Experience The Difference

About us

New Uzbekistan University is the first public autonomous university in Uzbekistan.

NUU is a world-class university with a mission to develop top talents across the country and around the world, to nurture future leaders and innovators. NUU is dedicated to encouraging the best academic and professional practices through an integrated multi-disciplinary curriculum and research.

Our highly qualified faculty and staff members are a living proof of great education and expertise.

Our curriculum integrates fundamental courses in mathematics, physics, chemistry and other natural sciences, as well as technology, with broad perspectives in humanities, arts, and social studies, to encourage creativity and innovation in science, research and entrepreneurship.
