SERVE TO EXCEL

Saveetha Medical College is inspired by the mission to create a new genre of doctors trained to highest levels of competence, committed to excellence, guided by professional ethics, ready to serve and lead the world tomorrow. We have developed a systematic, structured program on graded skills development and skills acquisition. Students are introduced to the world of medicine from the first year onwards, helping them develop greater interest in Medicine, building strong foundations in professionalism.

The community based training program ensures that students root their learnings in the community, and inculcate a sense of social purpose. A heavy focus on research methods and mandatory research projects helps in creating a penchant for problem solving.

Recognized by the Medical Council of India, Saveetha Medical College has Post Graduate Courses in all the broad specialties providing the best of medical education, delivering ethical health care and conducting cutting edge research utilising new age technology.

Student Centric Learning Process helps create ambience for critical thinking, creativity and scientific temper. Open source learning management system with self learning modules, forums, reflective logs and role plays compliment the teaching learning process.

5 

Five Star ranking for Saveetha Medical College & Hospital By The Pioneer Newspaper
