at university.

Career Accelerator

Our degrees bring the boardroom to the classroom with a range of hands-on professional learning opportunities, exclusive to UNSW Business School. Career Accelerator's career development experiences ensure you graduate career-ready, prepared to hit the ground running.

Real world experience

Gain real-world business experience while you study by choosing from a range of for-credit and co-curricular opportunities. Participate in a consulting project for our industry partners, explore potential career paths through virtual internships, complete short business experiences in parallel to your studies, or take on a social entrepreneurship project.

Australian Business Essentials is a series of interactive workshops, volunteering experiences and team building activities tailored to international postgraduate students. This exclusive UNSW Business School program will develop your professional communication skills, allow you to deepen your social impact through volunteering, and gain insight into the Australian work environment.

Professional networking

Get personalised advice from experienced industry professionals as part of our ten-week, structured Career Mentoring Program. Hear challenges, trends and opportunities at our Business Insights events where experienced professionals share their thought leadership with our students. Grow your network of peers by participating in career development workshops, or joining community engagement events specifically tailored for the Business School community. Our student clubs and societies hold regular upskilling workshops, lecture review sessions and social and professional networking events.

Global opportunities

Experience business around the world with our range of global opportunities, including short overseas electives, practicums and international exchanges. Through a Global Business Practicum, you can do a practical consulting project with our industry partners in international business hubs including Indonesia and Vietnam.

Accounting

Gain expert knowledge and skills for a successful career in accounting with UNSW's professional accounting suite of programs. You will develop a solid foundation in business alongside strong accounting acumen. Learn from industry-experienced academics to gain professional recognition with leading accounting bodies.

The Master of Professional Accounting (Extension) follows the structure of the Master of Professional Accounting with four extra courses in your choice of electives to further your knowledge.

Graduate as a qualified CPA
Become a qualified CPA while you study the Master of Professional Accounting (Extension). In this program, you will have the option to undertake a specialisation delivered in partnership with CPA Australia, allowing you to obtain your CPA accreditation.

If you have already completed a recognised accounting qualification, you may be eligible to study the Graduate Diploma in Professional Accounting, which combines UNSW's world-class accounting education alongside CPA exams.

Professional recognition
This program meets the educational requirements of peak professional accounting bodies including CPA Australia, Chartered Accountants Australia and New Zealand (CAANZ), and ACCA (Accounting).

Master of Professional Accounting

```
Program code 8409
CRICOS code 051221J
Duration 1.7 years
Entry February, May and September
Estimated first year tuition
AUD$56,000
```

Entry requirements
• A recognised bachelor's degree (or equivalent qualification) with at least a credit average (65%).

Note: This program is suitable for graduates with limited or no previous study in Accounting.

Recognition of Prior Learning
Up to four courses (24 UOC) may be awarded based on your previous business studies (bachelor's degree or higher).

Master of Professional Accounting (Extension)

```
Program code 8415
CRICOS code 055635K
Duration 2 years
Entry February, May and September
Estimated first year tuition
AUD$56,000
```

Entry requirements
• A recognised bachelor's degree (or equivalent qualification) with at least a credit average (65%).

Note: CPA Australia specialisation is only available to international students commencing in Term 1 and Term 2.

Recognition of Prior Learning
Up to four courses (24 UOC) may be awarded based on your previous business studies (bachelor's degree or higher).

Graduate Diploma in Professional Accounting

```
Program Code: 5415
CRICOS code: 111881E
Duration: 1 year
Entry: February, May 2024
Estimated First Year Tuition:
AUD$42,000
```

Entry requirements
• A recognised bachelor's degree (or equivalent qualification) in Commerce, Accounting or Finance, as determined by the UNSW Business School with a WAM of 65 or higher as well as meeting entry requirements to CPA Australia.

Actuarial Studies

The Master of Actuarial Studies is designed for students with a strong background in actuarial studies, economics, mathematics or statistics. This degree is ideal if you want to develop the technical expertise required to become an actuarial analyst or roles in the broader financial services industry.

The Master of Actuarial (Extension) adds four courses to the Master of Actuarial Studies, allowing you to study advanced actuarial and risk management topics. You will extend your expertise in the area and set yourself apart from others in the profession.

Professional accreditation
Upon completion of this degree, you will be eligible to gain exemptions for the Foundation and part of the Actuary program of the Institute of Actuaries of Australia. You may also earn credit for FM and SRM exams through UEC Program and VEE credit from the Society of Actuaries (USA). Mutual recognition arrangements between major actuarial associations also mean that your professional qualifications are internationally transferrable.

Master of Actuarial Studies

```
Program code 8411
CRICOS code 051222G
Duration 1.7 years
Entry February, May and September
Estimated first year tuition
AUD$56,000
```

Entry requirements
• A recognised bachelor's degree (or equivalent qualification) with a substantial component of mathematics, statistics, econometrics or actuarial studies, with a credit average, as determined by the UNSW Business School. Entries are also opened to students with background in related disciplines including financial engineering, data science, data engineering, physics, engineering, any related quantitative field, with a credit average, as determined by the UNSW Business School. Applicants are expected to have a mathematical background equivalent to a full year of calculus and linear algebra at first-year university undergraduate level.

Recognition of prior learning
Recognition of prior learning or professional recognition, up to 4 courses credits (24 UOC), may be granted (towards the 4 core courses) based on your previous studies in actuarial studies (bachelor's or higher).

Additional course credits (up to 2 courses) may be awarded based on an incomplete postgraduate degree and/or professional examinations for the Fellowship of the Institute of Actuaries of Australia, the Institute of Actuaries (UK) or the Society of Actuaries.

Master of Actuarial Studies (Extension)

```
Program code 8416
CRICOS code 068778K
Duration 2 years
Entry February, May and September
Estimated first year tuition
AUD$56,000
```

Entry requirements
• A recognised bachelor's degree (or equivalent qualification) with a substantial component of mathematics, statistics, econometrics or actuarial studies, with a credit average, as determined by the UNSW Business School. Entries are also opened to students with background in related disciplines including financial engineering, data science, data engineering, physics, engineering, any related quantitative field, with a credit average, as determined by the UNSW Business School. Applicants are expected to have a mathematical background equivalent to a full year of calculus and linear algebra at first-year university undergraduate level.

Note: This degree is suitable if you have not completed any actuarial studies but have an econometrics, mathematics, or statistics background and you are pursuing an actuarial career.

Analytics

Our world today is built on data. Data is woven through every industry, organisation and profession. Data can help us solve some of the greatest problems facing our world today. Professionals with the skills and knowledge to analyse data are in demand. Organisations of all sizes want professionals who can apply data-driven decisions. Our suite of analytics programs are designed to meet this demand.

Graduate Certificate in Business Analytics

```
Program code 7456
CRICOS code 103145D
Duration 0.7 year
Entry February, May and September
Estimated first year tuition
AUD$28,000
```

The Graduate Certificate in Business Analytics will give you a foundational knowledge in business analytics as well as the technical skills to obtain actionable insights from data. You will be introduced to conceptual frameworks, modelling techniques, database management and ethical debates as part of a comprehensive education in business analytics. The program is a pathway to the Master of Commerce or Master of Commerce (Extension).

Entry requirements
There are two pathways into this program:
• A recognised bachelor's degree with an average (60%); or
• 5 years of relevant work experience in clerical or administrative work in a commercial or public service organisation, supervisory or management, banking, finance or marketing experience or other business-related positions.

You can also develop expertise in data and analytics with the **Master of Commerce**, specialising in Business Analytics or Marketing Analytics. See page 61-62 for details.

Business Administration

The AGSM Master of Business Administration (MBA) will prepare you for general management and executive leadership roles in business, government and not-for-profit organisations. Acquire management insights from current business leaders and benefit from the diverse and globalised knowledge of your fellow students.

The MBA (Extension) allows you to extend your study plan to include an additional term for an internship or research project. You can study the MBA (full-time) with the addition of an extra session (Extension Session). For more information, visit unsw.edu.au/business/agsm

Career and recruitment services

Career Accelerator @ AGSM is dedicated to assisting AGSM students to realise their career ambitions and to provide them with the tools for life-long career success. We offer guidance to equip students with the career development skills and industry networks to achieve their career goals. We're committed to assisting AGSM students in their career transition by helping to market their resumes, develop career management skills and to connect them with potential employers.

Career Coaching | Plan and manage your career by accessing our career resources and booking an individual career consultation. These sessions will provide you with personalised career guidance and support.

Industry Insights and Networks | Find the latest MBA-relevant opportunities in Australia and overseas on our AGSM jobs board. We can help you connect with alumni and recruiters at leading organisations, and organise a suite of annual events and networking opportunities.

Internships and Projects | Further accelerate your career transition by undertaking an internship or project during your studies. We can work with you to undertake a paid internship, access a suite of virtual options, or participate in projects as an elective in your MBA.

Master of Business Administration (MBA)

Program code 8351

CRICOS code 106822C

Duration 1 year or undertake the 2 year extension program

Entry AGSM Session 1 (Term 1)

Estimated first year tuition AUD$82,500

Master of Business Administration (Extension) (8359) CRICOS code 109016J. This program (8359) has compulsory Work Integrated Learning components.

Entry requirements
- Admission is based on the assessment of a portfolio of achievements containing an undergraduate degree (or equivalent qualification) and a minimum of 2 years of professional or managerial work experience; or at least 6 years of professional work experience. A good Graduate Management Admission Test (GMAT) score or Graduate Record Examinations (GRE) score is preferable.

Professional recognition
The MBA program is accredited by the Association to Advance Collegial Schools of Business (AACSB) and has European Foundation for Management Development (EFMD) EQUIS accreditation. AGSM is part of the world's leading business schools – only 180 of more than 13,000 business schools in the world have received EQUIS accreditation.

Scholarships
AGSM offer a range of scholarships for exceptional candidates who demonstrate leadership potential, academic ability and a commitment to their community.

AGSM MBAX (Online)

Program code 8625

Duration 1.7 to 6 years part-time (online only)

Entry February, May, September

Estimated first year tuition AUD$48,500

MBAX is AGSM's next-generation online MBA. This unique online management degree allows you to seize professional opportunities and give you the edge you need to succeed.

Areas of specialisation
- MBA (Change)
- MBA (Finance)
- MBA (Law)
- MBA (Social Impact)
- MBA (Technology)

Entry requirements
- A prior degree from a recognised tertiary institution.
- At least 2 years of relevant professional and management experience with an undergraduate degree, or 6 years of experience without a previous degree. Applicants typically have 5-25 years of experience in middle management or senior management positions, e.g. Senior Engineer, General Manager, Business Analyst, Project Manager, Finance Manager.

For international students, a high degree of English language proficiency.

International students are not eligible for an Australian student visa for this program.

Commerce

With the latest thinking across research, innovation and industry at their core, UNSW's Master of Commerce programs are designed in consultation with industry to prepare you for success in the careers of the future. Guided by our leading experts and renowned professionals, you will:
- Tailor a program and gain career experience unique to your goals.
- Join a global business community, shaping a sustainable future.
- Expand your mind and deepen your knowledge at a global top 20 university.*

Throughout your studies you'll access professional experiences and Work Integrated Learning (WIL) opportunities, which can be built into your degree. You will be able to demonstrate these experiences to employers through an online portfolio.

UNSW offers 14 unique commerce specialisations. Through the Master of Commerce you can choose to:
- Broaden your experience by choosing two specialisations, or
- deepen your expertise by choosing one specialisation, plus related electives.

Through the Master of Commerce (Extension) you will take two specialisations and:
- Deepen your knowledge in each through related electives, or
- diversify your experience through general electives.

Professional recognition
Depending on the specialisation chosen, the Master of Commerce and Master of Commerce (Extension) meet the education requirements of various professional accreditation bodies including Australian Human Resources Institute and Chartered Institute of Management Accountants.

Commerce Specialisations

Accounting | Accounting is not just about crunching numbers. Accountants seek to improve the economic wealth and welfare of shareholders, employees, customers, suppliers, governments and the community with their business recommendations. Students can also study the Chartered Institute of Management Accountants (CIMA) syllabus to meet CIMA accreditation requirements.

Business Analytics | Be a business problem solver and a key aspect of the decision making process with Business Analytics. You will be equipped with the skills to produce and communicate actionable findings and insights from organisational data through descriptive, predictive and prescriptive analytics.

Cyber Security, Risk and Privacy
Studying Cybersecurity, Risk and Privacy will equip you to develop new technological and managerial approaches to cybersecurity and data protection.

Digital Transformation | Specialising in Digital Transformation will equip you to help organisations and businesses become competitive in the digital economy by transitioning to new technologies, business models and processes.

Economics and Finance | Learn how individuals, firms, financial institutions and government interact in the financial market. In this Master of Commerce specialisation, you will analyse decision-making in the face of market risk and uncertainty and understand how current global and domestic events impact this decision-making process.

Finance | Work with global banks, multinational corporations or the stock exchange in a career as rewarding as challenging, with a UNSW Finance qualification. Finance can be a high-risk, high-reward industry requiring decisive strategy in the face of uncertainty.

Financial Technology | FinTech creates, enhances and disrupts financial services, from peer-to-peer lending and robo-advice to decentralised finance, such as cryptocurrencies. By identifying industry demands, FinTech sits at the forefront of industry needs, developing highly employable graduates.

Global Sustainability and Social Impact
Get ahead in your career while making a meaningful difference to people's lives, communities and the environment. Beyond simply 'doing good', social impact means creating sustainable change in corporate, government and not-for-profit sectors.

Human Resource Management
Human Resource Management explores the business of people. Staff are a company's most valuable asset, making the Human Resources Manager a critical position in any organisation.

International Business | Learn to skillfully manoeuvre through the complex world of highly competitive international markets. You will master the art of managing multinationals as you craft strategies that consider global business's economic, social, legal, political, and cultural contexts.

Marketing | Marketing is essential to every business in today's highly competitive marketplace. It is a dynamic function aimed at creating differentiation and competitive advantage for a company, so you will learn to identify and understand the needs and wants of consumers.

Marketing Analytics | Be at the forefront of trends in marketing and analytics, using hands-on big data analytics to tackle globally challenging real-world programs. Marketing analytics focuses on enhancing the consumer experience, using big data analytics.

Risk Management | It is a great responsibility to lead decision-making that could dramatically impact the financial success of a business. A highly skilled risk analyst requires a heightened sense of risk perception to predict, avoid, identify, monitor, mitigate and manage potential threats to a business.

Strategy and Innovation | Innovation drives change and helps us adapt to disruption. Strategy shapes change for business impact and purpose. Studying this specialisation will teach you how to transform challenges into opportunities, problems into products, and new insights into sustainable high-performance businesses.

Studying my masters at UNSW was about more than getting a degree. I connected with industry leaders, sat as an executive member of a student society and took part in entrepreneurial competitions. These experiences combined with UNSW's reputation as a leading business school, locally and internationally, made me stand out from the crowd.
–
Shirin Shiran,
Master of Commerce

*QS World University Rankings, 2025

Master of Commerce

Program code 8404

CRICOS code 000933K

Duration 1.7 years

Entry February, May and September

Estimated first year tuition AUD$56,000

Entry requirements
• A recognised bachelor's degree (or equivalent qualification such as Graduate Certificate in Commerce) with at least a credit average (65%).

Recognition of Prior Learning (RPL)
If your previous study is relevant, you can gain credit for up to four courses (24 Units of Credit). This means you may be able to study fewer subjects and be eligible to graduate faster.

Further RPL, up to 50% of program, may be awarded based on equivalent Postgraduate studies if equivalent courses are relevant within the program structure.

Master of Commerce (Extension)

Program code 8417

CRICOS code 056227G

Duration 2 years

Entry February, May and September

Estimated first year tuition AUD$56,000

Entry requirements
• A recognised bachelor's degree (or equivalent qualification such as Graduate Certificate in Commerce) with at least a credit average (65%).

Note: The Master of Commerce (Extension) is designed for students who want to study two business specialisations to expand their career options.

Possible combinations include:
• Marketing and Marketing Analytics
• Global Sustainability and Social Impact and International Business
• Innovation & Entrepreneurship and Finance
• Business Strategy and Economics and Finance

Recognition of Prior Learning
If your previous study is relevant, you can gain credit for up to four courses (24 Units of Credit). This means you may be able to study fewer subjects and be eligible to graduate faster.

Further RPL, up to 50% of program, may be awarded based on equivalent Postgraduate studies if equivalent courses are relevant within the program structure.

Graduate Certificate in Commerce

Program code 7355

CRICOS code 055630D

Duration 0.7 years

Entry February, May and September

Estimated first year tuition AUD$28,000

Entry requirements
• A recognised bachelor's degree (or equivalent qualification) with at least an average (60%); or
• At least five years of relevant work experience in a related field, for example, clerical, administrative, supervisory or management work in banking, finance or marketing organisations (commercial, not-for-profit or public service).

Economics

Master of Applied Economics

Program code 8429

CRICOS code 102633G

Duration 1-2 years

Entry February and September

Estimated first year tuition AUD$56,000

If you are seeking a career as a professional economist, the Master of Applied Economics degree will prepare you to succeed. Gain advanced knowledge and practical skills with expertise in business forecasting, development economics, industrial organisation and financial systems. The program can be completed in as little as one year, depending on your previous learning and/or work experience.

Entry requirements
• A recognised bachelor's degree (or equivalent qualification) with at least a credit average (65%). Prior learning will be recognised which may reduce the program duration.

Recognition of Prior Learning
You may be eligible to have courses credited based on prior learning. If you have a recognised Bachelor of Economics or Bachelor of Business degree with economics specialisation or equivalent honours or graduate diploma, you may have the five core courses waived.

If you have prior work experience of at least one year in the private or public sector. For example, work experience in clerical or administrative work in a commercial, not-for-profit or public service organisation, supervisory or management, banking, finance or marketing experience or other business-related positions may have the prescribed economics practicum waived.

Graduate Certificate in Economics

Program code 7412

CRICOS code 080476A

Duration 0.7 years

Entry February and September

Estimated first year tuition AUD$28,000

Entry requirements
• A recognised bachelor's degree (or equivalent qualification) with a credit average (65% or higher).

Finance

Master of Finance

Program code 8406

CRICOS code 038393J

Duration 1 year

Entry February, May and September

Estimated first year tuition AUD$56,000

Developed in consultation with experts in the finance industry, the Master of Finance offers you the latest thinking and research in finance, taught by industry leading academics and researchers.

Entry requirements
• A recognised bachelor's degree (or equivalent qualification) with a credit average (65% or higher) as determined by the UNSW Postgraduate Coursework Entry Calculator; and
• A major (at least seven courses) in finance within the bachelor's degree; and
• A credit average (65% or higher) within the finance major, as determined by the UNSW Postgraduate Coursework Entry Calculator

Recognition of Prior Learning
If you've successfully completed the CFA program by passing all three levels of CFA exam, you may be granted one course exemption.

Areas of specialisation
• Corporate Finance and Investment Banking
• Finance (General)
• Funds Management
• Financial Technology

Professional recognition
You may be eligible for Associate membership with the Financial Services Institute of Australasia (FINSIA) on completion of this degree.

Note: The Master of Finance was accepted into the University Recognition Program of the Chartered Financial Analyst (CFA) Institute. The courses in this program are closely tied to professional practice and can help you prepare for the CFA examinations.

Master of Financial Analysis

Program code 8413

CRICOS code 058933J

Duration 1 year

Entry February, May and September

Estimated first year tuition AUD$56,000

The Master of Financial Analysis is a specialist qualification that will build on your knowledge from your undergraduate degree and studies in accounting or finance. Develop your strategy skills, risk analysis and management, valuation and project development through a large range of courses to meet your professional needs.

Entry requirements
• A recognised bachelor's degree (or equivalent qualification) with a credit average (65% or higher) as determined by the UNSW Postgraduate Coursework Entry Calculator; and
• A major (at least seven courses) in accounting or finance within the recognised bachelor's degree (or across equivalent qualifications); and
• A credit average (65% or higher) within the accounting and/or finance major, as determined by the UNSW Postgraduate Coursework Entry Calculator

Recognition of Prior Learning
If you've successfully completed the CPA Program or CAANZ Program (from Australia), or the CIMA qualification, you may be granted one course credit.

You will also find a wide range of Finance study options in the **Master of Commerce**. See page 61-62 for details.

International Business

Master of International Business

Program code 8371

CRICOS code 078546K

Duration 2 years

Entry February, May and September

Estimated first year tuition AUD$56,000

Gain an in-depth understanding of the key issues in the global business environment and successfully lead businesses on an international scale. The Master of International Business will give you the ability to think globally and strategically, setting you up to become an effective and successful leader. This program is suitable for students with an undergraduate degree in any field.

Entry requirements
- A recognised bachelor's degree (or equivalent qualification) with at least a credit average (65%).

Recognition of Prior Learning
Up to four courses (24 UOC) may be awarded based on your previous business studies (bachelor or higher).

Social Impact

UNSW's Social Impact programs will build your professional capacity as a social manager and entrepreneur across corporate, government and not-for-profit sectors. Develop skills and knowledge in social entrepreneurship, innovation, investment and governance and enhance your understanding of the dynamics of the social economy. Gain a deeper understanding of how business, social enterprise, government, foundations and community organisations can work together to enact social change.

Graduate Diploma in Social Impact

Program code 5357

CRICOS code 0101074

Duration 1 year

Entry February, May and September

Estimated first year tuition AUD$56,000

Entry requirements
Category A
- A recognised bachelor's degree (or equivalent qualification) with at least a credit average (65%), and a minimum 2 years of full-time relevant work experience; or

Category B
- Professionals without a bachelor's degree can apply to the program if they have at least 5 years of full-time relevant work experience in government, corporate or not-for-profit sector; or

Category C
- Students completing the Graduate Certificate in Social Impact with a minimum overall WAM (65%).

Graduate Certificate in Social Impact

Program code 7357

CRICOS code 0100131

Duration 0.7 years

Entry February, May and September

Estimated first year tuition AUD$28,000

Entry requirements
- Recognised bachelor's degree (or equivalent qualification) with a credit average as determined by the UNSW Postgraduate Coursework Entry Calculator and a minimum of two years of work experience, OR
- Minimum 5 years of relevant work experience in government, corporate or not-for-profit sector. Students must provide a detailed resume (outlining relevant competencies and achievements) and evidence of other academic and professional qualifications.

Taxation

Master of Taxation

Program code 9250

CRICOS code 015849E

Duration 1 – 1.3 year

Entry February, May and September

Estimated first year tuition AUD$56,000

The Master of Taxation gives tax professionals and practitioners the skills and know-how to manage taxation issues in business decisions and transactions. You will learn about applied and international taxation, financial planning and revenue administration, as well as developing a critical understanding of the Australian taxation system.

Entry requirements
- A recognised bachelor degree (or equivalent qualification) in Taxation, Law, Accounting or Business with a credit average (65% or higher) as determined by the UNSW Postgraduate Coursework Entry Calculator; and
- Relevant professional work experience in professional services firms or government departments

Graduate Certificate in Taxation

Program code 7321

CRICOS code 0100908

Duration 0.7 years

Entry February, May and September

Estimated first year tuition AUD$28,000

Entry requirements
Category A
- A recognised bachelor's degree (or equivalent qualification) in Taxation, Law, Accounting, Commerce or Business, as determined by UNSW Business School; and a minimum of two years of full-time professional experience in professional services firms or in government departments

Category B
- A recognised bachelor's degree (or equivalent qualification) in any discipline as determined by UNSW Business School; and a minimum of two years of full-time professional experience in professional services firms or in government departments. Applicants must provide a detailed resume (outlining relevant competencies and achievements) and provide evidence of other professional qualifications or studies if applying under the 'equivalent qualification' criteria and evidence of academic and professional qualifications.

Note: Courses in these degrees are delivered in a variety of modes including online, face-to-face and intensive. If you will be studying online from your home country, no student visa is required. Studying these degrees face-to-face at UNSW Sydney requires a student visa.

Research

Ranked among the top 50 universities globally, UNSW Business School is internationally recognised for world-class research. Our researchers tackle the biggest economic, business and social challenges with partners around the world.

We shape how business and society create sustainable social and economic value by developing innovative theories, insights, and frameworks. We bring researchers from different disciplinary backgrounds together with industry, institutions, and communities to partner in solving important societal and business challenges.

Be inspired to think profoundly and develop independent cutting-edge research with a UNSW Business School Postgraduate Research Degree.

Research Programs

Our degrees have been designed to equip graduate research students with the rigorous skills required for a successful career in the world's elite institutions and research centres. With the guidance of world-class academic experts, you will make a valuable impact on future research and practices in your chosen field.

With full financial support, you will conduct impactful research from a number of subjects including Accounting, Actuarial Studies, Economics, Finance, Information Systems, Management, Marketing and much more under areas of specialisation below.

UNSW Business School Doctoral Program: Master of Pre-Doctoral Business Studies (MPDBS) + Doctor of Philospohy (PhD)

Duration 4 years

Entry February

Tuition fee waivered

Estimated stipend AUD$37,684 pa

UNSW Business School Doctoral Program is a four-year degree comprised of the MPDBS (Year 1) and PhD (Years 2-4). Upon satisfactory completion of the MPDBS year, you will then move onto the PhD years. It is a fully funded program, which includes a tuition waiver and stipend for all accepted applicants. Applicants must submit an Expression of Interests (EOI) to the relevant discipline School and receive an Invitation to Apply.

Doctor of Philosophy (PhD)

Duration 3-4 years

Entry February, May and September

Estimated first year tuition AUD$39,500

Applicants with a prior high-quality reearch degree (H1) and experience, and an external funding (e.g., ARC project grant, government-funded scholarship) may be considered for a direct entry to the PhD program. Application process is the same as for the UNSW Business School Doctoral Program above.

Entry requirements

- The equivalent of a three-year bachelor's degree, plus a postgraduate degree in a relevant discipline with at least a distinction average (75%); or
- The equivalent of multiple bachelor's degree, such as a double degree from UNSW, with at least one degree in a relevant discipline, and at least a distinction average (75%); or
- The equivalent of a four-year bachelor's degree with first or upper second-class honours from UNSW in a relevant discipline.

Refer to unsw.edu.au/ business/study-with-us/postgraduate-research for further details about individual discipline school's requirements.

Areas of specialisation

- Accounting (1521) CRICOS code 001012K
- Actuarial Studies (1545) CRICOS code 041942C
- Banking and Finance (1561) CRICOS code 008962G
- Economics (1540) CRICOS code 001023G
- Information Systems (1525) CRICOS code 008963F
- Marketing (1550) CRICOS code 001040F
- Organisation and Management (1605) CRICOS code 053201G
- Taxation and Business Law (1535) CRICOS code 028061A

How to apply

Application process is the same for both research programs.

Prior to submitting an official application through the university-wide Apply Online system, you must submit an EOI to the relevant discipline school. Refer to unsw.edu.au/business/study-with-us/postgraduate-research for further details.

Admission is at the discretion of the UNSW Business School and depends on the Business School research supervision capacity and resources available for your research interests.

Real-world engineering

From day one, you will develop your abilities as an engineer, in the classroom and through hands-on practical experience. Build valuable industry networks and contacts with our unparalleled industry connections and while you study. Learn from industry leaders, create and design projects in our Makerspaces and participate in student projects. You can attend industry recruitment events and go on international exchange, giving you valuable real-world experience to prepare you for a successful career.

Meeting global challenges

Make a positive difference in the world when you combine your passion and creativity to meet global challenges. You will have access to the world's best facilities and research to help you reframe global problems and engineer innovative solutions for individuals and communities.

The ChallENG Program

The ChallENG Program connects you with academics and industry partners as part of exciting, project-based learning initiatives. ChallENG prepares you for your future career through practical learning experiences that are valued in the real-world. You will expand your professional expertise through a multidisciplinary learning approach that develops your technical and design skills. Many of the ChallENG projects earn academic credit (for-credit-elective) or are eligible for Industrial Training.

For more information, visit `challeng.unsw.edu.au`

Student societies

Make friends with other students and expand your professional network: join our flagship Engineering Society (EngSoc) and Women in Engineering Society (WIESoc). Our full range of societies offer professional development programs and social activities throughout the year.

For more information, visit `unsw.edu.au/engineering/student-life/student-societies`

ENGINEERING

James N. Kirby Makerspace for metal-working projects

Engineering or Engineering Science?

The Master of Engineering is designed for students who are looking to become an accredited engineer. This 2-year program includes 60-days of industrial training and is accredited by Engineers Australia, which means you can work as an engineer in Australia and around the globe.

The Master of Engineering Science is designed for qualified and professional engineers to upskill, reskill or retrain in a specific area of engineering. There are 22 specialisations to choose from. Depending on your previous studies and experience you can complete this degree in just one year.

Engineering

Master of Engineering

Program code 8621

CRICOS code 067604G

Duration 2 years

Entry February, May and September

Estimated first year tuition AUD$54,000

For a postgraduate qualification respected and recognised by employers globally, join a faculty ranked 16th in the world (for civil and structural engineering) and 1st in Australia for engineering and technology.* Develop specialised skills and knowledge in today's most in-demand engineering specialisations to take your career to the next level.

*QS World University Rankings by Subject 2024

■ This program has compulsory Work Integrated Learning components

The Master of Engineering aims to provide deeper project experience and increased technical confidence across selected research disciplines. It is designed for students who don't have an accredited engineering qualification but who have either completed a non-accredited engineering degree or the equivalent of the first three years of an accredited engineering degree.

Entry requirements
Entry into the Master's program requires either completion of:
• 4-year Bachelor of Engineering degree (or equivalent) in a cognate discipline that is not completed in Australia; or
• 3-year Engineering Science degree in a cognate discipline.

A minimum 65% average, or its equivalent, throughout the qualifying bachelor's degree is mandatory.

Areas of specialisation
• Biomedical Engineering
• Civil Engineering
• Electrical Engineering
• Environmental Engineering
• Mechanical Engineering
• Mining Engineering
• Renewable Energy
• Telecommunications

This degree is accredited by Engineers Australia*.

Specialisation in Mining Engineering, Renewable Energy Engineering and Biomedical Engineering is provisionally accredited by Engineers Australia.

Engineering Science

The Master of Engineering Science offers in-depth, open-ended enquiry-based projects in 22 specialisations. The degree is designed for engineers and graduates to develop and expand their technical knowledge and build management skills in their area of expertise or in a new area of specialisation.

Areas of specialisation
• Biomedical Engineering
• Chemical Engineering

• Civil Engineering*
• Electrical Engineering
• Energy Systems
• Environmental Engineering*
• Food Process Engineering
• Geotechnical Engineering & Engineering Geology*
• Geothermal Engineering
• Mechanical and Advanced Manufacturing Engineering
• Nuclear Engineering
• Photovoltaics & Solar Energy
• Project Management*
• Renewable Energy

• Robotics
• Space Systems Engineering
• Structural Engineering*
• Sustainable Systems*
• Systems & Control
• Telecommunications
• Transport Engineering*
• Water Engineering: Catchments to Coasts*
• Water, Wastewater & Waste Engineering*

*Available in the Master of Engineering Science/ Master of Commerce (Dual Award) program.

Master of Engineering Science

Program code 8338

CRICOS code 084282A

Duration 1 – 2 years

Entry February, May and September

Estimated first year tuition AUD$54,000

Entry requirements
• A 4-year Bachelor of Engineering degree (or equivalent) or 3-year Engineering Science degree in a cognate discipline, with a minimum 65% average^.

Specific specialisation requirements:
• Candidates applying for the Biomedical Engineering can gain entry through any Engineering Degree.
• Candidates applying for Project Management, Food Process Engineering, Renewable Energy, or Photovoltaics and Solar Energy can gain entry through a Science or any Engineering Degree.

Students with a non-cognate background can enter the Master of Engineering Science via the Graduate Certificate of Engineering Science/Master of Engineering Science pathway. Students can articulate to the Master of Engineering Science after passing 18 UOC of foundational courses. Find out more on the UNSW degree webpage at unsw.to/degrees.

^Qualifications from non-211 Chinese Universities will require a 70% average.

Students with an appropriate background can apply for advanced standing to complete this degree in 1 year.

Graduate Diploma in Engineering Science

Program code 5373

CRICOS code 113779J

Duration 1.7 years

Entry February, May and September

Estimated first year tuition AUD$54,000

Entry requirements
• A bachelor's degree or AQF Level 7 equivalent in a cognate discipline with a minimum 65% average.^

You can view a list of cognate disciplines on the UNSW degree page at unsw.to/degrees.

^Qualifications from non-211 Chinese Universities will require a 70% average.

Graduate Certificate in Engineering Science

Program code 7373

CRICOS code 113782C

Duration 1 year

Entry February, May and September

Estimated first year tuition AUD$54,000

Entry requirements
• A bachelor's degree or AQF Level 7 equivalent in a cognate discipline with a minimum 65% average.^

You can view a list of cognate disciplines on the UNSW degree page at unsw.to/degrees.

^Qualifications from non-211 Chinese Universities will require a 70% average.

Master of Engineering Science/Master of Commerce (Dual Award)

Program code 8339

CRICOS code 108472D

Duration 1.5 – 3 years

Entry February, May, September

Estimated first year tuition AUD$55,000

Leaders in engineering organisations require both technical knowledge and business acumen. The Master of Engineering Science/ and Master of Commerce is designed for early or mid-career professionals to advance their careers.

You'll combine your engineering degree with up to two commerce specialisations to gain knowledge and skills in professional decision making, project and staff management, leadership and strategy. With 23 specialisation options available you can personalise this degree to suit your career ambitions.

Entry requirements
Entry into the Master's program requires completion of a 4-year Bachelor of Engineering degree (or equivalent) or 3-year Engineering Science degree in a cognate discipline.

A minimum 65% average, or its equivalent, throughout the qualifying bachelor's degree is mandatory.

In addition, a candidate applying for Project Management, Food Process Engineering, Renewable Energy, or Photovoltaics and Solar Energy is required to have a Science or Engineering Degree.

Students with a relevant background can apply for advanced standing to complete this degree in 1.5 years.

Areas of specialisation
Alongside the Engineering Science specialisations listed above you can specialise in up to 2 areas from the Master of Commerce including:

• Accounting
• Business Analytics
• Cybersecurity, Risk and Privacy
• Digital Transformation
• Economics and Finance
• Finance
• Financial Technology (FinTech)
• Global Sustainability and Social Impact
• Human Resource Management
• International Business
• Marketing
• Marketing Analytics
• Risk Management
• Strategy and Innovation

Information Technology

Information technology is fast moving. The Master of Information Technology will put you at the forefront of creating future technologies. You will learn to anticipate requirements and develop applications and services in areas such as networking, data mining and robotics. You can choose up to two majors. A Graduate Diploma in Information Technology and a Graduate Certificate in Computing is also available and is designed for those with little or no computing background.

Areas of specialisation
- Artificial Intelligence
- Cyber Security Engineering
- Database Systems
- Data Science & Engineering
- Information Technology
- Internetworking

The Master of Information Technology and Master of Commerce dual award is designed for early or mid-career professionals to approach problems with innovative solutions by harnessing business acumen and IT expertise.

Combine your specialist knowledge from the Master of IT with up to 2 specialisations from the Master of Commerce and bridge the knowledge and skills gap between information technology and business. Upskill in a wide range of business and technology-related roles with innovative, industry-relevant business thinking and become a leader, a changemaker and influencer of the new digital age.

Entry requirements
- A three-year bachelor's degree (AQF Level 7 equivalent) in a cognate discipline with a minimum 65% average*; or
- Successful completion of the UNSW Graduate Certificate in Computing (7543), UNSW Graduate Certificate in Information Technology (7546), OR UNSW Graduate Diploma in Information Technology (5546) with a 65% average.

Areas of specialisation
Alongside the Information Technology specialisations listed above you can specialise in up to 2 areas from the Master of Commerce including:
- Accounting
- Business Analytics
- Cybersecurity, Risk and Privacy
- Digital Transformation
- Economics and Finance
- Finance
- Financial Technology (FinTech)
- Global Sustainability and Social Impact
- Human Resource Management
- International Business
- Marketing
- Marketing Analytics
- Risk Management
- Strategy and Innovation

The Master of IT component of this degree is accredited by the Australian Computer Society.

*Qualifications from non-211 Chinese Universities will require a 70% average.

Food Science

Food scientists and graduates wishing to advance their skills and engineers seeking to move into food science will develop expertise through a complex, open-ended research-based project in the Master of Food Science. Gain a deep understanding of the agri-food business and develop the ability to analyse food-science problems.

```

Entry requirements
- A three-year bachelor's degree (AQF Level 7 equivalent) in a cognate discipline with a minimum 65% average.

Putting knowledge into practice in a food science lab

Mining Engineering

If you are currently working in the mining industry, or planning a career change, the Master of Mining Engineering allows you to undertake advanced study in mining engineering. Mineral & Mining Engineering is UNSW's best performing subject ranked third in the world*. You can choose one of two specialisations – Mine Geomechanics or Mine Management. Most courses can be studied on a part-time basis. A Graduate Diploma in Mining Engineering is also available.

*QS World University Rankings by Subject 2024

Areas of specialisation
• Mine Geomechanics
• Mine Management

Master of Mining Engineering

Program code 8335

CRICOS code 084284K

Duration 1.7 years

Entry February and September

Estimated first year tuition AUD$54,000

Entry requirements
• A recognised four-year (honours) degree in mining engineering, engineering geology, civil engineering or geotechnical engineering from a recognised institution with at least a credit average (65%) and no course fails.
• Completion of UNSW Graduate of Diploma in Mining Engineering (program 5335) with a minimum of 65% average and no course fails.

Note: Professional experience in the mining industry will be highly regarded.

Graduate Diploma in Mining Engineering

Program code 5335

CRICOS code 084281B

Duration 1 year

Entry February and September

Estimated first year tuition AUD$54,000

Entry requirements
• A recognised three-year degree in mining engineering or a related engineering or physical sciences discipline (three or four years) from a recognised institution with a credit average of 65% over the final two years of the degree, plus a minimum of one year relevant industry experience; or
• A degree in other technical disciplines from a recognised institution. Relevant disciplines include surveying, accounting, business, economics, information technology/ systems, biology and pharmacy for example. A minimum of one-year relevant industry experience is essential for applicants with a three-year degree and is highly regarded for applicants with a four-year degree.

Entry is considered based on a portfolio supporting the application, including details of relevant industry experience. An entry interview may be required.

Graduate Certificate in Mining Engineering

Program code 7335

CRICOS code 108475A

Duration 0.7 years

Entry February and September

Estimated First year tuition AUD$27,000

Entry requirements
• Relevant mining industry experience with vocational training and a minimum four years of full-time relevant professional experience in the mining industry; or
• A three-year degree in mining engineering or a related engineering or physical sciences discipline (three or four years) from a recognised institution with a credit average of 65% over the final two years of the degree, plus a minimum of one year relevant industry experience; or
• A three or four-year degree based on portfolio supporting the application, including details of relevant industry experience. Relevant industry experience is defined by the UNSW School of Minerals and Energy Resources Engineering as professional and/or industry responsibility in mining or mining associated services; or
• A graduate certificate in mining engineering from UNSW with at least a credit average of 65% and no course fails or with permission from the Head of School or Director of Postgraduate Studies (Coursework).

Research

UNSW Engineering offers three higher degree research programs, a Doctor of Philosophy (PhD), a Master of Philosophy (MPhil) and a Master of Industrial Research in Engineering. All three are available across all eight engineering schools.

Candidates are required to undertake an original and critical research project that makes a significant contribution to existing relevant knowledge both nationally and internationally. Each degree requires submission of a thesis with the results of an original investigation or design. Candidates carry out their research under the supervision of some of Australia's leading researchers. All higher degree research programs can be undertaken with an industry-engaged research project.

Engineering schools
• Graduate School of Biomedical Engineering
• School of Chemical Engineering
• School of Civil and Environmental Engineering
• School of Computer Science and Engineering
• School of Electrical Engineering and Telecommunications
• School of Mechanical and Manufacturing Engineering
• School of Mineral and Energy Resources Engineering
• School of Photovoltaic and Renewable Energy

Join a top global law faculty

Ranked 1st in Sydney and 12th in the world and 16th in the Employer Reputation category for law and legal studies*, UNSW Law & Justice has been Australia's leader in progressive and rigorous legal education and research for over 50 years. UNSW Sydney is a leading research-intensive university, and the Law & Justice Faculty's outstanding research informs, inspires and enlivens our teaching. The faculty draws students from all over the world, introducing you to life-long peers and diverse global perspectives.

*QS World University Rankings by Subject 2024

Benefit from interactive classes

Be part of the student-focused, interactive teaching environments that pioneered Australian legal education. Interactive seminar-style classes give you the chance to ask questions, expand your ideas, sharpen your critical and analytical mind, and get to know your peers and lecturers.

Join our student society

Expand your network, excel in your studies and develop your professional skills and passion for social justice. UNSW Law Society is one of Australia's most respected student-run law organisations and has dedicated portfolios for both international and postgraduate students.

Extensive clinics and internships

Apply what you learn in the classroom to real-world practice with a wide range of work-integrated learning opportunities available. Our students do not just learn about the law, they put their studies into action through a range of internships, clinics and competitions, most of which are credited towards your degree.

Global opportunities

Add a global experience into your degree. You can do an exchange, an overseas Law elective course or an internship abroad. Overseas electives and exchange can take you to places like Brazil, China, India, Switzerland, USA or Vanuatu. There are more than 80 exchange destinations available at leading universities around the world.

Exclusive careers service

Secure a rewarding job at the end of your studies with support from our dedicated Careers Service. Our careers team collaborate with employers, recruitment agencies and UNSW alumni to advertise current legal and criminology opportunities exclusively for Law & Justice students.

Through practical skill-building services like interview preparation, resume and cover letter writing, job boards and more, we'll help to maximise your opportunities in the job market during your studies, and beyond. You'll be equipped with the information, connections and job search skills you need to become a highly employable graduate.

Purpose-built Law & Justice moot court

End-to-end legal education

If your ambition is to practise law in Australia, completing a Juris Doctor is your first step towards becoming a lawyer, followed by Practical Legal Training (PLT). All law graduates in Australia must complete PLT to practise as a lawyer. UNSW's PLT is the Graduate Diploma in Legal Professional Practice (GDLPP), so you can graduate with all the qualifications you need to launch your legal career from one institution.

Step 1 – Complete your Juris Doctor (JD).

Step 2 – Complete your GDLPP at UNSW*.

Step 3 – Apply to the Supreme Court for admission to practice.

> For more information, visit unsw.to/plt

*Important note for international students: This program is not CRICOS registered. International students will require a valid visa other than a student visa (e.g. a temporary graduate visa) to be eligible to apply to this program. We advise international students to seek independent immigration advice about their visa options.

Law

Juris Doctor (JD)

Program code 9150

CRICOS code 068850G

Duration 3 years

Entry February and September

Estimated first year tuition
AUD$55,000

The UNSW Juris Doctor (JD) is your pathway to admission to legal practice, as well as a wide range of law-related careers. This qualification is for people who do not have an undergraduate degree in law, or who have a law degree from an overseas institution.

Entry requirements
- A recognised bachelor's degree (or equivalent qualification) in any discipline other than law with a minimum average of at least 70% as determined by the Postgraduate Entry Score Calculator; or
- A recognised non-Australian law degree with a minimum average of at least 70% as determined by the Postgraduate Entry Score Calculator.

If you only have postgraduate qualifications and wish to apply, please write to UNSW Admissions for consideration in addition to following the standard application process.

Professional recognition
The UNSW JD is accredited by the Legal Profession Admission Board and satisfies the academic component for admission to legal practice in the state of NSW. To practise law in other jurisdictions you must satisfy the academic and accreditation criteria in that particular jurisdiction. Always refer to the relevant authority or admitting body in that country or state.

For more information visit
unsw.to/jurisdoctor

Graduate Diploma in Legal Professional Practice

Practical Legal Training (PLT) is a requirement for those seeking admission to the legal profession in Australia. Graduates of the UNSW PLT program will be awarded a Graduate Diploma in Legal Professional Practice (GDLPP).

UNSW's innovative approach to PLT is designed to develop both practical skills and proficiency in the day-to-day practice of law and to ensure graduates do not just satisfy the competency standards for entry-level lawyers, but surpass them.

The program covers the skills required to be a legal practitioner in Australia. Practice content includes Litigation and Transactional (Property, Commercial and Corporate), as well as electives in practice areas Administrative Law, Banking and Finance, Criminal Law, Family Law, Employment and Industrial Relations, and Wills and Estates. A total of 40 days' work experience forms part of the program, with opportunities to obtain placements in UNSW legal centres and clinics.

Completion of the GDLPP (a PLT program) is a requirement for admission as a lawyer in NSW.

Program code 5213

Duration 0.5 years

Note: PLT requires 20 weeks of coursework + work experience

Entry February and September

Estimated first year tuition
AUD$15,000 (*The indicative fee is for the standard program.*)

Entry requirements
- An accredited academic qualification in law – either a Bachelor of Laws degree, a Juris Doctor degree, or an equivalent qualification from an Australian tertiary institution.
- Academic qualifications from a jurisdiction outside Australia need to be assessed by the Legal Profession Admission Board (NSW) before applying to undertake Practical Legal Training (PLT).

Early start rule
You may begin the PLT program prior to completing your accredited academic qualification in law if you have completed all Priestley 11 core courses and have no more than two electives remaining. This is known as the early start rule and you must seek approval from the Legal Profession Admission Board (LPAB).

Important note for international students
This program is not CRICOS registered. International students are not eligible for an Australian Student visa for this program. International students will require a valid visa other than a student visa (e.g. a temporary graduate visa) to be eligible to apply to this program. We strongly advise international students to seek independent immigration advice about visa options. Students based overseas also need to be aware that the five day face-to-face component of Skills in Practice is held on campus at UNSW and the mandatory workplace experience component (Workplace Experience 1) must be undertaken in Australia.

Professional recognition
This graduate diploma is accredited by the Legal Profession Admission Board.

For more information, visit
unsw.to/plt

■ This program has compulsory Work Integrated Learning components.

Master of Laws

Program code 9201

CRICOS code 000733G

Duration 1 year

Entry February, May and September

Estimated first year tuition
AUD$51,000

The UNSW Master of Laws (LLM) is a highly regarded, internationally recognised postgraduate program designed to expand your legal knowledge and accelerate your career.

The Master of Laws provides an opportunity to gain mastery in a wide range of legal topics. You can choose to study a diverse range of law specialisations to increase your depth of knowledge & competency in 8 in demand fields of law. Alternatively, you can choose a broad learning experience through our generalist LLM program that provides you with knowledge that spans across our specialisations.

Areas of specialisation
- Chinese International Business and Economic Law
- Corporate, Commercial and Taxation Law
- Criminal Justice and Criminology
- Dispute Resolution
- Environmental Law and Sustainable Development
- Human Rights Law and Policy
- International Law
- Media, Intellectual Property and Technology Law

Alternatively, students can do a generalist LLM and choose courses from across all of our specialisation areas. You will also have the option to enrol in up to two courses from other UNSW faculties.

For more information, visit unsw.to/llm

Entry requirements
This program is open to law and non-law graduates, though the degree structure will differ depending on your education background. Please see the table below for minimum entry requirements and corresponding degree structure.

Minimum entry requirements	Degree structure
LLB, LLB (Honours) or JD with a credit average (65%).*	8 elective courses (48 UOC)
Degree in a related non-law discipline (e.g., Social Sciences or Humanities) with a credit average (65%).	8 courses (48 UOC) including two compulsory courses: Legal Concepts, Research & Writing and Global Common Law Systems.
Any of the above degrees, with a below credit average, plus a minimum of two years' relevant professional experience.**	8 courses (48 UOC). If your degree is in a non-law discipline, you will need to complete two compulsory courses: Legal Concepts, Research & Writing and Global Common Law Systems.

* If you have completed a law degree with a non-common law background you must complete LAWS8214 Global Common Law Systems (6 UOC) in in your first or second term.

** Includes professional experience with legal and/or policy issues. For example, you may have engaged with the law via policymaking, handling contracts or engaging with the justice system through roles in social work, criminology, government agencies, NGOs, or corporate auditing.

Research

UNSW Law & Justice has particular research strengths in:
- Criminal Law, Criminal Justice and Criminology
- Environmental Law
- Human Rights
- Indigenous Peoples and the Law
- International Law and Global Governance
- Laws of the Asia Pacific
- Legal and Regulatory Theory
- Legal Education and Experiential Learning
- Private, Corporate and Commercial Law
- Public Law
- Socio-legal Studies
- Technology, Law and Innovation

Research programs

Doctor of Philosophy (PhD)

Program code 1730

CRICOS code 006396D

Duration 3 – 4 years

Entry February, May and September

Estimated first year tuition AUD$49,500

Entry requirements
- A recognised master's degree (including a substantial research component) with at least a distinction average (75%); or
- A recognised bachelor's degree with honours class II, division I that includes a substantial research component; or
- A recognised three-year Juris Doctor degree (or equivalent) with a research component sufficient to allow assessment of research potential at the disciplinary level and where weighted average grades for the research component and the coursework results are at least equivalent (75%); or
- An equivalent combination of academic and professional qualifications.

Admission to the program is subject to appropriate supervision being available.

Program structure
The Doctor of Philosophy gives you the opportunity to conduct a significant research project that will make a substantial and original contribution to an area of knowledge. You will acquire advanced specialist skills training to produce a thesis that provides evidence of independent thought and critical analysis. The qualification requires a minimum of three years' full-time study, completion of required units in research methods and submission of a thesis normally not exceeding 100,000 words (including footnotes).

Master of Laws by Research

Program code 2440

CRICOS code 006395E

Duration 2 years (full time)
4 years (part time)

Entry February, May and September

Estimated first year tuition AUD$49,500

Entry requirements
- Completion of a recognised Bachelor of Laws degree with honours class II, division I, that includes a substantial research component; or
- A recognised three-year Juris Doctor degree with a research component sufficient to allow assessment of research potential at the disciplinary level and where weighted average grades for the research component and the coursework results are at least equivalent (75%); or
- An equivalent combination of academic and professional qualifications.

Admission to the program is subject to appropriate supervision being available.

Program structure
This program requires a minimum of 2 years' full-time study, completion of required units in research methods and the preparation of a thesis (approximately 50,000 words including footnotes).

Master of Philosophy in Law

Program code 2441

CRICOS code 104939F

Duration 2 years (full time)
4 years (part time)

Entry February, May and September

Estimated first year tuition AUD$49,500

The Master of Philosophy in Law provides a pathway to further research in law, that may be appropriate for students coming from a different discipline. It includes a coursework component that provides an introduction to legal research methods and relevant law subjects.

Entry requirements
- A recognised bachelor's degree in law or criminology or a relevant discipline with honours class II, division II or a pass degree with a credit average result.
- You must also submit a research proposal.

Admission to the program is subject to appropriate supervision being available.

Program structure
This program requires a minimum of 2 years' full-time study, completion of coursework units including research methods and submission of a thesis of no more than 40,000 words on an approved topic. You will develop competence in undertaking research through a combination of coursework and research.

In the coursework component you will be required to complete Introduction to Higher Degree Research in Law in your first term. If you are from non-common law or non-law backgrounds, you will be required to complete Global Common Law Systems. The remaining coursework unit(s) can be from those offered in the Master of Laws program. Coursework should be selected in consultation with supervisors, the Postgraduate Coordinator and Director of Postgraduate Research to ensure relevance to the proposed thesis area.

Medicine & Health

Prepare yourself for the future of health and join a community focused on improving life for all.

Make a difference as you apply your skills to take on global health problems and global health problems. Join a supportive community that's leading the future of health and improving life for all.

Gain real-world experience with research centres and health organisations through project and industry-based learning.

Develop a creative, open-minded approach to healthcare. Build your research, analytical and communication skills to become a compassionate innovator and leader in health.

Learn from leaders in the field

We're driven by innovation and excellence in health and medicine. UNSW is recognised as one of the top medical and health faculties in the world* and is among Australia's leaders in health education and research. Learn from world leaders in the fields of cancer, neuroscience, mental health, addiction, infectious disease, immunity and inflammation, and non-communicable disease such as cardiovascular disease.

*QS World University Rankings by Subject 2024

Work Integrated Learning

Gain real-world experience by doing an internship in a relevant health service or public health organisation in Australia or overseas. These opportunities will allow you to make valuable contributions to organisational healthcare initiatives.

Valuable partnerships and networks

We partner with world-leading medical research institutions and centres to deliver research and teaching that has a great impact on the progress of public health. Together, we address the most pressing health challenges around the world.

MEDICINE & HEALTH

Health Data Science

The Master of Science in Health Data Science covers subjects from the comprehension of complex health issues, through data interpretation and management, machine learning, data analytics, and data modelling and communication. The degree is ideal if you are new to the field or already working and eager to develop your knowledge. Graduate diploma and graduate certificate programs are also available.

Master of Science in Health Data Science

Program code 9372
CRICOS code 096225M
Duration 1.7 years or undertake the 2 year extension program (face-to-face or online option)
Entry February and September
Estimated first year tuition AUD$46,000

Entry requirements
- An undergraduate degree in a discipline cognate to health data science (see cognate list*); or
- A degree in a cognate or non-cognate discipline at honours level (or above).

Cognate Discipline (in a science allied with medicine) includes medicine, nursing, dentistry, physiotherapy, optometry, biomedical or biological science, pharmacy, public health, veterinary science, biology, biochemistry, statistics, mathematical sciences, computer science, psychology, (health) economics, data science and other (case by case).

Master of Science in Health Data Science (Extension)

Program code 9373
CRICOS code 110655A
Duration 2 years
Entry February and September
Estimated first year tuition AUD$46,000

Entry requirements
Please see Master of Science in Health Data Science (9372)

Graduate Certificate in Health Data Science

Program code 7372
CRICOS code 096227J
Duration 0.7 years (face-to-face or online option)
Entry February and September
Estimated first year tuition AUD$23,000

Entry requirements
- An undergraduate degree in a discipline cognate to health data science (see cognate list*); or
- An undergraduate degree in an unrelated discipline, and at least one year equivalent relevant work experience (see relevant work experience**) with supporting CV and employer provided statement of service; or
- At least three years' equivalent relevant work experience (see relevant work experience**) with supporting CV and employer provided statement of service.
- A degree in a non-cognate discipline at honours level (or higher).

Cognate Discipline (in a science allied with medicine) includes medicine, nursing, dentistry, physiotherapy, optometry, biomedical or biological science, pharmacy, public health, veterinary science, biology, biochemistry, statistics, mathematical sciences, computer science, psychology, (health) economics, data science and other (case by case).
**Relevant professional work experience includes any (professional) position involving data acquisition, management, handling, or analytics (e.g., database manager or data analyst) and tertiary-level training, demonstrating capability in a cognate discipline and exhibits potential to pursue postgraduate (level 8) studies.*

Graduate Diploma in Health Data Science

Program code 5372
CRICOS code 096226K
Duration 1 year (face-to-face or online option)
Entry February and September
Estimated first year tuition AUD$45,500

Entry requirements
- An undergraduate degree in a discipline cognate to health data science (see cognate list*); or
- A degree in a cognate or non-cognate discipline at honours level (or above)

Health Leadership and Management

The Master of Health Leadership and Management promotes health leadership in strategic planning, policy and decision making. This degree emphasises understanding and meeting the challenges of safety and quality within current and emerging health service contexts. It is tailored to either the Australian health care system or developing health care systems. Also available to you are the Health Leadership and Management (Extension) and the shorter graduate diploma and graduate certificate programs. You can take this program as a double degree with Public Health, Global Health or Infectious Diseases Intelligence.

Master of Health Leadership and Management

Program code 8901
CRICOS code 059315E
Duration 1 year (face-to-face or online option)
Entry February, May and September
Estimated first year tuition AUD$54,000

Entry requirements
- A three-year undergraduate degree in a field relevant to public health or health management (see list) and two years of full-time professional or volunteer experience. This may also include equivalent professional experience acquired as part of a degree of four or more years duration (e.g., MBBS, MD); or
- A three-year undergraduate degree plus an honours or postgraduate degree in a field relevant to public health or health management (see list below).*

Examples include, but are not restricted to, medicine, nursing, allied health, health sciences, biomedical sciences, dentistry, sociology, behavioural and social sciences, psychology, marketing, human services, emergency services, environmental health, veterinary science, health administration, business, management, engineering, law, science, mathematics and statistics, economics, policy studies, and development studies.

Professional recognition
This degree is accredited by the Australasian College of Health Service Management (ACHSM). It also provides the core competencies required for individuals wishing to apply for Royal Australasian College of Medical Administrators (RACMA) Fellowship.

Master of Health Leadership and Management (Extension)

Program code 8902
CRICOS code 059316D
Duration 1.7 years (face-to-face or online option)
Entry February, May and September
Estimated first year tuition AUD$54,000

Entry requirements
Please see Master of Health Leadership and Management (8901).

Professional recognition
This degree is accredited by the Australasian College of Health Service Management (ACHSM). It also provides the core competencies required for individuals wishing to apply for Royal Australasian College of Medical Administrators (RACMA) Fellowship.

International Students are not eligible for an Australian Student visa for this program

CRICOS code 068957G

Duration 1 year (face-to-face or online option)

Entry February, May and September

Estimated first year tuition AUD$54,000

Entry requirements
- A three-year undergraduate degree in a field relevant to public health or health management (see list)* and two years' full-time professional or volunteer experience. This may also include equivalent professional experience acquired as part of a degree of four or more years duration (e.g. MBBS, MD); or
- A three-year undergraduate degree plus an Honours or postgraduate degree in a field relevant to public health or health management (see list below).*

Examples include, but are not restricted to, medicine, nursing, allied health, health sciences, biomedical sciences, dentistry, sociology, behavioural and social sciences, psychology, marketing, human services, emergency services, environmental health, veterinary science, health administration, business, management, engineering, law, science, mathematics and statistics, economics, policy studies, and development studies.

Master of Global Health (Extension)

Program code 9051

CRICOS code 089221G

Duration 1.7 years (face-to-face or online option)

Entry February, May and September

Estimated first year tuition AUD$54,000

Entry requirements
Please see Master of Global Health (9048).

Graduate Diploma in Global Health

Program code 5567

CRICOS code 068958F

Duration 1 year (face-to-face or online option)

Entry February, May and September

Estimated first year tuition AUD$40,500

Entry requirements
Please see Master of Global Health (9048).

Graduate Certificate in Global Health

Program code 7367

CRICOS code 068959E

Duration 0.7 years (face-to-face or online option)

Entry February, May and September

Estimated first year tuition AUD$27,000

Entry requirements
Please see Master of Global Health (9048).

The dual masters in international public health and health management has provided me with the tools and skills to tackle health care challenges with a global perspective. It has been a privilege to be among and learn from experts and leaders in their fields.
—
Nikita Bathla, India
Master of Global Health/Health Leadership & Management alumna

International students are not eligible for an Australian student visa for this program if undertaken in online study mode.

Public Health

The Master of Public Health provides the multidisciplinary training required for roles in all aspects of public health practice. You will gain a deep understanding of the breadth of public health, and the core skills entailed in both professional practice and research. A Master of Public Health (Extension) is also available, as are shorter graduate diploma and graduate certificate programs. The program can also be taken as a double degree with Health Leadership and Management, Global Health or Infectious Diseases Intelligence. These double degrees can also be undertaken with an Extension in one program.

Master of Public Health

Program code 9045

CRICOS code 008969M

Duration 1 year
(face-to-face or online option)

Entry February, May
and September

Estimated first year tuition
AUD$54,000

Entry requirements
• A three-year undergraduate degree in a field relevant to public health or health management (see list below)* and two years' full-time professional or volunteer experience. This may also include equivalent professional experience acquired as part of a degree of four or more years duration (e.g., MBBS, MD); or
• A three-year undergraduate degree plus an honours or postgraduate degree in a field relevant to public health or health management (see list below)*

Examples include, but are not restricted to, medicine, nursing, allied health, health sciences, biomedical sciences, dentistry, sociology, behavioural and social sciences, psychology, marketing, human services, emergency services, environmental health, veterinary science, health administration, business, management, engineering, law, science, mathematics and statistics, economics, policy studies, and development studies.

• Aboriginal Health and Wellbeing
• Epidemiology
• Health Economic Evaluation
• Health Promotion
• Infectious Diseases Control
• International Health
• Primary Health Care
• Public Security
• Social Research

Master of Public Health (Extension)

Program code 9046

CRICOS code 061597E

Duration 1.7 years
(face-to-face or online option)

Entry February, May
and September

Estimated first year tuition
AUD$54,000

Entry requirements
Please see Master of Public Health (9045).

Graduate Diploma in Public Health

Program code 5507

CRICOS code 028073G

Duration 0.7 - 1 year
(face-to-face or online option)

Entry February, May
and September

Estimated first year tuition
AUD$40,500

Entry requirements
Please see Master of Public Health (9045).

Graduate Certificate in Public Health

Program code 7368

CRICOS code 028076E

Duration 0.7 years
(face-to-face or online option)

Entry February, May
and September

Estimated first year tuition
AUD$27,000

Entry requirements
Please see Master of Public Health (9045).

Dual Masters – Population Health

Make the most of your studies by completing two master's degrees within 1.7 years. Our suite of dual masters allows you to combine knowledge and skills from two related disciplines in public health, health leadership and management, global health or infectious diseases intelligence to enhance your career prospects.

Studying two masters concurrently gives you the opportunity to fast-track your studies. If you want to extend your knowledge, our 2-year extension options provide additional research methodology courses, research projects and opportunities to progress from a coursework master's degree that includes a research component to enrolment in a PhD.

Master of Public Health/ Health Leadership and Management

Program code 9047

CRICOS code 061598D

Duration 1.7 years or undertake the 2 year extension program (face-to-face or online option)

Entry February, May and September

Estimated first year tuition
AUD$54,000

The Master of Health Leadership and Management/Public Health double degree provides essential knowledge and skills for a career in population health and leadership roles in health service delivery. This combination of degrees will give you sophisticated capabilities for leading and managing complex health settings, including the capacity for improving health service outcomes.

2 years extension programs are available, under the program codes 9056 and 9057. Please refer to handbook.unsw.edu.au for more information

Entry requirements
Please see Master of Health Leadership and Management (8901).

Master Public Health (Extension) / Master Health Leadership and Management (9056), CRICOS code 089839F

Master Health Leadership and Management (Extension) / Master Public Health(9057), CRICOS code 089844J

Master of Public Health/ Infectious Diseases Intelligence

Program code 9059

CRICOS code 096231B

Duration 1.7 years or undertake the 2 year extension program (face-to-face or online option)

Entry February, May and September

Estimated first year tuition
AUD$54,000

The Master of Public Health/Infectious Disease Intelligence provides essential skills if you are pursuing a career in public health, with a focus on infectious diseases, epidemiology and control. This double degree program will give you an understanding of infectious diseases in the era of new and emerging disease threats.

2 years extension programs are available, under the program codes 9366 and 9363. Please refer to handbook.unsw.edu.au for more information

Entry requirements
Please see Master of Infectious Diseases Intelligence (8362).

Master Public Health (Extension) / Master Infectious Diseases Intelligence (9366), CRICOS code 0100681

Master Infectious Diseases Intelligence (Extension) / Master Public Health (9363), CRICOS code 0100684

Master of Global Health/ Public Health

Program code 9043

CRICOS code 068960A

Duration 1.7 years or undertake the 2 year extension program (face-to-face or online option)

Entry February, May and September

Estimated first year tuition
AUD$54,000

The Master of Public Health is widely recognised as essential if you want to work in population health, while the Master of Global Health is a sought-after qualification relevant to international health priorities and settings. Combined, these programs provide you with the deep understanding required for a career in Global Health.

2 years extension programs are available, under the program codes 9052 and 9054. Please refer to handbook.unsw.edu.au for more information

Entry requirements
Please see Master of Global Health (9048).

Master Public Health (Extension) / Master Global Health (9054), CRICOS code 089838G

Master Global Health (Extension) / Master Public Health (9052), CRICOS code 089846G

Master of Health Leadership and Management/Infectious Diseases Intelligence

Program code 9041

CRICOS code 096230C

Duration 1.7 years or undertake the 2 year extension program (face-to-face or online option)

Entry February, May and September

Estimated first year tuition AUD$54,000

The Master of Health Leadership and Management/Infectious Diseases Intelligence double degree provides you with the advanced disciplinary knowledge and skills for infectious disease prevention and control and health services management roles in government, community and health service settings in Australia and internationally.

2 years extension programs are available, under the program codes 9365 and 9368. Please refer to **handbook.unsw.edu.au** for more information

Entry requirements
Please see Master of Health Leadership and Management (8901).

Master Health Leadership and Management (Extension) / Master Infectious Diseases Intelligence (9368), CRICOS code 0100683

Master Infectious Diseases Intelligence (Extension) / Master Health Leadership and Management (9365), CRICOS code 0100680

Master of Global Health/ Health Leadership and Management

Program code 9044

CRICOS code 068961M

Duration 1.7 years or undertake the 2 year extension program (face-to-face or online option)

Entry February, May and September

Estimated first year tuition AUD$54,000

The Master of Global Health/Health Leadership and Management is a double degree that provides you with the knowledge and skills to carry out senior management and leadership roles in population, clinical and departmental health services. The double degree is ideal for people who want to work in international health departments, non-government organisations (NGOs), and international and bilateral aid agencies.

2 years extension programs are available, under the program codes 9053 and 9058. Please refer to **handbook.unsw.edu.au** for more information

Entry requirements
Please see Master of Health Leadership and Management (8901).

Master Global Health (Extension) / Master Health Leadership and Management (9053), CRICOS code 089837G

Master Health Leadership and Management (Extension) / Master Global Health (9058), CRICOS code 089845G

Master of Global Health/ Infectious Diseases Intelligence

Program code 9042

CRICOS code 096229G

Duration 1.7 years or undertake the 2 year extension program (face-to-face or online option)

Entry February, May and September

Estimated first year tuition AUD$54,000

The Master of Global Health/Infectious Diseases Intelligence double degree is an innovative approach to postgraduate health education. In an era of new and emerging disease threats, this double degree improves your knowledge of infectious diseases and their identification, assessment, prevention and control management approaches.

2 years extension programs are available, under the program codes 9364 and 9367. Please refer to **handbook.unsw.edu.au** for more information

Entry requirements
Please see Master of Global Health (9048)

Master Global Health (Extension) / Master Infectious Diseases Intelligence (9367), CRICOS code 0100682

Master Infectious Diseases Intelligence (Extension) / Master Global Health (9364), CRICOS code 0100678

International students are not eligible for an Australian student visa for this program if undertaken in online study mode.

Research

Studying Higher Degree Research at UNSW Medicine & Health places you alongside leading researchers breaking through the frontiers of modern medicine. State-of-the-art facilities, superior partnerships with leading medical centres and institutes together with the strength of UNSW's research-focused community creates exceptional career development opportunities for higher degree research (HDR) candidates wanting to work towards a better future in healthcare.

Research Programs

Masters by Research

Duration 1.5-2 years (full time)

3-6 years (part time)

Entry January, February, May and September

Estimated first year tuition AUD$51,500

Health Administration (2960) *CRICOS code 000731J*

Health Professions Education (2885) *CRICOS code 000964C*

Public Health (2845) *CRICOS code 000734F*

Entry requirements
- An appropriate four-year bachelor's degree with second class Honours from UNSW; or
- A qualification at a level from a tertiary institution considered equivalent by the Faculty Higher Degree Committee.

Master of Philosophy - Public Health

Program code 2713

CRICOS code 068776A

Duration 1.5-2 years (full time)

3-6 years (part time)

Entry January, February, May and September

Estimated first year tuition AUD$51,500

Entry requirements
- An appropriate bachelor's degree in the relevant discipline from UNSW; or
- A qualification from a tertiary institution at a level considered to be equivalent by the Faculty Higher Degree Committee.

Master of Philosophy - Optometry

Program code 2475

CRICOS code 059027B

Duration 1.5-2 years (full time)

3-6 years (part time)

Entry January, February, May and September

Estimated first year tuition AUD$55,000

Entry requirements
- An appropriate bachelor's degree in the relevant discipline from UNSW; or
- A qualification from a tertiary institution at a level considered to be equivalent by the Faculty Higher Degree Committee.

Master of Philosophy - The George Institute

Program code 2714

Duration 1.5-2 years (full time)

3-6 years (part time)

Entry January, February, May and September

Estimated first year tuition AUD$56,500

Entry requirements
- An appropriate bachelor's degree in the relevant discipline from UNSW; or
- A qualification from a tertiary institution at a level considered to be equivalent by the Faculty Higher Degree Committee.

Master of Science by Research

Duration 2 years

Entry January, February, May and September

Estimated first year tuition AUD$56,500 (except for Community Medicine (2810) AUD$51,500, Optometry (2900) AUD$53,000 and Vision Science (2487) AUD$53,000)

Surgery (Prince of Wales Clinical Campus) (1810) *CRICOS code 031379G*

Surgery (South Western Sydney Clinical Campus) (1811) *CRICOS code 031379G*

Surgery (St George and Sutherland Clinical Campus) (1812) *CRICOS code 031379G*

Surgery (St Vincent's Clinical Campus) (1813) *CRICOS code 031379G*

Rural Health (1795) *CRICOS code 041947J*

Vision Science (1487) *CRICOS code 070978F*

Entry requirements
- A four-year bachelor's degree with first or upper second-class honours from UNSW; or
- A completed master's degree by research from UNSW with a substantial research component and demonstrated capacity for timely completion of a high-quality thesis; or
- A qualification from a tertiary institution at a level considered by the Faculty Higher Degree Committee to be equivalent.

Exception:
Surgery - Medical degree from an Australian or New Zealand university (MBBS or equivalent medical qualification including MD)

Public Health and Community Medicine - Students who have completed a coursework Masters degree from the School with a suitable research proposal and the agreement of two potential supervisors and have:
1. Successfully undertaken a 12 UOC or 18 UOC research project as well as at least 6 UOC of a research methodology-related course from the list below:
   - PHCM9120 Qualitative Research Methods
   - PHCM9132 Applied Research Methods
   - PHCM9517 Advanced Biostatistics
   - PHCM9518 Epidemiological Methods
2. Distinction average (75%) or above for the overall Masters coursework program.
3. A letter of support from the Head of School or delegate)

International students are not eligible for an Australian student visa for this program.

Learn from world-class researchers

Study with innovative, passionate and world-renowned educators, including quantum physicist, former Australian of the Year, and the winner of the 2023 Prime Minister's Prize for Science Professor Michelle Simmons AO; Nobel Laureate Sir Fraser Stoddart; and ground-breaking recycling scientist and 2022 NSW Australian of the Year Scientia Professor Veena Sahajwalla.

Make profound scientific discoveries

Collaborate, explore and achieve with world-class laboratories, clinics and simulators giving you the tools to explore new limits and make meaningful scientific discoveries to benefit society.

Embrace a career with impact

UNSW Science is where bright minds come together to learn, explore and discover. Join a vibrant and welcoming community that prepares you for real-world challenges and future leadership opportunities. In our technology-centric world, there's increased demand for skilled scientists in a range of careers. Benefit from our leading industry partners and begin your journey to achieve your career goals and make an impact.

Aviation

Gain the skills and knowledge you need to succeed in contemporary aviation management. Developed in consultation with industry, the Master of Aviation Management is designed for students who have a degree and relevant industry experience. The Graduate Diploma in Aviation Management is available to students without a degree who have at least one year of relevant industry experience. Both programs are taught entirely online.

Master of Aviation Management

Program code 8741

Duration 2 years (online)

Entry February, May and September

Estimated first year tuition AUD$45,500

Entry requirements
• A recognised three-year bachelor's degree in any area.

Applicants with a relevant bachelor's degree and relevant industry experience may be eligible for advanced standing (also known as recognition of prior learning).
For more information visit unsw.edu. au/study/postgraduate/master-of-aviation-management

International Students are not eligible for an Australian Student visa for this program

Graduate Diploma in Aviation Management

Program code 5741

Duration 1 year (online)

Entry February, May and September

Estimated first year tuition AUD$45,500

Entry requirements
• A minimum of one year of relevant industry experience.

Applicants with more than two years of relevant industry experience may be eligible for advanced standing (also known as recognition of prior learning) and can complete the graduate diploma in less time.

Data Science and Decisions

Get ready to meet the extraordinary global demand for talented data scientists. UNSW's data science and decisions programs are designed to produce professionals who are skilled in the manipulation, visualisation and interpretation of large amounts of data. These programs bring together expertise from our award-winning School of Mathematics & Statistics, the School of Computer Science and the School of Economics.

Master of Data Science and Decisions

Program code 8959

CRICOS code 0101866

Duration 2 years

Entry February and September

Estimated first year tuition AUD$54,000

Entry requirements
• A Bachelor of Mathematics or a Bachelor of Science (with a major in mathematics, statistics or computer science) or a Bachelor of Data Science and Decisions or a suitable related degree as determined by the program authority; and
• Sufficient mathematics and/or statistics and/or data science background, as indicated by an average of 70% or above in appropriate level III university courses.

Graduate Diploma in Data Science and Decisions

Program code 5959

CRICOS code 0100703

Duration 1 year

Entry February and September

Estimated first year tuition AUD$54,000

Entry requirements
• A Bachelor of Mathematics or a Bachelor of Science (with a major in mathematics, statistics or computer science) or a Bachelor of Data Science and Decisions or a suitable related degree as determined by the program authority; and
• Sufficient mathematics and/or statistics and/or data science background, as indicated by an average of 70% or above in appropriate level III university courses.

Graduate Certificate in Data Science and Decisions

Program code 7959

CRICOS code 0100702

Duration 0.7 years

Entry February and September

Estimated first year tuition AUD$27,500

Entry requirements
• A Bachelor of Mathematics or a Bachelor of Science (with a major in mathematics, statistics or computer science) or a Bachelor of Data Science and Decisions or a suitable related degree as determined by the program authority; and
• Sufficient mathematics and/or statistics and/or data science background, as indicated by at least a credit average (65%) in appropriate level III university courses.

Marine Science and Management

Master of Marine Science and Management

Program code 8271

CRICOS code 085467F

Duration 1.7 years

Entry February and September

Estimated first year tuition AUD$51,500

The Master of Marine Science and Management is collaboratively delivered between UNSW and three Sydney Institute of Marine Science (SIMS) partner universities. It takes you beyond traditional courses to address innovative approaches to marine science. You will learn about coastal management and engineering, climate change, marine ecology and conservation, physical oceanography and modelling.

Entry requirements
- A Bachelor of Science degree (in any discipline) with at least a credit average (65%); or
- A Bachelor of Science Honours degree in any discipline; or
- A Bachelor of Science degree with an average mark of 50-65% plus at least five years' professional experience in a relevant field of marine science or environmental science; or
- Any degree with an appropriate science major with numerical or data handling skills plus at least five years' professional experience in a relevant field of marine science or environmental science.

Materials Technology

Master of Materials Technology

Program code 8717

CRICOS code 085912A

Duration 2 years

Entry February, May and September

Estimated first year tuition AUD$52,500

The UNSW Master of Materials Technology is the leading materials technology postgraduate degree in Australia, offering a wide range of courses so you can tailor your degree to your interests and equip yourself with specialist knowledge. Advance your knowledge across all major classes of materials including ceramics, composites, metals and polymers, and how these materials can be transformed into eco-friendly products through sustainable manufacturing processes.

This degree will put you at the forefront of innovation, enabling you to develop materials that are lighter, greener and stronger.

Entry requirements
- A four-year bachelor's degree in a related science (physics or chemistry) or engineering (materials engineering, chemical engineering or mechanical engineering) discipline with at least a credit average (65%); or
- A bachelor's degree with a minimum average mark of 50-65% plus approximately five years' professional experience in a relevant field such as in the materials processing or testing industry; or
- A graduate certificate or graduate diploma in the materials sciences with at least a credit average (65%); or
- An honours degree at a recognised university in a related science or engineering discipline.

The Master of Materials Technology provides a platform to gain valuable work and study experience with first-class materials researchers and opportunities to meet peers from around the world with the same background. The most attractive part of this degree was the open research atmosphere and advanced research instruments. It provides a strong foundation to start a future materials-related career, and the resource of your peers will be a treasure in your future work.

—

Yue Jerry Jiang
Master of Materials Technology

Mathematics and Statistics

Master of Financial Mathematics

Program code 8161

CRICOS code 058739M

Duration 1.7 years

Entry February

Estimated first year tuition AUD$53,000

Financial planning, analysing business risks and managing investment portfolios all rely heavily on mathematical modelling. The Master of Financial Mathematics will provide you with high-level training in the principles of modern finance and its mathematical foundations, stochastic analysis, risk assessment and relevant computational techniques.

Entry requirements
- A Bachelor of Mathematics or a Bachelor of Science (with a major in mathematics or statistics); and
- Sufficient mathematical/statistical background, as indicated by at least a credit average (65%) in level III mathematics and/or statistics university courses.
- In addition, you must have permission from the Head of School or Nominee to be admitted into the program.

Graduate Diploma in Mathematics and Statistics

Program code 5659

CRICOS code 028077D

Duration 1 year

Entry February, June and September

Estimated first year tuition AUD$53,000

Deepen the mathematics or statistics knowledge you gained in your undergraduate studies. This flexible program offers intensive, high-level training in principles of mathematical sciences and statistics. You can sample a variety of areas for specialisation in further study.

Entry requirements
- A Bachelor of Mathematics or a Bachelor of Science (with a major in mathematics or statistics); and
- Sufficient mathematical/statistical background, as indicated by at least a credit average (65%) in level III mathematics/statistics university courses.
- In addition, you must have permission from the Head of School or Nominee to be admitted into the program.

Master of Mathematics

Program code 8719

CRICOS code 080059G

Duration 1.7 years

Entry February, May and September

Estimated first year tuition AUD$53,000

From fundamental and abstract research to specific theories supporting new scientific findings – the spectrum of mathematics is far and wide. The Master of Mathematics provides intensive, high-level training in all aspects of mathematical sciences. The flexible structure allows you to build a program that best suits your interests.

Entry requirements
- A Bachelor of Mathematics or a Bachelor of Science (with a major in mathematics or statistics); and
- Sufficient mathematical/statistical background, as indicated by at least a credit average (65%) in level III mathematics/statistics university courses.
- Students can apply to articulate into the Master of Mathematics from the Graduate Diploma in Mathematics and Statistics or Graduate Certificate in Mathematics and Statistics, subject to academic performance.
- In addition, you must have permission from the Head of School or Nominee to be admitted into the program.

Graduate Certificate in Mathematics and Statistics

Program code 7659

CRICOS code 056230A

Duration 0.7 years

Entry February and September

Estimated first year tuition AUD$26,500

Are you interested in a maths and stats degree with a significant quantitative element, such as science, engineering or finance? If you want to consolidate your mathematical background for further studies, the Graduate Certificate in Mathematics and Statistics is a short program designed to deepen your knowledge from undergraduate studies.

Entry requirements
- A Bachelor of Mathematics or a Bachelor of Science (with a major in mathematics or statistics); and
- Sufficient mathematical/statistical background, as indicated by at least a credit average (65%) in level III mathematics/statistics university courses.
- In addition, you must have permission from the Head of School or Nominee to be admitted into the program.
Master of Statistics

Program code 8750

CRICOS code 001008F

Duration 1.7 years

Entry February, May and September

Estimated first year tuition AUD$52,500

The Master of Statistics is the longest running program of its kind in Australia. Strengthen your knowledge of statistical science and develop your consulting and project writing skills. This program provides advanced training for aspiring statisticians and students seeking to complete higher research in statistics.

Entry requirements
- A Bachelor of Mathematics or Bachelor of Science (with a major in mathematics or statistics); and
- Sufficient mathematical/statistical background as indicated by at least a credit average (65%) in level III mathematics/statistics university courses.
- Students can apply to articulate into the Master of Statistics from the Graduate Diploma in Mathematics and Statistics or Graduate Certificate in Mathematics and Statistics, subject to academic performance.
- In addition, you must have permission from the Head of School or Nominee to be admitted into the program.

Physical Oceanography

Master of Physical Oceanography

Program code 8518

CRICOS code 106823B

Duration 1.7 years

Entry February, May and September

Estimated first year tuition AUD$52,500

Designed for graduates in science, engineering and related disciplines, this program provides advanced training in the theory and understanding of physical processes in the ocean. You will gain quantitative skills, ranging from simulation to data acquisition and advanced statistical and computational analysis through disciplinary courses that reflect current practices in physical oceanography. The major research project will extend your knowledge and investigation skills, preparing you for specialised roles within the growing Blue Economy industry or higher degree research opportunities.

Entry requirements
- A recognised bachelor's degree with at least an average mark of 70% or equivalent in a related discipline.
- Students must have a minimum of 12 UOC in level II mathematics university courses or equivalent training/experience.

The following cohorts may be eligible for recognition of prior learning up to 24 UoC:
- Students currently enrolled in the UNSW Graduate Diploma of Physical Oceanography with at least an average mark of 70%
- Graduates of an Advanced Mathematics, Advanced Science or Honours degree in a cognate discipline from a recognised tertiary institution.
- Students who have completed a relevant advanced degree in a cognate discipline; for example the Australian Bureau of Meteorology's Graduate Diploma in Meteorology.

Graduate Diploma in Physical Oceanography

Program code 5518

CRICOS code 106117F

Duration 1 year

Entry February, May and September

Estimated first year tuition AUD$52,500

The Graduate Diploma in Physical Oceanography provides graduates in science, engineering and related fields with advanced training in the theory and understanding of physical processes in the ocean. You will gain quantitative skills focusing on the ocean and marine environment, ranging from simulation to data acquisition and advanced statistical and computational analysis. You will be prepared for a career in specialised roles within the growing Blue Economy industry.

Entry requirements
- A recognised bachelor's degree with at least an average mark of 70% or equivalent in a related discipline.

Students must have a minimum of 12 UOC in level II mathematics university courses. Exceptions can be made in cases where students have received equivalent industry training or experience.

Psychology

Master of Psychology (Clinical)

Program code 8256

CRICOS code 001934A

Duration 2 years

Entry February

Estimated first year tuition AUD$52,500

This master's degree focuses on adult, adolescent and child clinical psychology, including assessment, case formulation and psychological interventions for various mental health issues. Alongside your coursework, you will complete at least 1000 hours of supervised clinical practice and a research thesis on a topic relevant to clinical psychology.

Entry requirements
- A four-year APAC-accredited sequence in psychology, including a major research thesis, completed within the last 10 years with honours class 1 (85%).

Overseas qualifications must include a major research project and must be assessed by the Australian Psychological Society (APS). Admission is based on academic merit, two referee reports and performance at an interview.

All candidates must be registered as a Provisional Psychologist with the Australian Health Practitioner Regulation Agency (AHPRA) for the duration of the program.

As the number of places available each year is limited, entry into this program is competitive. Selection is based on academic qualifications, two referee reports and performance at an interview.

For detailed information about the application process please visit:
psy.unsw.edu.au/future-students/postgraduate-coursework/how-apply

This degree is accredited by the Australian Psychology Accreditation Council (APAC).

Master of Psychology (Forensic)

Program code 8257

CRICOS code 028068E

Duration 2 years

Entry February

Estimated first year tuition AUD$52,500

Explore the intersection of psychology and law. This master's program covers forensic assessment and intervention strategies, ethical and professional practice, applications of forensic research and practice, and law for psychologists. Alongside your coursework, you will complete a research thesis and 1000 hours of supervised placement.

Entry requirements
- A four-year APAC-accredited sequence in psychology, including a major research thesis, completed within the last 10 years with honours class 1 (85%), or upper second-class honours (75%).

Overseas qualifications must include a major research project and must be assessed by the Australian Psychological Society (APS). Admission is based on academic merit, two referee reports, and performance at an interview.

All candidates must be registered as a Provisional Psychologist with the Australian Health Practitioner Regulation Agency (AHPRA) for the duration of the program.

As the number of places available each year is limited, entry into this program is competitive. Selection is based on academic qualifications, two referee reports and performance at an interview.

For detailed information about the application process please visit:
psy.unsw.edu.au/future-students/postgraduate-coursework/how-apply

This degree is accredited by the Australian Psychology Accreditation Council (APAC).

Graduate Diploma in Psychology

Program code 5331

Duration 1.7 years (online)

Entry January, March, May, July, September and October

Estimated first year tuition AUD$39,000

Gain an integrated and comprehensive education in developmental, social, cognitive, biological, physiological and abnormal psychology. This program allows you to complete an accredited three-year psychology sequence in just 1.7 years, providing a pathway to further accredited training. You will gain a solid foundation in the principles of psychology and develop skills in analysis and research methods.

Entry requirements
- An undergraduate bachelor's degree in any discipline or a higher university qualification.

This degree is accredited by the Australian Psychology Accreditation Council (APAC).

Graduate Certificate in Child Development

Program code 7419

Duration 1 year (online)

Entry March

Estimated first year tuition AUD$39,500

A unique offering in Australia, the Graduate Certificate in Child Development gives professionals from non-psychology backgrounds specialised skills to apply psychological principles to their work with children, improving outcomes for children with diverse needs. If you work in education, nursing, juvenile justice, social work or any other field involved with young people, this program will give you a highly-valued suite of psychological skills.

Entry requirements
An undergraduate bachelor's degree in any discipline or a higher university qualification.

■ This program has compulsory Work Integrated Learning components

◣ International students are not eligible for an Australian student visa for this program.

SCIENCE

Research

UNSW Science has an outstanding cohort of higher degree research students drawn from within Australia and internationally, and many of our graduates have become world leaders in their respective fields.

Our commitment to research-focused teaching and our close links with industry provide exceptional higher degree research opportunities. If you are interested in undertaking research in an area of interest with one of our schools, please contact the relevant school:

Physics (2930) *CRICOS code 000995G*

Psychology (2450) *CRICOS code 000995G*

Entry requirements
- An appropriate four-year bachelor's degree with honours from UNSW; or
- A tertiary qualification at a level considered equivalent by the Faculty Higher Degree Committee.

Master of Philosophy - Science

Program code 2475

CRICOS code 059027B

Duration 1.5 - 2 years

Entry January, February, May and September

Estimated first year tuition AUD$55,000

Entry requirements
- An appropriate bachelor's degree in the relevant discipline from UNSW at a level specified by the Faculty Higher Degree Committee; or
- A qualification from a tertiary institution at a level considered by the Faculty Higher Degree Committee to be equivalent.

Areas of specialisation
- Aviation
- Biochemistry and Molecular Biology
- Biological Science
- Biotechnology
- Chemistry
- Environmental Management
- Geoscience
- Materials Science and Engineering
- Microbiology and Immunology

Doctor of Philosophy (PhD)

Duration 3 - 4 years

Entry February, May and September

Estimated first year tuition AUD$55,000

Aviation (1900) *CRICOS code 031354F*

Physics (1890) *CRICOS code 008978K*

Psychology (1400) *CRICOS code 001047K*

Entry requirements
- An appropriate four-year bachelor's degree with first or upper second-class honours from UNSW; or
- A masters by research from UNSW with a substantial research component and demonstrated capacity for timely completion of a high-quality thesis; or
- A tertiary qualification at a level considered equivalent by the Faculty Higher Degree Committee.

Doctor of Philosophy (PhD)/Master of Psychology

CRICOS code 028106D

Duration 4 years

Entry February

Estimated first year tuition AUD$55,000

Stream
Psychology (Clinical) (1404)
Psychology (Forensic) (1405)

Entry requirements
- A four-year APAC-accredited sequence in psychology, including a major research thesis, completed within the last 10 years with honours class 1 (85%), or upper second-class honours (75%).
- Overseas qualifications must include a major research project and must be assessed by the Australian Psychological Society (APS). Admission is based on academic merit, two referee reports, and performance at an interview.
- A full scholarship is required to undertake this program.
- Primary supervision must be provided by an academic who holds a position in the School of Psychology.

■ This program has compulsory Work Integrated Learning components

Master of Industrial Research - Science

Program code 2912

CRICOS code 107253A

Duration 1.7 - 2 years

Entry January, February, May and September

Estimated first year tuition AUD$55,000

Entry requirements
- An appropriate UNSW Bachelor degree with a credit average or higher; or
- A qualification from a tertiary institution at a level considered by the Faculty Higher Degree Committee to be equivalent.

Applicants should have been in contact with a potential supervisor before applying for the program.

Study online with UNSW Sydney

Flexible start
Six intakes each year so you can start your degree sooner.

100% online
Immersive learning experiences conveniently delivered in seven-week courses

Employable graduates
UNSW is Australia's no. 1 university for employment outcomes.

UNSW CANBERRA

Postgraduate coursework programs

Courses within the master by coursework programs at UNSW Canberra are delivered through distance mode (online), or a combination of distance (online) and intensive delivery mode (IDM). International applicants may undertake these programs as offshore international students. Offshore international students are not eligible for an Australian student visa but may undertake intensive delivery mode courses on a visitor visa to Australia.

Distance Mode (online)
Distance students are not required to be physically present on campus throughout the semester. Distance Mode courses are often referred to as 'online courses' as the main method of delivering learning resources and assessment is via the online learning management system, Moodle. All coursework and forums on Moodle are asynchronous, so there is no need for you to be online at specific times.

Intensive Delivery Mode (IDM)
Students undertaking IDM courses will attend the UNSW Canberra campus for one full week of full-time, face-to-face instruction. The IDM periods are usually delivered at the start of each session, with the on-campus component followed by a period of online interaction and assessment via the online learning management system, Moodle. International students are required to obtain a visitor visa to Australia in order to attend IDM courses.

Entry Requirements
- Completion of a bachelor's degree with honours in the same or a related discipline* from a recognised institution; or
- Completion of a Graduate Diploma or Graduate Certificate in the same or a related discipline* from a recognised institution; or
- Completion of a bachelor's degree in the same or a related discipline* from a recognised institution; and completion of at least three years relevant full-time professional experience; or
- Completion of a bachelor's degree in a non-related discipline; and completion of at least four years relevant full-time professional experience; or
- Evidence of other qualifications and professional experience to be assessed as acceptable grounds for admission into the program by the relevant Program Authority. In certain circumstances, students may be required to undertake and successfully complete a relevant non-award course as a condition for admission into the program. This non-award course may also be credited towards the program upon admission.

*Related discipline/s are listed on program handbook page at handbook.unsw.edu.au/

Business

Master of Business

> **Program code** 8388
> **Duration** 1 year (online)
> **Entry** February and July
> **Estimated tuition** AUD$44,500

The Master of Business aims to develop excellent managers for the public, private and not-for-profit sectors including defence. It provides you with an advanced understanding of the concepts and principles that underpin effective management, business decision making and leadership as well as analytical skills you can use throughout your career.

Capability

Master of Capability Management

> **Program code** 8399
> **Duration** 1 year (online with IDM options)
> **Entry** February and July
> **Estimated tuition** AUD$44,500

The Master of Capability Management gives you a high level of understanding of the issues associated with the development and management of capability and capability systems. It focuses on the technical and management factors that influence the design, performance, employability, logistic support and technical integrity of material systems to achieve capability requirements.

Master of Decision Analytics

> **Program code** 8634
> **Duration** 1 year (online and IDM)
> **Entry** February and July
> **Estimated tuition** AUD$44,500

The Master of Decision Analytics is designed for those who want to develop a high-level understanding of the principles and practices of decision analytics and to strengthen their skills in this area. The degree allows you to acquire qualitative and quantitative decision-making tools for analysing complex operations environments and making appropriate decisions within those environments.

Cyber Security

Master of Cyber Security

> **Program code** 8628
> **Duration** 1 year (online with IDM)
> **Entry** February and July
> **Estimated tuition** AUD$44,500

The Master of Cyber Security provides you with a detailed understanding of the technical skills and expertise needed for the technical implementation and leadership of the cyber security function. The degree provides principles gathered from information systems, systems engineering, computer science, network security and defence to enhance a career as a cyber security specialist.

Master of Cyber Security Operations

> **Program code** 8629
> **Duration** 1 year (online with IDM options)
> **Entry** February and July
> **Estimated tuition** AUD$44,500

The Master of Cyber Security Operations gives you a detailed understanding of the managerial and technical skills and expertise relevant to planning, operation and acquisition of the cyber security function. This degree provides principles gathered from information systems, cyber security, risk, management and governance and is for managers wanting to enhance their career in cyber security operations. Through UNSW's PLuS Alliance partnership, you will be given access to courses at Arizona State university (ASU) in USA and King's College London in the UK.

Students can choose to complete the generalist Master of Cyber Security program or one of the following specialisations:
- Digital Forensics
- Advanced Tradecraft

Master of Cyber Security, Strategy and Diplomacy

> **Program code** 8631
> **Duration** 1 year (online)
> **Entry** February and July
> **Estimated tuition** AUD$44,500

The Master of Cyber Security, Strategy and Diplomacy provides advanced interdisciplinary study into the political, military, diplomatic and higher-level management aspects of issues where cyber security, strategy and diplomacy interact. Through UNSW's PLuS Alliance partnership, you will be given access to courses at Arizona State University (ASU) in the USA and King's College London in the UK.

Engineering Science

Master of Systems Engineering

> **Program code** 8567
> **Duration** 1 year (online with IDM options)
> **Entry** February and July
> **Estimated tuition** AUD$44,500

The Master of Systems Engineering will help you develop a high-level understanding of the principles and practices of systems engineering and their implementation through the design, development and application phases. You can specialise in electronic warfare, networking, space systems, test and evaluation, weapons and ordnance, marine engineering, simulation and reliability engineering.

Logistics Management

Master of Logistics Management

Program code 8564
Duration 1 year (online)
Entry February and July
Estimated tuition AUD$44,500

The Master of Logistics Management covers advanced logistics planning strategies, logistics life-cycle management, inventory management, contingency forecasting, distribution and reverse logistics. It also develops your understanding of analytical tools and systems for information flow management, including big data analysis and business intelligence techniques.

Security and Defence Management

Master of Security and Defence Management

Program code 8573
Duration 1 year (online)
Entry February and July
Estimated tuition AUD$44,500

The Master of Security and Defence Management is designed for defence, security and foreign affairs professionals who wish to gain a more detailed understanding of the factors shaping the contemporary strategic and security environment, the complex policy challenges they present, and the skills and insights required of astute managers within this context.

Space

Master of Space Engineering

Program code 8622
Duration 1 year (online and IDM)
Entry February and July
Estimated tuition AUD$44,500

The Master of Space Engineering is designed to ensure you develop a high-level understanding of the principles and practices of engineering related to space systems. You will obtain a grounding in the discipline of systems engineering and apply that body of knowledge to space systems.

People Management

Master of Strategic People Management

Program code 8563
Duration 1 year (online)
Entry February and July
Estimated tuition AUD$44,500

The Master of Strategic People Management is designed to develop middle managers, particularly in people management. This degree provides you with an understanding of systems theory and its implications for implementation. As a manager you will then be better able to interpret organisational strategy and develop appropriate, people-focused implementation plans.

Master of Space Operations

Program code 8624
Duration 1 year (online with IDM options)
Entry February and July
Estimated tuition AUD$44,500

The Master of Space Operations is designed for you to examine issues in space operations and aspects of space applications. This degree allows you to develop a high level of understanding of the issues associated with the planning, operation and acquisition of space systems.

Project Management

Master of Project Management

Program code 8595
Duration 1 year (online with IDM options)
Entry February and July
Estimated tuition AUD$44,500

The Master of Project Management provides you with an understanding of and advanced analytical skills in the key areas required to manage projects. There is a strong emphasis on extending skills and knowledge and vocational experiences to enable you to apply your high-level understanding to real-world problems within any industry.

War Studies

Master of War Studies

Program code 8571
Duration 1 year (online)
Entry February and July
Estimated tuition AUD$44,500

The Master of War Studies is an interdisciplinary degree focused on war and its effects. It is built around a central core of subjects in military history, with additional options addressing topics in strategy, international relations, security and literature. It hones analytical and interpretive skills within a wide range of military-related courses.

Workforce Planning

Master of Workforce Planning

Program code 8561
Duration 1 year (online)
Entry February
Estimated tuition AUD$44,500

The Master of Workforce Planning enables the development of skills that will improve organisational productivity through the process of systematically predicting the future demand and supply of the employees. You will acquire the knowledge to enable the forecasting and deployment of capability in order to support the strategic development of an organisation.

The program integrates strategic theory with modelling applications. The program includes optional research project courses that enable students to produce a substantial piece of research-based scholarship during their degree.

◤ International students are not eligible for an Australian student visa for this program.

Special Operations

Master of Special Operations and Irregular Warfare

Program code 8632
Duration 1 year (online)
Entry February and July
Estimated tuition AUD$44,500

The Master of Special Operations and Irregular Warfare is aimed at military personnel and those in the security policy community, including security contractors, who would benefit from a better understanding of special operations as a military instrument. This is the only degree of its kind in Australia and is developed by Special Operations Command personnel in conjunction with UNSW academics.

Strategy and Security

Master of Strategy and Security

Program code 8572
Duration 1 year (online)
Entry February and July
Estimated tuition AUD$44,500

The Master of Strategy and Security is designed for postgraduate scholars, foreign affairs, security and defence professionals who want to gain a deeper and more advanced understanding of the environmental factors shaping global security, as well as the complex policy challenges presented by the Australian Government's new security agenda.

Sustainment Management

Master of Sustainment Management

Program code 8566
Duration 1 year (online and IDM)
Entry February and July
Estimated tuition AUD$44,500

The Master of Sustainment Management provides you with an opportunity to develop a detailed understanding of the managerial and technical skills relevant to planning, acquisition and sustainment of complex technology and systems over their life cycles. You will also learn how to procure capability according to organisational strategy and to develop appropriate implementation and sustainable plans.

UNSW CANBERRA

Research

Higher degree research programs allow you to undertake a more thorough exploration of a field or topic. Higher degree research programs at UNSW Canberra include the Professional Doctorate, Master of Philosophy, Masters by Research, and Doctor of Philosophy (PhD).

The major component of a higher degree research program is a substantial written work (a thesis), which investigates a particular subject or issue. As a research student, you will work more independently than a postgraduate coursework student while under the direction of an academic supervisor or a supervisory panel of academic staff. Overseas international

students are eligible for an Australian student visa. Full details on all research programs, applications, scholarships and support services can be found at:
unsw.edu.au/canberra/study-with-us/postgraduate-research

Research Programs

Master of Arts by Research

Program code 2406

CRICOS code 085772G

Duration 2 years

Entry February, May and September

Estimated first year tuition AUD$42,000

Entry requirements
• An appropriate four-year UNSW bachelor's degree with lower second-class honours or higher; or
• An equivalent qualification from a tertiary institution, as determined by the Higher Degree Research Committee (HDRC).

Master of Business by Research

Program code 2223

CRICOS code 093557D

Duration 2 years

Entry February, May and September

Estimated first year tuition AUD$42,000

Entry requirements
• A relevant four-year UNSW bachelor's degree with lower second-class or higher; or
• An equivalent qualification from a tertiary institution, as determined by the Higher Degree Research Committee (HDRC).

Master of Engineering by Research

Duration 1.5 - 2 years

Entry February, May and September

Estimated first year tuition AUD$42,000

Aerospace Engineering (2693) *CRICOS code 085754K*

Civil Engineering (2651) *CRICOS code 085777C*

Electrical Engineering (2663) *CRICOS code 085778B*

Mechanical Engineering (2691) *CRICOS code 085779A*

Entry requirements
• A relevant four-year UNSW bachelor's degree with lower second-class honours or higher; or
• An equivalent qualification from a tertiary institution, as determined by the Higher Degree Research Committee (HDRC).

Master of Science by Research

Duration 1.5 - 2 years

Entry February, May and September

Estimated first year tuition AUD$42,000

Chemistry (2911) *CRICOS code 085792D*

Computer Science (2925) *CRICOS code 085780G*

Geography (2041) *CRICOS code 085797K*

Mathematics & Statistics (2921) *CRICOS code 085781G*

Oceanography (2042) *CRICOS code 085798J*

Physics (2931) *CRICOS code 085791E*

Entry requirements
• A relevant four-year UNSW bachelor's degree with lower second-class honours or higher; or
• An equivalent qualification from a tertiary institution, as determined by the Higher Degree Research Committee (HDRC).

Master of Philosophy

Duration 1.5 - 2 years

Entry February, May and September

Estimated first year tuition AUD$42,000

Aerospace, Civil and Mechanical Engineering (2227) *CRICOS code 085763J*

Business (2226) *CRICOS code 085762K*

Humanities and Social Science (2225) *CRICOS code 085761M*

Information Technology and Electrical Engineering (2228) *CRICOS code 085767E*

Physical, Environmental and Mathematical Science (2229) *CRICOS code 085768D*

Entry requirements
• A relevant three-year UNSW bachelor's degree or an equivalent qualification from another tertiary institution; or
• An equivalent qualification from a tertiary institution, as determined by the Higher Degree Research Committee (HDRC).

Professional Doctorate - Cyber Security

Program code 1748

CRICOS code 093558C

Duration 3 years

Entry February, May and September

Estimated first year tuition AUD$42,000

Entry requirements
• A relevant UNSW bachelor's degree or an equivalent qualification from another tertiary institution; and
• Completion of qualifying program* (master's with discipline specific) to an approved standard (distinction average or above); and
• Professional experience.

*Qualifying programs include: Master of Cyber Security (8628), Master of Cyber Security (Operations) (8629) and Master of Cyber Security, Strategy and Diplomacy (8631).

Professional Doctorate - Information Technology

Program code 1743

CRICOS code 085796M

Duration 3 - 4 years

Entry February, May and September

Estimated first year tuition AUD$42,000

Entry requirements
• A relevant UNSW bachelor's degree or an equivalent qualification from another tertiary institution; and
• Completion of qualifying program (master's with discipline specific) to an approved standard (distinction average or above); and
• Professional experience.

Professional Doctorate - Project Management

Program code 1742

CRICOS code 085770K

Duration 3 years

Entry February, May and September

Estimated first year tuition AUD$42,000

Entry requirements
• A relevant UNSW bachelor's degree or an equivalent qualification from another tertiary institution; and
• Completion of qualifying program (master's with discipline specific) to an approved standard (distinction average or above); and
• Professional experience.

Professional Doctorate - Systems Engineering

Program code 1741

CRICOS code 085769C

Duration 3 years

Entry February, May and September

Estimated first year tuition AUD$42,000

Doctor of Philosophy (PhD)

Duration 3 - 4 years

Entry February, May and September

Estimated first year tuition AUD$42,000

Aerospace Engineering (1663) *CRICOS code 085748G*

Chemistry (1871) *CRICOS code 085793C*

Civil Engineering (1631) *CRICOS code 085782F*

Computer Science (1885) *CRICOS code 085783E*

Your supported pathway to a master's degree

Progress to UNSW postgraduate studies with UNSW College

If you've completed your undergraduate studies and aspire to progress to a master's degree but do not meet the direct entry requirements, a UNSW College Pre-Masters Program can get you there.

UNSW College is wholly owned by UNSW Sydney offering world-leading university pathway programs at the UNSW Sydney campus and international campuses.

Pre-Masters Program

Enhance your critical thinking, academic writing, project management, research, and communication skills to succeed in the future. On successful completion of your 15-week Pre-Masters Program, you will gain guaranteed entry to your chosen UNSW master's degree in one of the following:

• Engineering
• Engineering Science
• Information Technology.

```

English Pathways

UNSW College offers Academic English Programs which can help you improve your English skills and prepare you for success at university and in your future career.

The University English Entry Course (UEEC) is designed specifically to help you meet the English language entry requirements for a UNSW degree. There are 10, 15, and 20-week courses available, depending on your level of English.

• Get direct entry to UNSW – 90% of UEEC graduates progress to UNSW.
• Prepare for your study at UNSW – improve your academic English language, literacy, digital skills, and gain a range of learning and research skills, access academic information and UNSW's learning resources.
• Develop collaborative and independent learning skills through hands-on, supportive lessons, and receive individual feedback every week.
• Explore a wide range of global topics and issues through lessons and tasks that are based on authentic university lectures and readings.
• Build your confidence and practise communication for real university situations.

For more information, visit unswcollege.edu.au/study/university-english-entry-course

Depending on your current level of English, there are different English pathway courses available to you.

UEEC Entry Requirements

Postgraduate: General, with exceptions:
• Master of Teaching (Primary & Secondary) (UEEC not accepted)
• Master of Psychology (Clinical & Forensic) including combined PhD/Master (UEEC not accepted)
• Master of Clinical Neuropsychology (UEEC not accepted)
• Graduate Certificate in Myopia Management

Postgraduate research: Engineering, Medicine & Health, Science
UNSW Canberra Postgraduate and Postgraduate research

	10 Weeks	15 Weeks	20 Weeks
IELTS	6.0, Writing 6.0	6.0, Writing 5.5	5.5, Writing 5.5
TOEFL iBT	80, Writing 20	75, Writing 18	65, Writing 18
Pearson Test of English	54, Writing 54	50, Writing 50	46, Writing 46

Postgraduate: UNSW Business School, Law & Justice, and Graduate Certificate in Myopia Management
Postgraduate Research: Arts Design & Architecture

	10 Weeks	15 Weeks	20 Weeks
IELTS	6.5, Writing 6.0	6.0, Writing 6.0	6.0, Writing 5.5
TOEFL iBT	90, Writing 23	80, Writing 20	75, Writing 18
Pearson Test of English	64, Writing 54	54, Writing 54	54, Writing 46

Postgraduate research: UNSW Business School and Law & Justice

	10 Weeks	15 Weeks
IELTS	6.5, Writing 6.5	6.5, Writing 6.0
TOEFL iBT	90, Writing 25	90, Writing 23
Pearson Test of English	64, Writing 58	64, Writing 54

• Note: Sub-scores may apply. Students who do not meet the entry requirements may be eligible to study the 10-week Essential Academic English Course prior to starting UEEC.

Tertiary Orientation Program

If you have a full offer from UNSW and an IELTS 6.5, UNSW College's Tertiary Orientation Program (TOP) will help you prepare for Australian university culture, understand requirements and develop academic English skills to maximise your success. This 5-week course will develop your academic communication and literacy skills and improve your cultural awareness.

Advance with the help of experts

• Study at Australia's first university languages centre.
• Learn from an institution with over 50 years of experience in language teaching.
• Access world-class university facilities and social surroundings while studying at UNSW Sydney campuses.

Prepare for life at UNSW

• Develop and present strong academic arguments on issues in your field of study.
• Develop skills to manage university assignments, and learn to use academic search tools and UNSW learning resources.
• Prepare for university by developing your listening skills, and improving the fluency and speed of your reading.
• Become an independent learner and build your confidence through a range of communication activities.

Tuition fees for postgraduate coursework programs

Each degree is different and so are the costs. This guide gives you an idea of potential fees.*

Faculty	2024 (AUD$/UOC)	2025 (AUD$/UOC)
Arts, Design and Architecture		
Arts	$870	$915
Design	$900	$945
Architecture	$975	$1,025
Engineering	$1,130	$1,185
Engineering Accelerated (online)	$800	$840
Law and Justice	$1,095	$1,150
Criminology	$870	$915
Juris Doctor	$1,150	$1,210
Practical Legal Training Program	$495	$520
Law and Justice Accelerated (online)	$800	$840
Medicine and Health		
Public Health & Community Medicine	$1,125	$1,180
Vision Science	$1,160	$1,220
Exercise Science	$1,155	$1,215
Women's & Children's Health	$745	$780
Science	$1,090	$1,145
Aviation (AVIA)	$945	$990
Science Accelerated (online)	$800	$840
Business	$1,170	$1,230
AGSM	$890	$935
MBA	$1,555	$1,635
Management	$1,135	$1,190
Business Accelerated (online)	$800	$840

*Indicative fees only

Science and Engineering Building

This guide shows indicative fees only because every student's study choices are different, therefore, total costs will vary. Here are a few things to consider when calculating your expected fees.

Fees are per course
Fees for international students are set according to the course (subject) and not the program. The fees reflect the relative cost of delivering the course and are calculated per unit of credit (UOC). For example, a science course is likely to cost more than an arts course. Therefore, your total tuition fees will vary depending on which courses you choose.

Fees vary each year
Fees for courses (subjects) change from year to year. The tuition fees are for students commencing in 2024. The fees for 2024 are indicative only; fees may change during the program. Actual fees for 2025 will be released in late 2024.

For more information, visit student.unsw.edu.au/fees

Estimating your tuition fees
Estimates for each program are outlined in the faculties and postgraduate programs section, starting from page 26. You can also calculate your own expected fees by referring to the table above.

Tuition fees* for postgraduate research programs

Faculty	2024 (AUD$/UOC)	2025 (AUD$/UOC)*
Arts, Design & Architecture		
Arts	$815	$855
Built Environment	$905	$950
Design	$880	$925
Business School	$820	$860
Engineering	$1,145	$1,200
Law & Justice	$1,035	$1,085
Medicine & Health	$1,175	$1,235
Optometry and Vision Science	$1,100	$1,155
Public Health & Community Medicine	$1,070	$1,125
Science	$1,145	$1,200
UNSW Canberra	$880	$925

*Indicative fees only

Coursework program fees

A coursework master's program will require 48 units of credit (UOC) per year, a graduate diploma will require 36 or 48 UOC per year, online study programs require 36 UOC per year, while a graduate certificate requires 24 UOC per year. Most courses (subjects) are 6 UOC.

A typical postgraduate program will include courses from within the faculty offering the degree. However, if you do choose courses from outside your faculty, they will be charged at the rate set by that faculty. As an example, the course Environmental Impact Assessment will be calculated using the Faculty of Science rate, which is AUD$1,090 per UOC in 2024.

Research program fees

The indicative tuition fees listed for research programs are for a standard full-time year of study, which is 48 UOC per year.

Some research degrees combine coursework with research. In this case, your research tuition fee covers the cost of these courses and you are not required to pay an additional fee.

Graduate diplomas by research are not classified as research degrees and fees are calculated using the value of individual courses undertaken.

For more information about the UNSW fees, including refund of fees and overpayments, visit student.unsw.edu.au/fees-policy

Other study-related costs

Some programs and courses have costs which are additional to the tuition fees, such as costs relating to laboratory kits, equipment, and field trips. Textbooks are not considered compulsory, but we recommend budgeting around AUD$1,000 per year. A compulsory non-tuition fee of AUD$1,000 per year also applies.

An estimate of your total costs (tuition and other study-related costs) will be shown on your Confirmation of Enrolment Form (CoE) that will be issued on acceptance of an offer of admission to UNSW.

Living costs

Living costs vary depending on each student's requirements. We estimate a single international student will need an indicative minimum of AUD$29,700 per year to cover general living expenses. This does not include the costs of large non-essential items like electrical equipment or a car. In addition, you will need at least AUD$3,400 when you arrive in Sydney to cover initial expenses such as a rental bond payment (security deposit), electricity, gas, and telephone connection fees, and basic furniture and household items.

For more information, visit student.unsw.edu.au/approximate-weekly-costs

Overseas student health cover

If you are in Australia on a student visa you will need to pay for health insurance through the Overseas Student Health Cover (OSHC) scheme and maintain insurance for the duration of your visa.
All international students must be covered by health insurance from the date they arrive in Australia until the date they depart, regardless of when they start or complete their program. It is your responsibility to ensure your health insurance policy matches your arrival and departure dates.

The only exception is for students from Belgium, Norway, and Sweden who are covered by Swedish National Board of Student Aid (CSN) or Kammarkollegiet (Swedish students not covered by these agencies will need OSHC). These students will need to provide proof of official health insurance cover from their home government provider.

There are six registered providers of OSHC

The six registered providers are Medibank Private (UNSW's preferred overseas student health cover provider), Allianz Care Australia, BUPA Australia, NIB Health Funds Ltd, Australian Health Management and CBHS International Health.

Medibank comprehensive insurance is the preferred cover for all UNSW students. Medibank OSHC will pay benefits towards your medical and hospital treatment, medically necessary ambulance transport, and most prescription medicines. Be aware that there may be some exclusions for pre-existing conditions, and you may have to serve a waiting period to receive some services.

Some services are not covered by Medibank's policies. These include optical, physiotherapy, dental, and some pharmaceuticals. If you want to be covered for these expenses, you will need to take out additional insurance.

For more information about Medibank OSHC and terms and conditions, visit: medibankoshc.com.au/unsw

United States financial aid

We are authorised by the US Department of Education to administer Federal Direct Loans for eligible US students studying at UNSW. If you are eligible for this support, the UNSW Financial Aid Office will be able to help you with your application.

For more information, visit unsw.edu.au/study/how-to-apply/fees/financial-aid

International student loans

If you are from Canada, Sweden, Norway, Denmark, or the UK and have applied for a student loan or a grant from your home country, we can help you certify your enrolment at UNSW.

Please send the Certification Form to financialaid@unsw.edu.au

For more information, visit unsw.edu.au/study/how-to-apply/fees/financial-aid

Supporting you in times of change

Deferrals

If you have a UNSW offer and need to defer to an alternative commencing term, please let us know as soon as you can, and we will support you in this process.

For more information on deferrals, visit student.unsw.edu.au/deferment

Important information about online/distance learning

UNSW prides itself on being able to offer you flexible study options when you plan your course enrolment. Your student visa places certain limitations on the total number of Units of Credit (UOC) you can undertake online or by distance during your program and during each compulsory study period:

• 67% or more of your total program must be completed in a face-to-face setting

• You must enrol in at least one face-to-face course in each compulsory study period

If you are a US citizen or eligible permanent resident and are planning on using US Federal Direct Loans, you cannot undertake any online or distance courses to remain eligible for federal student aid.

All international students on a student visa, studying in face-to-face degrees, will need to come to Sydney to start their degree in order to be compliant with the ESOS Act and National Code. Under the ESOS Act, international students who hold student visas can complete no more than one third of their degree online and must study at least one course face-to-face each term.
