topuniversities.com/universities/monash-university/postgrad

Monash University is the only Australian member of the prestigious M8 Alliance of Academic Health Centres and Medical Universities. This global grouping includes Johns Hopkins University, the Sorbonne in Paris, Imperial College London and the Charité in Berlin.

Alliances

Monash University is a member of Australia's Group of Eight universities. The group's members produce more than 70 per cent of all basic research conducted at all of Australia's public universities.

Monash is a five-star plus institution.
Receiving five-star ratings in a range of qualities from employability to sport facilities and community engagement.
This means we are not just world-class but an elite destination to which the very best students and faculty worldwide aspire.

INTERNATIONAL POSTGRADUATE COURSE GL

2

Your study options Study modes

Whether you want to get ahead in your career faster, or simply just improve your knowledge, a Monash postgraduate degree can give you a distinct advantage.

Professional entry master's courses

Some postgraduate courses are specifically designed to prepare people who have completed an undergraduate degree to enter a regulated profession such as law, accounting or teaching. These courses can be two to four years depending on the discipline. While some of these professions can also be studied at undergraduate level, you might make the decision to enter the professional course after you have completed your first degree.

Expert master's courses

These courses allow you to either extend knowledge and expertise gained through your undergraduate degree or add breadth to your knowledge and skills within a new or complementary field.

If you complete a four-year bachelor's degree, you can usually complete an expert master's degree in the same discipline in only one year meaning you graduate with both a bachelor's and a master's degree in five years.

Research

Monash offers research-based postgraduate courses in most disciplines.

These courses offer you the opportunity to pursue your passion in a supportive environment while working with some of the brightest minds. A postgraduate research degree can take between one and four years of full-time study.

We understand that postgraduate student's have many priorities and commitments. That's why we offer flexible study modes to allow you to build your study around your life.

Most courses are offered in both full-time and part-time study modes. Some units are offered in intensive block mode (usually Thursday to Sunday) allowing you to arrange a short break from work to complete a unit. It's what works best for you.

Off-campus (Distance learning)

You don't have to be at Monash to study with Monash. Through our online distance learning, you can study with Australia's biggest and best-known university without ever having to set foot on campus. It's the perfect option if you need to balance university with work, family and other personal commitments. You'll study the same units and gain the same qualification as you would if you were on campus. It includes a combination of print study material and electronic communication.

Please note: Studying off-campus with Monash will not entitle you to apply for an Australian student visa.

study.monash/courses

Length of programs

Many of our master's programs offer you block credit on the basis of your education background.

0-------

1 year programs

if you wish to study a master's in the same discipline for which you have a four-year honours qualification it usually takes one =year (48 credit points).

1.5 year programs

if you wish to undertake a master's program in the same discipline as your three-year undergraduate qualification it will usually be a 1.5 year program (72 credit points).

2 year programs

if you wish to undertake a master's program in a different discipline to your three-year undergraduate qualification it will usually take two years (96 credit points).

Our graduates

Brendan Murray

Master of Education 2010

Brendan is the Executive Principal of Parkville College – a Victorian Government School established to provide quality education for all young people detained in custody.

Deeply embedded in his community, Brendan is also the co-founder and former principal of the Pavilion School – a Victorian Government school that seeks to provide the highest standard of public education for adolescents who are disengaged from education. He was awarded the Victorian Outstanding Secondary Teacher Award in 2009 as well as the inaugural Australian Federal Government Closing the Gap Award. Having completed his Master of Education in 2010, Brendan now intends to pursue a PhD.

Dr Michelle McIntosh

Bachelor of Pharmacy, 1997; PhD, 2000; Graduate Certificate in Higher Education, 2009

Michelle leads a team at Monash Institute of Pharmaceutical Sciences working on a project to develop an aerosol delivery system for oxytocin that can be inhaled by patients from

a simple, disposable device immediately after childbirth. Every year more than 100,000 women die of postpartum haemorrhage (PPH), a condition of excessive blood loss after childbirth.

Although PPH can be effectively prevented or treated with an injection of oxytocin, access to this drug is limited due to the requirements for refrigeration, storage and trained medical personnel for administration.

Noel Villaroman

Doctor of Laws, 2014

Dr Noel Villaroman was appointed at the United Nations (UN) Department of Political Affairs in April 2014. His work in the UN provides expert advice about the international legal protection of ethnic

and religious minorities to UN agencies, government institutions and academia across the Middle East.

Dr Villaroman also has a forthcoming book *Treading on Sacred Grounds: Places of Worship, Local Planning and Religious Freedom in Australia* based on his PhD thesis to be released in 2015.

Associate Professor Jie Wang

Master of Music 2004

Jie is an Associate Professor in the Liberal Arts Department at Berklee College of Music in Boston, USA. She has developed a

unique Chinese language, culture and music course that prepares students who are interested in exploring the huge music market in China. The course gives students basic language skills and knowledge of Chinese culture and music.

She has recently completed a dual master's degree program in vocal performance and pedagogy in musical theatre at New York University (NYU). She is the first graduate student from the Chinese mainland to study this specific program at NYU.

Rameshwari Ramachandra

MBA 19

Ramesh is recognised as one of Asia's most influential women. As managing

director of Singapore-based consulting firm Business Breakthrough Technology Pty Ltd she manages the operations and expansion of consulting initiatives and blue-chip clientele in Singapore, Malaysia, China, Taiwan, Indonesia, Vietnam, Thailand and the Philippines.

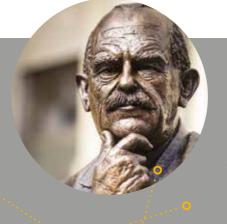

She also regularly consults and coaches senior executives and board members and provides customised coaching to family-owned businesses going through conflicts, succession and inheritance issues.

Prior to running Business Breakthrough Technology, Ms Ramachandra worked in the Asia Pacific, Australia and the US in the education, business consulting, information technology, shipping, garment and financial industries in the private and public sector.

It you're looking for a doctorate with a difference look no further than the new Monash PhD

Offering one of the widest ranges of discipline and inter-disciplinary options, it provides you with a depth of resources and knowledge needed to excel. What's more expert supervision from some of Australia's finest academics ensures that you'll produce a thesis that's not only more rounded, but more informed. The Monasi Doctoral program provides not only the foundation for personal educational development and transformation but also the added benefit of being able to add units the enable candidates to develop the skills, knowledge and experience to translate their learning into application in the workplace.

Who was Sir John Monash?

r John Monash was an Australian leader, statesman and nation-builder that ontributed to almost every level of Australian life.

well as a long and distinguished military career, Sir John was a renowned jineer and public administrator. He also features on the Australian \$100 note.

e was a man who used education to turn his natural talent into ability, lowing him to realise his ambitions. Not only do we carry Sir John's name, e also take inspiration from his philosophy of life

though Monash University is named after an individual, the University is bublic government-funded and accredited institution.

Our motto, Ancora Imparo "I am still learning", captures the essence of h approach to life.

▼ INTERNATIONAL POSTGRADUATE COURSE GUID

Our research tradition

Even before we became the global university we are today, our researchers looked beyond traditional boundaries, creating new frontiers and discovering new ways of approaching the fields in which they worked. It's why a Monash education is respected around the world. Things that we now take for granted would not exist without the initial work of Monash researchers:

First in-vitro fertilisation pregnancy

Professors Alan Trounson and Carl Wood achieved the world's first IVF pregnancy in 1973. The Trounson and Wood team went on to achieve Australia's first (and the world's fourth) successful IVF birth in 1980.

Fighting influenza

In 1986, a team from our Faculty of Pharmacy and Pharmaceutical Sciences (formerly the Victorian College of Pharmacy) designed and synthesised the anti-flu drug, Relenza. Relenza first became available in Australia in 1999 and is now used globally.

Nobel Peace Prize

In 2007, eight scientists from Monash University shared in the prestige of the 2007 Nobel Peace Prize, awarded jointly to the Intergovernmental Panel on Climate Change and former US Vice-President Al Gore.

We judge our research not only by its academic excellence, but by the impact it has on the communities we engage with and serve.

Building stronger, lighter planes with 3D printing

Eliminating
Dengue disease

Our research today

Today our ambition and optimism are stronger than ever. We have a clear vision of what we want our research to achieve and how we'll help our researchers make it happen. Although we conduct research across over 150 fields of study we focus on a number of specialisations. We call these our leading capabilities. We've grouped these capabilities into four categories:

- health and wellbeing
- future technologies
- sustainable environments
- resilient cultures and communities.

Building stronger, lighter planes

Professor Xinhua Wu and her team at the Monash Centre for Additive Manufacturing (MCAM) are creating a new aluminium alloy that will make aircraft 30 to 40 per cent lighter, twice as fuel efficient and still structurally sound. So significant is this project that they are working in close partnership with Microturbo, the European Space Agency and Bombardier.

Helping the blind to see

The Monash Vision Group (MVG), draws on the capabilities of Monash University, The Alfred hospital, and industry partners MiniFAB and Grey Innovation to develop bionic eye technology which connects to the primary visual cortex.

This means that patients unable to make use of current retinal implants because of damaged optic nerves or physical trauma to the actual eyes may now have the opportunity to see again.

Super sand

Monash has teamed up with Rice University (USA) to create a 'super sand' which acts as an inexpensive filtration device in third-world countries. They have significantly enhanced the natural filtering properties of sand by coating it with a nanomaterial called graphite oxide (GO). Lack of clean drinking water is the cause of over 2.5 million deaths per year according to the WHO.

Eliminating disease

The Eliminate Dengue Program, led by Monash University's Professor Scott O'Neill, uses a naturally occurring bacteria (Wolbachia) to reduce the ability of mosquitoes to pass dengue between people. Dengue fever affects an estimated 390 million people worldwide annually and is ranked by the World Health Organisation (WHO) as the most important mosquito-borne viral disease in the world.

monash.edu/monashmag

Monash University has five Australian campuses as well as the Monash Law Chambers in Melbourne's CBD. We also have a campus in Malaysia, a Joint Graduate School in China, a learning centre in Prato, Italy, and a research centre in Mumbai, India. Monash University awards are delivered at other locations, including at Monash South Africa.

Drive time: 3 km, approx. 10 minutes

Located three kilometres north of Melbourne's city centre, the Parkville campus houses about 2000 students from the Faculty of Pharmacy and Pharmaceutical Sciences, with first-class teaching facilities, innovative learning spaces and research laboratories. The campus is home to the Centre for Medication Use and Safety and the Monash Institute of Pharmaceutical Sciences, which comprises the largest and most experienced group of pharmaceutical scientists in Australia.

Caulfield CA

Drive time: 9 km, approx. 20 minutes

Caulfield is the second-largest Monash campus, with about 14,000 students. It's the main centre for the faculties of Business and Economics and Art Design and Architecture. Caulfield is nine kilometres from the Melbourne city centre and adjacent to Caulfield train station. The campus has a gym, library and cafes, and is close to several shopping precincts.

Clayton •

Drive time: 20 km, approx. 25 minutes

Clayton is the largest of Monash's campuses, with about 28,000 students enrolled. It combines a vibrant research, technology and manufacturing precinct with first-rate sporting facilities, shops, a student centre, libraries, a post office, banks, medical services and religious centres. The campus can be reached by public transport utilising an extensive bus network combined with train stations in surrounding suburbs.

Melbourne CBD a

All postgraduate law courses are taught at the Monash Law Chambers located at the heart of the city's legal precinct at 555 Lonsdale Street within walking distance of the Magistrates', County and Supreme courts. The Law Chambers provides independent study areas and amenities conducive to creative and independent learning.

Melbourne

Berwick **BE**

Drive time: 40 km, approx. 40 minutes

Berwick is a small, friendly campus with about 2000 students approximately 40 minutes south east of Melbourne. It's a five-minute walk from the heart of Berwick's specialty shops, cafes and business services. Berwick campus offers courses in business, education and nursing.

Peninsula PE

Drive time: 40 km, approx. 40 minutes

The Peninsula campus has about 4000 enrolled students. Situated about 40 minutes south of Melbourne, it is a centre for training health professionals and health and physical-education practitioners. It is also being developed as a centre for health-science research. There is a bus connection to Frankston train station, and a free shuttle-bus runs between Peninsula and Clayton campuses.

▶ study.monash/our-locations

All times and distances are approximate and use the most direct driving route from the Melbourne CBD.

Transport to Monash

Monash shuttle-bus

During the academic year, a free Monas shuttle-bus service runs in both directions from:

- Clayton to Berwi
- Clayton to Caulfie
- Clayton to Penins
- Frankston Station to Peninsul

After-hours buses

Clayton and Caulfield buses run to designate stops on Monday to Friday evenings from 5.30pm until late. This is a free service for current Monash students.

Public bus

All Australian campuses are accessible by public transport. Public transport timetables and maps can be found at ptv.vic.gov.au

Ca

Parking is available at or near all Australian campuses. Monash Rideshare is a carpooling scheme for students and staff travelling to Berwick, Caulfield, Clayton and Peninsula. Carpoolers are eligible for free parking.

Bicycle

For details of local bicycle paths and bicycle lanes, refer to the Bicycle Network Victoria website at bicyclenetwork.com.au Designated bicycle parking is provided at all campuses.

For more information visit

On-campus accommodation

On-campus accommodation gives you a convenient, safe and enjoyable living environment.

Living close to campus facilities ensures easy access to classes, libraries and university life. It's also a great way to concentrate on your studies, and you are part of a community of people also committed to their courses. You become a part of the programs, activities and pastoral care we offer.

It is a secure environment created by a 24-hour Monash security presence, and the costs are highly competitive with all rooms fully furnished.

Places fill quickly, so you should apply for accommodation as early as possible at:

▶ monash.edu/mrs

Accommodation

at Monash

Off-campus accommodation

Monash Residential Services provides guidance, information, resources and advocacy to students of Monash University.

The service assists with accommodation-related matters prior to arrival and during your entire time at Monash University. We can help every step of

- how to source appropriate accommodation
- tenancy legal information on what tenants need to know prior to and during their tenancy
- support with any difficulties experienced with landlords, agents or housemates
- other accommodation-related matters.
- ▶ For more information go to mrs.monash.edu/offcampus

monash.edu/studv/life

Monash University welcomes all new international students with a free airport pick-up service to take you to your accommodation.

To arrange a pick up, you must submit an airport pick-up request form at least three working days before you arrive.

▶ monash.edu/study/international/ preparing/reception

Disability support services

If you have a disability or medical condition that impedes your study, the Equity and Diversity Centre will support you to reach your full potential. Eligible students can access services such as learning support, assistive software or equipment loans.

monash.edu/equity-diversity

Academic support

During their studies, students have access to academic support programs to improve written and oral expression, reading, listening and note-taking skills. Tutors are available to guide advanced students through research methodology, conference presentation and the best way of submitting academic papers.

▶ monash.edu/counselling/ academic-support

While Melbourne is considered the world's most livable city, Monash still looks out for students welfare. We provide a range of security services to ensure our students are safe at all times. These include 24-hour security patrols, security escorts and a night-time security bus between our Clayton and Caulfield campuses.

▶ monash.edu/safety-security

We offer individual careers counselling, host career seminars and employer information sessions, where many of Australia's leading companies participate to attract new talent, as well as providing programs to assist job hunting and resume building.

▶ monash.edu/careers

The Monash e-Research Centre provides all Monash researchers with access to outstanding advice and assistance - to help you manage your research projects and data effectively and efficiently. The centre can give you the advice, information and assistance you need to help you identify, specify, develop and configure IT tools, data management systems and practices to meet your specific needs.

▶ platforms.monash.edu/eresearch

Monash Family and Child care supports Monash students with children or families. Advice is available regarding childcare, primary school, playgroups, school holiday care and other child and family support issues. Social events for international students with families are held throughout the year.

▶ monash.edu/childcare

Monash Connect Student Service Centres are located on each of the Australian campuses. Staff can deal with your questions on admissions, enrolment, fees, academic support, language support, graduations and scholarships.

▶ monash.edu/connect

The Skills Essentials seminar series comprises more than 160 seminars and workshops, specifically designed for postgraduate research students. Most sessions are free of charge and provide postgraduate students with valuable training in areas relating to candidature and skills for future employment.

mpa.monash.edu/research-postgrads

Offering a 12-week internship and work readiness training, the Professional Year Program from Monash Professional Pathways helps you obtain the skills and experience that employers demand. Fees apply.

▶ monashprofessional.edu.au

Wellbeina

Each Monash campus features a Health, Wellbeing and Development Hub that offers expert health and wellbeing counsellors, medical practitioners, multi-faith chaplains and student advisers to support students in all facets of university life - from accommodation and financial aid to work/ study and life balance issues. Information and advice is available for students on a wide range of issues including:

- settling into life in Australia
- cultural adjustment
- student visa
- health care
- finding your way around campus
- study and life balance issues.
- ▶ monash.edu/health-wellbeing

All Monash postgraduate students automatically become members of the Monash Postgraduate Association.

In addition to its seminar program, the association provides services for postgraduate students, including:

- social functions such as lunches, coffee clubs and question-and-answer sessions
- newsletters and publications including Compass, MPA guide to postgraduate programs and a weekly MPA email news bulletin
- advice, advocacy and mediation on issues that postgraduate students may encounter during their study
- representation on Monash University and faculty committees
- seminars to help you make the transition from successful study to a successful career, these seminars address helpful topics like publishing, time management, career management and writing skills.
- mpa.monash.edu.au

Art, Design and Architecture

Monash Art Design & Architecture (MADA) is a place of creative excellence and innovation. Operating out of the Caulfield campus, our vibrant faculty is at the forefront of education in creative arts, architecture and design disciplines.

- Be creative in our cutting-edge studio spaces.
- Learn from the industry's leading designers, architects and ground-breaking thinkers.
- Make your mark by pushing the creative boundaries of art and design.
- Get inspired from across the globe; study at our Prato Centre in Italy.

monash.edu/mada

Alex Martinis Roe

Bachelor of Fine Art Doctor of Philosophy

An international perspective and a strong focus on art theory and research have driven Alex Martinis Roe's success since she completed her Doctor of Philosophy at Monash University with the Silver Jubilee Scholarship in 2010. Alex was further awarded a 2013 Anne and Gordon Samstag International Visual Arts Scholarship, enabling her to undertake post-doctoral research overseas.

Alex first came to Monash as a Bachelor of Fine Art student, where she began to create intellectually engaging works that demanded careful consideration and often engagement from her audience.

"The work I made for my solo exhibition in Dublin in 2011 was a real turning point for me. I managed, for the first time, to bring other people's voices into an exhibition of mine, in a way that I felt I was happy with, in terms of its politics."

Through solo exhibitions in Europe, Korea and Australia, Alex is now making a name for herself in international contemporary art. Her current projects focus on feminist genealogies and seek to foster specific and productive relations between different generations, as a way of participating in the construction of feminist histories and futures.

"Motivated by an intense interest in the quality and affect of relations between people and texts, I work as an artist in order to practice a politics of sexual difference," Alex said.

"This is a positive practice that affirms its genealogy within the history of feminist art practice and then sometimes ruptures it toward a future symbolization of difference."

Pictured left: Alex Martinis Roe, A Box for Vertical Relations, 2012 Twenty-four borrowed library books by female authors who have had interpersonal and/or textual relations to the authors either side of her in the stack. 41.6cm x 36.7cm x 46.1cm

Coursework

Master of Architecture

LOCATION
Caulfield
FEES
\$32,200

DURATION
2 Years

The Master of Architecture is a professional entry master's degree designed to qualify you to practice as an architect after you have completed an undergraduate degree. It is ideal if you are seeking to complete your architectural education. You will be trained to have the vision to design progressive architecture that responds to the needs of contemporary society and speculates about the future.

Course code: 3120 CRICOS code: 059818D

Master of Interaction Design

Interaction designers develop digital or 'smart' products, systems and environments. They consider the behaviour of people and the context in which users interact with technology. Drawing on concepts from industrial design, engineering, computer science and psychology, interaction designers integrate technology into our daily lives. The Master of Interaction Design includes tangible interaction design, which explores the physical characteristics of a product, as well as the application of innovative technology in design.

Course code: 3124 CRICOS code: 078848G

Master of Design

The Master of Design enables designers to advance their professional practice by focusing in-depth on projects for an extended period; an opportunity not often available to designers working in a commercial setting. With the support of academic staff, you can develop a self-directed project. You will gain an expert understanding of the design process as you plan and investigate concepts, deliver a design outcome and evaluate your response to the brief.

Course code: 3113 CRICOS code: 044966D

Master of Multimedia Design

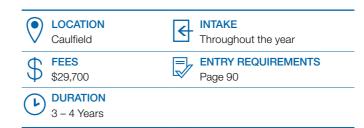

The Master of Multimedia Design has been developed for students seeking skills in multimedia and screen-based design, from motion graphics to digital publishing. In a mix of studio classes and lectures, you will learn to balance creative expression with practical professional skills. You will deliver projects to briefs, using industry-standard software and with the guidance of expert designers. In the final semester you will complete a major, self-directed project.

Course code: 3105 CRICOS code: 063213K

Research

Doctor of Philosophy

The Doctoral program at Monash rigorously trains you in research through academic supervision, plus a suite of seminars, discussion groups and coursework units. Monash has grown into a large and multifaceted institution supporting a wide range of research activities. Monash Art Design & Architecture has introduced doctoral studies to support the specific needs of the visual art, design and architecture disciplines with specialisations in:

- Architecture
- Fine Art
- Design
- Art History & Theory
- Curatorial Practice

This has included the development of a unique studio-based PhD, wherein practising artists, designers and architects are able to incorporate their studio/project activity within a research framework, at one of the top research universities in the country. The Doctoral program in Art Design & Architecture is offered by either studio-practice mode or traditional thesis only mode.

Your PhD research project should be conceived from the outset as clearly achievable within three years equivalent full-time study, with candidates expected to complete their degree within four-years of equivalent full-time study.

Course code: 1322 CRICOS code: 037830A

Master of Arts

The Master of Arts program is offered in art history and theory and focuses on the contextual study of art and design practice. Students explore the intellectual and historical context of art and design, posing critical questions, forming value judgments and articulating their ideas within an imaginative framework. You will be examined entirely on the basis of the written paper, unlike the Master of Fine Art or Master of Design, which focus on visual work. The thesis should be between 30.000 and 40.000 words.

Course code: 0498 CRICOS code: 039990B

Master of Design (by research)

•	LOCATION Caulfield	4	INTAKE February
\$	FEES \$29,700		ENTRY REQUIREMENTS Page 90
L	DURATION 2 Years		

This is a practice-based research degree that offers you the opportunity to rigorously investigate a topic of individual interest within the sphere of contemporary design. The degree is offered in the principal research areas of visual communication/ graphic design, interior architecture, product design, transport design, computer-aided design, multimedia design and industrial design. Students must also complete a sequence of two coursework units, which will guide them through the documentary dimensions of their project.

Course code: 3111 CRICOS code: 044094C

Master of Fine Art

LOCATION Caulfield	INTAKE February
\$ FEES \$29,700	ENTRY REQUIREMENTS Page 90
DURATION 2 Years	

This practice-based research degree involves you in the independent investigation of a research problem that you have formulated. It is expected that the research undertaken will make a contribution to the discipline in which you are enrolled by applying, clarifying, critiquing or interpreting that knowledge. The studio research project develops a body of creative or visual works with accompanying written (exegesis) and visual documentation. The written documentation is a commentary that outlines the development of the project and its conclusion, and provides a critical context within which the work may be viewed and assessed. The original visual works produced and the exegetical text are examined as one for Master of Fine Art candidates. Students must also complete a sequence of two coursework units, which will guide them through the documentary dimensions of their project.

Course code: 2953 CRICOS code: 034885K

Arts, Humanities and Social Sciences

With almost 10,000 students and 40 areas of study, we are the largest faculty of our kind in Australia.

Our academics are experienced specialists in their field who aim at challenging thinking and extending knowledge. Our coursework programs are informed by industry boards, and our research programs are committed to train high quality, internationally recognised scholars who are passionate about producing cutting edge research.

- Our stimulating programs feature professional and industry engagement in a global context.
- Many of our programs offer overseas study opportunities, from short-term study tours, through to full semester length study abroad.
- Soak up the knowledge of some of the greatest minds.

monash.edu/arts

Mel Barnes Master of Tourism

Mel chose to pursue her postgraduate studies alongside her full-time career, to have an advantage over other graduates in a competitive

"Tourism isn't all about holidays! The program has an interdisciplinary focus and covers a wide range of academic fields. Lectures are available outside business hours and block subjects are a fantastic option for full-time workers. I recently took one week of annual leave to complete subject course work in Fiji. This allowed for full immersion into the program and fieldwork study. Staff in the Graduate Tourism program understand the commitments involved in working and studying full-time and they are only a phone call or email away."

Master of Applied Linguistics

LOCATION Clayton Clayton

INTAKE February and July

Page 90

ENTRY REQUIREMENTS

\$ FEES \$29.60 \$29,600

DURATION

1, 1.5 or 2 Years* (duration may vary depending on prior qualification)

Qualify for the 21st century with a Master of Applied Linguistics. As globalisation expands, so does the demand for people with intercultural communication skills to reach wide audiences. Applied linguistics is one of the fastest-growing fields of study in the humanities. The course offers a competitive advantage to language teachers, interpreters, editors and other people working with language in increasingly multilingual and multicultural societies, such as Australia Two specialisations are available: General applied linguistics and Teaching world Englishes for international communication

Master of Bioethics

LOCATION Clayton Clayton

↑ FEES

February and July

ENTRY REQUIREMENTS Page 90

\$29,600

DURATION

1, 1.5 or 2 Years* (duration may vary depending on prior qualification)

While a Master of Bioethics is particularly well suited to health care professionals and scientists who face complex ethical issues in their working lives, it also offers important skills development for those formulating related public policy and law, as well as for anyone who wishes to explore issues of public concern.

An interdisciplinary approach is taken to key issues including ethical theory, questions of life and death, ethical issues in patient care, human-research ethics, legal and policy issues in bioethics, and ethical issues in professional life. It is suitable for students with little or no prior background in ethics or philosophy, but also for philosophy graduates with an interest in further study of bioethics.

You will have the opportunity to engage with industry and participate in study tours and field schools, both in Australia and overseas. For example, you may undertake collaborative work with the World Health Organisation, either at Monash or Geneva.

The teaching staff has an excellent reputation for research and teaching, and they are active and prominent contributors to public debate and professional discussions about a variety of issues in bioethics. The Monash University Centre for Human Bioethics is one of the world's top- eight bioethics centres.

Master of Communications and Media Studies

LOCATION Caulfield

INTAKE Fob-February and July

\$ **FEES** \$29,600

ENTRY REQUIREMENTS Page 90

DURATION

1, 1.5 or 2 Years* (duration may vary depending on prior qualification)

As the most established program of its type in Australia, the Master of Communications and Media Studies has built up a long record of success. The program draws strongly on specialist expertise and focuses on fostering industry ready graduates.

The course is particularly relevant to those employed or seeking employment in communications and media industries (for instance, electronic journalism, policy formulation, public relations, or tourism marketing), as well as those who wish to expand their expertise for teaching purposes or further study.

You will be introduced to the latest developments and research in communications and media - including in social and online media always with a view to "real world" application. Study units feature guest professional speakers in conjunction with industry focussed field trips to media outlets in Sydney, Melbourne and Shanghai.

In the Master of Communications and Media Studies course, you will have the opportunity to undertake industry internships in Australia and overseas. For example, students in our program have recently completed internships with the United Nations in New York and with Shandong Television in China.

Master of Cultural Economy

LOCATION
Caulfield Caulfield

February and July

\$ FEES \$29.60 \$29,600

ENTRY REQUIREMENTS Page 91

DURATION

1, 1.5 or 2 Years* (duration may vary depending on prior qualification)

The Master of Cultural Economy is a program built on the recognition that contemporary culture is a growing economy. Music, film, new media, computer games, publishing, music, the visual and performing arts, tourism, crafts, design and fashion all offer dynamic careers now and in the future. Policymakers at city, national and international levels understand that the benefits of the cultural economy go beyond monetary value and are essential for social well-being. Cultural pursuits are the markers of contemporary civilised societies. 'Cultural economy' helps you understand how the cultural and the economic fit together - for without the culture, there would be no economy.

Business

Monash Business School is a progressive academy delivering the highest quality teaching, learning, scholarship and research.

As one of the world's leading research-intensive business schools, our ambition is to transform business by advancing knowledge and addressing global challenges. We do this by educating the world's future business and societal leaders and by contributing to the development, growth and transformation of local, national and international economies through our research.

We create business professionals with contemporary skills

We recognise that business is constantly evolving. That's why we equip you with the skills and knowledge you need to prepare for, and embrace, the challenges that you will face in business, both now and in the future. Graduating with a degree from one of the world's top one per cent of business schools adds significant value to your resume. Our global reputation ensures you are recognised for your skills and talent - no matter where in the world you choose to pursue your dreams.

A graduate degree in business is a valuable investment in your future and will turn your career goals into actions. Many people use their degree as a springboard for landing a more senior job in their industry, while others take the skills and knowledge they have accumulated to change career direction or launch their own enterprises.

We connect education with industry

Monash Business School is closely aligned with, and has strong links to industry, both in Australia and overseas, to ensure our programs meet the needs of both students and employers.

business.monash.edu

Llewellyn Stevens

Master of Business alumnus Senior Client Service Executive (Retailer Services), Nielsen

"My postgraduate studies have given me a wide range of skills that have helped me take my career to the next level, whether it be through the analytical tools to solve client issues or the ability to communicate across cultural boundaries. I've become much more purposeful and processdriven in my approach to work, and my course offered a broad array of strategies and experiences, so that I always have something to fall back on even when I am tackling a project completely out of my comfort zone."

Top 1% of business schools worldwide

Monash University is the first Group of Eight university to have achieved the esteemed 'triple crown' business school accreditations by AACSB, EQUIS and AMBA. These globally-recognised accreditations place the university in the elite ranks of the one per cent of business schools worldwide with 'triple crown' accreditation.

* Intensive mode is only available at the Caulfield campus.

The Monash MBA is one of the world's top MBAs and is highly regarded by organisations and businesses worldwide. The program is specifically developed for emerging professionals with the ambition to move into leadership roles.

This individualised education experience is designed to develop corporate and community leaders by developing your individual leadership and personal capabilities and by teaching you how to manage, lead and transform organisations in a unique way. Leadership and personal development activities complement the academic units and are an integral part of the MBA program. These activities are integrated with each unit of study, and are systematically delivered

As part of the program you will also have access to exclusive career management workshops designed to provide a framework for evaluating your career to date and devising strategies for the future. During the final guarter of your MBA studies at Monash, you will participate in an experiential learning component that hones the qualitative and analytical skills covered in the preceding units of the program into practical, real-life activities. This component includes an MBA study tour.

Michael Khor Master of Teaching in Secondary Education

"I have a degree in Engineering and many years of experience as a telecommunications engineer with a reputable multinational company. I progressed in various roles in the organisation, but had always been passionate about learning, teaching and training. I recognised that being a teacher is both a privilege and a responsibility not just to educate, but to impart, inspire and influence the next generation leaders to excel and succeed. I view this second career opportunity as a form of my calling to contribute back to society, and I hope to leave a lasting impact as my legacy."

Pictured left: Dr Melanie Denney completed her undergraduate and PhD courses in chemistry and then undertook postdoctoral studies in the USA before returning to Australia to work as a scientist with the CSIRO and the fine chemicals industry (Boron Molecular).

Dr Denney began her career as a research scientist but soon discovered it was teaching science that was her true passion. Dr Denney has always been interested in encouraging women in science. She completed a postgraduate teaching qualification at Monash University and is now teaching year 12 students at the John Monash Science School.

Master of Teaching

Page 94

ENTRY REQUIREMENTS

\$27,000

2 Years or 1.5 Years accelerated*

The Master of Teaching is designed for applicants with an undergraduate degree in any discipline who want a rewarding career as a global educator and teacher. Our innovative curriculum combines theory and professional experience, providing you with the knowledge, skills and professional values to become an effective educator. You can choose to specialise in early years, primary or secondary education - or a combination of these.

Students will build a high level of expertise in one of five specialisations:

- Early Years Education
- Early Years and Primary Education
- Primary Education
- Primary and Secondary Education#
- Secondary Education*.

Through engagement with contemporary ideas and practices, you will develop the professional knowledge and skills needed to foster the learning of students of various ages and diverse needs. As a result, you will become an effective educator, able to design learning experiences that ensure your future students have the right balance of challenge and support to progress in areas such as the arts and music, English, mathematics, physical education, health and wellbeing, science and humanities.

You will engage with current education priorities and policies, and learn how to apply these in practice to develop a set of professional values and commitments that will position you as a researchinformed future education leader.

You will gain professional experience by completing a minimum of 60 days of teaching practice throughout the course in urban, rural, remote or international settings and schools. This includes the opportunity to gain teaching experience in locations such as China, Cook Islands, Hong Kong, India, Israel, Italy, Malaysia, South Africa and United Arab Emirates (UAE).

An education degree provides an excellent basis for diverse careers in the classroom, in government or in private enterprise. When you choose the Master of Teaching at Monash University, you will graduate ready to transform the lives of others through learning.

Professional recognition: The specialisations that include Primary Education or Secondary Education are accredited with the Victorian Institute of Teaching (VIT). Graduates are eligible for registration with VIT and qualified for employment as a teacher in Australian schools. Students planning to register as teachers interstate or overseas should check registration requirements with local authorities in case additional requirements apply.

The specialisations that include Early Years Education are accredited with the Australian Children's Education and Care Quality Authority (ACECQA). Graduates who intend to teach in a preschool or kindergarten program are required to be registered with the Victorian Institute of Teaching. *pending final accreditation

Course code: D6001 CRICOS code: 083045M

- # This can be studied as an accelerated course where you will be required to undertake more than the Standard Annual Load of 48 credit points in Year 1 in order to complete the course in 1.5 calendar years. The fee quoted is based on 48 credit points of study for one standard year. Therefore you will be required to pay a higher fee in Year 1 where more than the 48 credit points is required.
- * Not all streams are offered at all campuses
- ** This option is only available for students enrolled in the Primary and Secondary Education specialisation or the Secondary Education specialisation

Graduate Certificate of Education Studies

Master of TESOL

February and July

\$ **FEES** \$28,400

ENTRY REQUIREMENTS
Page 94

DURATION

1, 1.5 or 2 Years

(duration may vary depending on prior qualifications and/or work experience)

The Master of TESOL is suitable for a wide range of professionals, educators or prospective educators working in English language teaching in international or local contexts, and leads to a postgraduate qualification in TESOL (Teaching English to Speakers of Other Languages).

The course helps you to develop an expert understanding of the core principles of language teaching and learning. This is achieved through a focus on students' own contexts for teaching and through an optional, unique field observation program that creates opportunities for you to observe Australian English and foreign language teaching practices and school structures. As part of this program you will also micro-teach in a supportive environment with focused feedback to develop reflective skills and formative self-assessment which are the keys to quality teaching.

You will engage with contemporary theory and practice for additional language acquisition and advanced understanding of, and skills associated with:

- the role of social and cultural contexts in language learning
- a range of communicative approaches to teaching, learning and
- assessment and planning for teaching in various TESOL contexts
- the evaluation, analysis and design of assessment tasks
- the development and maintenance of bilingualism and biliteracy in formal learning environments
- English language education in local and global contexts
- transcultural and intercultural learning, communication and mobility, including in online learning settings the use of digital technologies to support learning.

Graduates of the Master of TESOL are prepared as language teachers of TESOL who can operate with confidence in a changing and increasingly 'internationalised' world.

Please note: this course does not provide a recognised initial teaching qualification. Students seeking an initial teaching qualification should refer to the Master of Teaching course.

Course code: D6005 CRICOS code: 079104F

Master of Counselling

(duration may vary depending on prior qualifications and/or work experience)

This course provides a professional qualification and offers a combination of theory and professional experience, providing you with the knowledge and skills to begin a rewarding career as a counsellor.

The course is suited to people from a variety of professions, such as human resources, health, social welfare and education. It is taught by leading academics with extensive experience working as counsellors and psychologists.

The course draws on contemporary theories and approaches to counselling and psychotherapy and will develop your appreciation of the mental-health issues that arise across the lifespan.

You will examine the various forms of professional counselling, including online and distance counselling, child and adolescent counselling, and individual, couples and group counselling. You will also be introduced to the ethical and professional issues faced by counsellors. Creative approaches to counselling will be examined, including play therapy and art therapy. In addition, you will gain in-depth knowledge across a range of contemporary cognitive-behaviour therapies.

You will complete 300 hours of professional experience, which includes contact and non-contact hours. Non-contact hours include any counselling-related duties associated with the placement centre that do not involve counselling clients. Contact hours include client counselling or discussions with case managers, teachers, social workers, and/or family members.

Master of Counselling graduates work in a variety of fields, including careers counselling, education, child and family services, child-protection services, health policy, family counselling, health-services management and rehabilitation counselling.

Professional recognition: This course is accredited in Australia by the Australian Counselling Association (ACA) and Psychotherapy and Counselling Federation of Australia (PACFA). This course is registered for delivery in Singapore with the Singapore Council for Private Education (SCPE), and recognised by the Singapore Association for Counselling (SAC). This course has registration in Hong Kong with the Hong Kong Council for Accreditation of Academic and Vocational Qualifications (HKCAAVQ).

Course code: D6003 CRICOS code: 083043B

* All courses offered offshore in Singapore and Hong Kong do not have standard semester delivery.

Graduate Diploma of Professional Psychology

The Graduate Diploma of Professional Psychology is an Australian Psychology Accreditation Council (APAC) accredited fourth-year qualification in psychology.

The course is suited for people who have completed a bachelor's degree with a major in psychology from any course accredited by the Australian Psychology Accreditation Council (APAC), and who want to pursue advanced postgraduate study in psychology at master's or doctoral level, or alternatively to undertake supervised psychological practice.

The course provides advanced study of the discipline of psychology, research training, and an introduction to psychological practice. By engaging with contemporary research and literature in developmental psychology, you will:

- understand human development across the lifespan including biological, perceptual, cognitive, personality, social and emotional changes from infancy to adulthood
- examine legislation relating to the practice of psychology and how to comply with such legislation
- appreciate the role of ethics in maintaining the integrity of the profession.
- learn about individual differences and how these may be assessed
- using different assessment tools
- develop an appreciation of the role of scientific research in the field of psychology and undertake an independent research project.

You will have a choice of one elective. At present, topics include developmental psychology and wellbeing or behaviour change interventions for practitioners.

Eligible graduates may proceed to further training and study required for professional registration in psychology.

Course code: D5002 CRICOS code: 084063A

DURATION 3 - 4 Years

Monash University supports, promotes and conducts high-quality research that creates significant impact in Australia and overseas The PhD is a supervised program that allows students to conceptualise and implement a major research project on a topic of personal interest. Your research will aim to improve professional practice and extend your expertise and skills relating to important or significant educational issues. You will undertake a program of supervised research and submit a thesis. The thesis should make a significant contribution to knowledge and theory, and demonstrate your ability to carry out independent research.

Your PhD research project should be designed so that it is achievable within three years equivalent full-time study, with candidates expected to complete their degree within four-years of equivalent full-time study. Your degree will consist of the research thesis (or alternative approved outputs) and will require the completion of research training activities

Course code: 0079 CRICOS code: 041043E

Engineering

Solving the technological problems of the future is going to require talented engineering professionals.

At Monash we are excited to launch our new Master of Advanced Engineering. Designed to develop your skills as an engineering specialist and a leader in your particular field. You will develop the relevant corporate and community leadership skills and attributes to help manage engineering solutions in a rapidly changing world. Plus you can combine your engineering interests with a Master in Business, Master of IT or Master of Business Information Systems to give you the edge in a complex job market.

- Benefit from our industry partnerships and research collaborations with some of the best and brightest.
- Be a part of a growing engineering and technology precinct with facilities like the New Horizons building which is home to the Cave2 – a next-generation immersive hybrid 2D and 3D virtual reality environment.

monash.edu/engineering

Kedar Deshmukh

Kedar received a Monash New Horizons Research Scholarship.

He is currently undertaking PhD studies with the Department of Materials Engineering, participating in research that focuses on high-efficiency all-polymer solar cells.

His own research interests include device and materials physics of organic photovoltaics and organic field effect transistors.

Graduate Diploma in Information and Knowledge Management

LOCATION Caulfield

INTAKE February and July

\$ **FEES** \$36,000

ENTRY REQUIREMENTS Page 95

DURATION 1 Year

All enterprises, whether in the private or public sector, need excellent information and knowledge strategies to succeed. This course educates information professionals for a range of careers in information and knowledge management. The course is designed to meet the requirements for professional accreditation from the Australian Library and Information Association, the Records Management Association of Australasia and the Australian Society of Archivists.

There are different course structures for librarians and related information professionals and records managers and archivists.

Course code: 3340 CRICOS code: 058487D

Master of Data Science

LOCATION Caulfield

\$ **FEES** \$36,000 **DURATION**

1.5 or 2 Years (duration may vary depending on prior qualifications)

Described as "the sexiest job of the 21st century," (hbr.org/2012/10/ data-scientist-the-sexiest-job-of-the-21st-century/ar/1), data scientists are responsible for deriving value from big data assets. The insights they derive are often key drivers of innovation, transformation and competitive advantage in business, industry and government. Companies around the world are searching for experts in this field. From technology start ups to global organisations, data scientists help companies investigate and analyse data to solve real business problems.

The Master of Data Science will prepare graduates for a career in Data Science giving them the skills needed to cover the areas of data management, data analytics or data processing. The course covers statistical and exploratory analysis, data formats and languages, processing of massive data sets, and management of data and its role and impact in an organisation and community. An optional Data Analytics stream in the course allows those students with an analytic bent to also develop machine learning skills. The course also considers broader organisational and societal issues and the impact of data science on society.

1.5 or 2 Years (duration may vary depending on prior qualifications)

The Master of Information Technology prepares students for work in the

information technology industry at the highest levels. It provides students

with a previous tertiary qualification in another discipline area with the

knowledge, understanding and skills to enable them to deal effectively

with advanced issues involving the application of information technology

in various domains. With a Master of Information Technology you could

become a software engineer, an enterprise data architect, a mobile

systems analyst, a data scientist, or even a chief technology officer.

Course code: C6001 CRICOS code: 079055K

The Master of Business Information Systems is a postgraduate degree that prepares students for careers in business-focussed IT areas such as IT management, project management, business information systems, information systems, information management or knowledge management. The degree covers the business IT spectrum from supporting business operations through to supporting managers' decision making. It prepares students for roles such as business analysts, systems analysts, project leaders, as well as information managers, archivists or librarians. The course requires completion of a set of advanced preparatory information technology units followed by further specialist units in business information systems and either a minor-thesis research project or an industry experience project. Students may either complete a specialisation or complete the general form of the degree without a specialisation.

Law

The Faculty of Law is recognised as one of the bestperforming law schools in the world. A law degree from Monash gives you a world standard education and an exceptional qualification.

Why Monash Law?

Make a difference to social justice globally, nationally and at home.

- Give your career a professional edge by undertaking one of our contemporary, specialised courses.
- Remain relevant in a changing global environment
- Learn from leading academics, experienced legal practitioners and international experts.
- Undertake your studies at the Monash University Law Chambers located in the heart of Melbourne's legal precinct in the CBD.

monash.edu/law

Rebecca Gunn Master of Laws

"Before commencing the Master of Laws at Monash University, I completed a Bachelor of Arts/Law (Hons) and then completed postgraduate studies in Education. I have been teaching VCE students Legal Studies and Politics, and have now returned to complete my Master of Laws. I have completed all of my tertiary studies at Monash University and feel comfortable and supported. The teaching staff within Monash Law Faculty are very approachable, and I have been fortunate to have been taught by academics who are recognised internationally as being experts in their field. Completing the Master of Laws at Monash University is convenient, due to its inner city location and the classes that run outside working hours. The wide variety of options at a postgraduate level allow you to tailor your studies to areas of law in which you are interested. I have been encouraged to explore areas of law of specific interest to me when completing assessment tasks, which ensures that the course is engaging and somewhat personalised. Monash Law Faculty has a strong reputation, and I have found that employers and the legal community highly regard a degree from Monash Law Faculty."

Master of Human Rights Law

Melbourne CBD

February and July

INTAKE

\$38.900

ENTRY REQUIREMENTS Page 96

DURATION

\$ FEES \$38.90

The Human Rights specialisation allows students to choose from an extensive range of units covering topics across the domestic and international arenas. Covering a wide range of traditional and emerging topics, from indigenous and children's rights to issues relating to terrorism, migration and encroachments on privacy. This specialisation enables students to focus on topical human rights issues confronting governments, international bodies, individuals and corporations and allows students to critically engage in and debate these issues. It draws on the strengths of the Castan Centre for Human Rights Law, which has put Monash Law Faculty at the forefront of the movement to create a human rights law culture in Australia. The Masters of Human Rights Law is particularly relevant for those who wish to pursue a career in human rights law and related work. This specialised degree provides in-depth theoretical and practical knowledge of the international human rights legal framework, the organisations that promote and protect it and the mechanisms and processes by which its enforced. Students will also develop high-level skills in interpreting and analysing primary and secondary human rights materials, including treaties, treaty body decisions, domestic jurisprudence and scholarly commentary.

Master of Regulatory Studies

LOCATION Melbourne CBD

> FEES \$38.900

Page 96

February and July **ENTRY REQUIREMENTS**

DURATION 1 Year

The Master of Regulatory Studies was specifically designed to address the nature, extent and implications of the regulatory environment in a broad, cross-disciplinary approach. The study of regulation is a relatively new discipline which links and transcends the boundaries between economics, law, politics, criminology, sociology, psychology, organisational theory and public administration. The Master of Regulatory Studies is unique degree which provides practitioners and scholars with a core set of ideas, theories and skills to manage regulatory challenges and to apply to their activities either as regulators or in roles which involve regular interactions with regulators.

Course code: L6006 CRICOS code: 055069B

Master of Workplace and Employment Law

LOCATION Melbourne CBD February and July **ENTRY REQUIREMENTS** \$38,900 Page 96

DURATION 1 Year

Effective, equitable and safe workplace practices are a growing concern in the global workforce. This area of specialisation includes a diverse range of units, covering topics such as collective bargaining agreements, individual contracts, occupational health and safety, electronic workplace law, international human rights and economic torts. The Master of Workplace and Employment Law is designed to provide graduates with a thorough grounding in labour law and is relevant for those working or who aim to work in the area of workplace and employment law or a related area such as human resources management.

Course code: L6007 CRICOS code: 049560G

Other areas of specialisation

Areas of specialisation additional those provided in the specialised masters courses outlined are as follows:

Government Law and Regulatory Practice

Embraces a suite of units relevant to middle and senior management in local government and the public sector more generally. These include units relating to government and administration, local government law, regulation and compliance, privacy and FOI, planning and environmental law, and domestic human rights obligations.

International and comparative law

Provides what lawyers increasingly need – advanced knowledge across a broad spectrum of global issues, from human rights law, criminal law and commercial law to EU and Chinese law.

Dispute resolution

Is integral to the work of practising lawyers and non-lawyers working in the growing field of alternative dispute resolution. Our program includes units on negotiation, mediation, arbitration, collaborative practice and advocacy.

Media and communications law

Is an area of practice that is subject to constant change due to the impact of technological developments. We provide a diverse range of units covering the fields of intellectual property, defamation, privacy and FOI, freedom of expression, law of the Internet and entertainment law.

Medicine, Nursing and Health Sciences

Monash has long been considered in the top tier of Australian universities when it comes to medicine, nursing and health sciences. We are consistently ranked in the top 50 medical schools in world rankings and are the only Australian member of the prestigious M8 Alliance of academic health centres and medical universities.

- Transfer your knowledge and expertise into breakthrough clinical outcomes.
- Join highly recognised researchers who are already making a difference in the fight against illness, injury and disease.
- Pursue your professional ambitions from day one.

monash.edu/medicine

Elaine Wan Master of Occupational Therapy Practice

"I originally studied a Bachelor of Science degree, majoring in psychology but I also had a desire for a career in health care where I could contribute to the community and help others. Studying the Master of Occupational Therapy Practice has been an exciting and rewarding journey where I've be able to help people to do meaningful occupations and participate in the activities of everyday life.

I've had the pleasure of learning about the theory and practice of occupational therapy from taking part in practical workshops, listening to guest speakers talk about, and demonstrate, the practical side of OT and learning about how to use different aids and equipment available in the industry. I've been exposed to new learning experiences that have challenged my way of thinking.

From the knowledge and skills that I've learnt from this course and on placement, I'm prepared to be able to support individuals to live independently again."

Coursework

Graduate Diploma in Reproductive Sciences

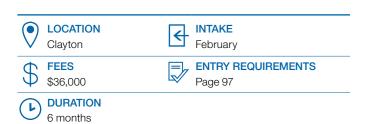

The course provides a broad knowledge and practical training in the applications of reproductive biology to current human clinical and veterinary medicine, and explores social and ethical issues raised by the use of these techniques. The course also provides an opportunity for those interested in expanding or refreshing their understanding of reproduction and development to update their knowledge. On completion of the course, students will be able to demonstrate a thorough theoretical understanding of human and animal reproductive sciences and demonstrate practical techniques currently in use in human medical and veterinary reproductive sciences.

Students who pass all units for this course and achieve an overall grade average of distinction (70 per cent) or above may qualify for admission into higher degrees by research (HDR).

Course code: 0101 CRICOS code: 019066D

Graduate Certificate in Translational Research

This course will establish an understanding of the processes involved in developing a basic science finding through to clinical trials. The course modules offer the basic foundations of discipline-specific laboratory research questions and how these can be applied to broader clinical applications. The main focus of the Graduate Certificate in Translational Research is for the student to establish an appreciation that fundamental scientific questions may have multidisciplinary clinical answers. Other core learning outcomes are through understanding how scientific concepts can be marketed and communicated effectively through research pipeline procedures and the responsibilities of the researcher that may be derived from this.

Master of Clinical Embryology

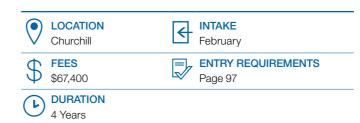

•	LOCATION Clayton	INTAKE February
\$	FEES \$37,400	ENTRY REQUIREMENTS Page 97
L	DURATION 1 Year	

This 12-month, intensive course provides students with the essential postgraduate knowledge and practical skills necessary to contribute competently to human infertility clinical services. Theoretical and practical skills are presented in the broad context of the regulations and the ethical considerations that apply to human IVF, both nationally and internationally, along with the quality control procedures required to ensure maximum success for IVF patients. The guidelines, protocols and regulations that steer and control human infertility services are also presented. In addition to attending lectures and self-directed study, students are required to undertake continual practical skills training. Students will also undertake a minor research project.

Students will not only be equipped with practical skills required for work in an IVF laboratory but also gain a greater understanding of research applications within the field of reproductive or developmental biology. Research-related tasks contribute to the overall assessment for specific coursework units.

Course code: 2309 CRICOS code: 028955G

Bachelor of Medicine and Bachelor of Surgery (Honours) (Graduate Entry)

Our graduate entry medical program gives you the opportunity to commence your medical studies after completing another degree. Students complete Year A of the 4 year program, the pre-clinical year, in Churchill. Years B, C and D are all undertaken in a range of clinical settings in Metropolitan Melbourne, South Eastern Victoria or Northern Victoria.

In 2016 this degree is open to applicants who have completed or are in the final year of a degree in Biomedical Science, Dentistry, Pharmacy, Physiotherapy or Veterinary Science from select tertiary institutions including Monash. You can also apply if you are studying Science at Monash University. While the degrees listed will meet our hurdle requirements for entry, we will be assessing other degrees on a case-by-case basis as long as they have a strong biomedical science focus. A full list of institutions and relevant degrees can be found online.

Further changes will be made to the admissions requirements for this course for 2017 entry. Please check the website for further details med.monash.edu.au/medicine/admissions/grad-entry/mbbs-pathways.html

Master of Advanced Health Care Practice

LOCATION Peninsula	INTAKE February and July
\$ FEES \$29,100	ENTRY REQUIREMENTS Page 97
DURATION 1.5 Years	

The Master of Advanced Health Care Practice provides a pathway for professionals such as medical practitioners, nurses, occupational therapists, physiotherapists, radiographers and radiation therapists, primary health care managers and policy makers to gain a master's level qualification that enhances your undergraduate degree – and provides the widest range of options for the future.

This course is interprofessional by nature; all students complete a common module 'Essentials of advanced health care practice and research'. This reflects the collaboration required in practice to deliver health care of the highest quality.

Upon successful completion of your specialism, you will graduate with one of:

- Master of International Primary Health Care Practice
- Master of Advanced Occupational Therapy Practice
- Master of Advanced Paediatric Physiotherapy Practice
- Master of Advanced Radiography Practice (General Radiography)
- Master of Advanced Radiography Practice (CT Radiography)
- Master of Advanced Radiation Therapy Practice
- Master of Advanced Rural Health Practice
- Master of Advanced Clinical Midwifery Practice
- Master of Advanced Critical Care Practice.

All specialisations are offered off-campus to international students, except for the clinical midwifery specialisation, which is offered on-campus.

Master of International Health

LOCATION INTAKE Alfred Hospital February **ENTRY REQUIREMENTS** \$ **FEES** \$33,000 Page 97 DURATION 1.5 Years

This course provides participants with the skills necessary to design, implement and evaluate major public health programs in developing countries. This program is offered in collaboration with the Centre for International Health at the Burnet Institute for Medical Research and Public Health. Course content is largely based on field experiences gained in health development projects in more than 20 countries in Asia, the Pacific and Africa.

Students learn about human rights, ethics, law and development. Public health issues are presented in the broader context of economic and social development, stressing cultural, political, gender and environmental influences, and the impact of armed conflict and population migration. Students may be eligible to exit from the master's with the Graduate Diploma in International Health

Master of Nursing

• LOCATION Clayton, Peninsula

DURATION

1.5 Years

INTAKE February and July

\$ FEES \$29.10 \$29,100

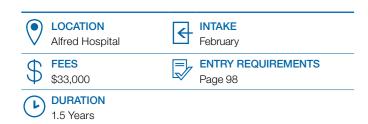

ENTRY REQUIREMENTS Page 98

This course prepares registered nurses with leadership skills to plan, implement, coordinate and evaluate health care, as well as formulate policy for a diverse and multicultural society. Graduates will be well equipped to contribute to the health of individuals, families, communities and the development of the profession. The program is designed using flexible teaching delivery options and provides for a range of individual career pathways, including specialist clinical nursing, education, and research or management positions within industry, government or independent professional practice. The program can be taken by (a) coursework, or (b) coursework and a 15,000-word research project, or (c) coursework and a 25,000-word research thesis. Major study options are available to prepare nurses for advance practice roles in a range of clinical and non-clinical specialties.

Course code: 1250 CRICOS code: 075545B

Coursework continued

Master of Occupational and Environmental Health

This course provides you with the skills necessary to evaluate health problems in communities associated with industrial activities, and control related hazards and risks. It is suitable for medical practitioners, nurses, allied health personnel, scientists and occupational health and safety managers. It comprises ten core units and two electives. Core units cover OHS, epidemiology, biostatistics, chemical and biological hazards, workplace hazard assessment and control, ergonomic and physical hazards, the psychosocial work environment, environmental influences on health, safety management systems and research methods.

You may be eligible to exit from the master's course with the Graduate Certificate in Occupational Health or the Graduate Diploma in Occupational and Environmental Health if you meet requirements.

The graduate diploma and the master's degree are accredited by the Australian OHS Education Board and are recognised by the Australasian Faculty of Occupational and Environmental Medicine training curriculum (AFOEM). Royal Australian College of General Practitioner's (RACGP) points can be applied for annually.

Course code: 2312 CRICOS code: 028957E

Master of Occupational Therapy Practice

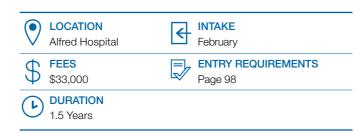

This two-year, accelerated learning program will enable students with a first degree other than Occupational Therapy, but in a related field, to obtain a professional entry-level qualification to practise as an Occupational Therapist. It requires full-time enrolment over two years from July to May (mid-year intake) and operates over 72 weeks. This includes 1000 hours of fieldwork education commensurate with World Federation of Occupational Therapists (WFOT) minimum Standards for the Education of Occupational Therapists (2002).

The course is an integrated curriculum centred on Scenario-Based Learning (SBL). The two years of the SBL curriculum will be organised into the following units: Foundations of Occupational Therapy, Humans as Occupational Beings, Occupational Performance, Enabling Change in Human Occupation, Transition to Practice and Advanced Professional Practice.

You will complete an extensive practice based project. Higher achieving students are eligible to complete this as research to the equivalent of honours standard to be eligible to apply for a research master's or PhD program on completion.

Course code: 4515 CRICOS code: 079265M

Master of Public Health

Public health skills and knowledge are fundamental to addressing many of the 21st century's complex health problems and to achieving public health objectives for improving the health of populations, communities and individuals.

This 12-unit course provides students with the full range of quantitative, analytical and communication skills necessary to work in the broad domain of public health. It especially focuses on developing skills in the quantitative methods of the population based health sciences and their problem solving application for public health, health care and emerging health issues in Australia, developing countries, and globally.

Our program offers you flexibility, with a range of unit choices and the opportunity to specialise in clinical epidemiology, clinical research, health economics, health services management, international health, public health, occupational and environmental health and research streams.

Undertaking the Master of Public Health at Monash University, a Group of Eight University and one that is ranked in the Top 100 Universities worldwide, will give you the knowledge and skills necessary to work in the broad domain of public health and a postgraduate qualification that is recognised around the world.

Master of Social Work (Qualifying)

LOCATION Caulfield	INTAKE February
\$ FEES \$25,600	ENTRY REQUIREMENTS Page 98
DURATION 2 Years	

The MSW (Qualifying) curriculum meets the Australian Association of Social Workers (AASW) requirements and builds on Monash Social Work areas of strength, especially in gender studies, sustainability, child wellbeing and health. The degree includes considerable emphasis on community engagement and leadership, and provides opportunities to work with organisations to complete projects and research. The MSW (Qualifying) is a coursework degree with theoretical, skills development and supervised professional practice units. The course provides opportunities for group-based research and integration of theory and practice. Theoretical content builds on knowledge acquired by graduates in previous higher education, while social work skills components and professional practice units introduce students to contemporary social work practice.

Doctor of Psychology in Clinical Neuropsychology

(LOCATION Clayton

FEES \$39,900

DURATION

4 Years

February

The Doctor of Psychology in Clinical Neuropsychology (DPsych) is a research degree. Throughout the course, you will conduct a major, supervised, research program, complete three years of intensive coursework, and undertake 1515 hours of clinical placements. You will graduate as an effective researcher, able to review research literature, apply research techniques to your field of study and produce highquality written work for publication.

The discipline of clinical neuropsychology applies knowledge of cognition, emotion and behaviour to the assessment and treatment of children and adults with conditions affecting the brain.

A feature of the Doctor of Psychology (DPsych) in Clinical Neuropsychology course is that training in clinical neuropsychology is extended through specialisation in a choice of areas, including rehabilitation, child and adolescent neuropsychology, geriatric neuropsychology and psychiatric neuropsychology.

This degree is accredited by the Australian Psychology Accreditation Council. On completion, you can apply for membership of the Australian Psychological Society and full registration as a psychologist.

Master of Biomedical Science Preliminary

LOCATION Various (see website for details

INTAKE February and July

FEES \$39.900 ENTRY REQUIREMENTS Page 98

DURATION 1 – 2 Years

The Master of Biomedical Science Preliminary (MBiomedSci) is designed for students interested in undertaking postgraduate research in biomedical sciences. A candidate is required to carry out a prescribed program of research for a specified period under the direct supervision of a member of the academic staff. The supervisor, in consultation with the candidate, is responsible for developing the research program to be followed by the candidate, and for reporting at regular intervals on the candidates progress.

The masters (part 1) is designed for students who do not have the equivalent of a class 1 or class 2A honours degree in a relevant discipline. For graduates with only a bachelor's degree in a relevant field and who have not attempted honours in that field, admission to MBiomedSci preliminary will normally require at least a credit grade average in 24 points of relevant third-year units, or appropriate additional training and experience. International candidates must complete the MBiomedSci preliminary program and obtain results equivalent to class 2A honours (H2A) or better for admission into MBiomedSci. The MBiomedSci preliminary is not an awardable degree. Candidates should complete their program of study within 12 months full-time. Students who pass MBiomedSci preliminary but who do not wish to continue, or do not achieve class 2A honours or above, will be offered the exit award of the Postgraduate Diploma in Biomedical Sciences.

Candidates will be required to undertake a major research thesis of 75% of the entire course. The thesis should embody the results of the candidates investigation, which demonstrates independence of thought and the candidates ability to carry out research in that discipline. The remaining 25% of the course will comprise coursework such as a literature review and/or statistics classes, and is specified by the enrolling department).

Research

Doctor of Philosophy

February and July

ENTRY REQUIREMENTS

DURATION 3 - 4 Years

Monash's Faculty of Pharmacy and Pharmaceutical Sciences is internationally renowned as a key research centre. It is home to the Monash Institute of Pharmaceutical Sciences, the largest and most experienced group of pharmaceutical scientists in Australia. The faculty's research students have access to dedicated research buildings, modern laboratories, an extensive library and first-rate research equipment. The faculty offers research programs in the areas of:

- Drug candidate optimisation
- Drug discovery biology
- Drug discovery, disposition and dynamics
- Medicinal chemistry
- Medicine use and safety

Research students are supervised by leading international experts in the field, and the research conducted by research graduates is highly regarded within Australia and internationally.

The faculty has established a strong reputation with industry, both nationally and internationally, and acts as a resource for industry and research institutes involved in the pharmaceutical and biomedical sciences.

The PhD program is offered to elite applicants with high academic standing, normally a master's degree or an honours degree at H1 or H2A level in a relevant discipline.

Your PhD research project should be conceived from the outset as clearly achievable within three years equivalent full-time study, with candidates expected to complete their degree within four-years of equivalent full-time study.

ENTRY REQUIREMENTS Page 99

Together Monash and the University of Nottingham have assembled the world's leading G protein-coupled receptor (GPCR) biology, allosterism and cell signaling expertise to train the next generation of international leaders in molecular pharmacology and drug discovery biology.

The new Joint International PhD in Molecular Pharmacology and Drug Discovery Biology is an elite PhD program developed for the world's brightest biomedical science students to enable them to develop more effective and selective therapies to tackle diseases of global relevance to human suffering. Participants in the Joint Award PhD will be members of our new Doctoral Training Centre (DTC) for Molecular Pharmacology and Drug Discovery Biology. Core training delivered in the first year will provide students with skill sets that are essential for their development as creative and independent scientists. Further training and workshops in molecular pharmacology and drug discovery biology delivered in years 2 to 4 will provide specialised training in specific aspects of pharmacology. An advanced skills workshop in year 4 will equip students with the necessary skills to compete for prestigious positions in academia and industry. This program will also offer laboratory rotations in year 1 and industry placement during year 4.

Sciences

Study science as a postgraduate student at Monash University and you will become part of a vibrant, dynamic and world-renowned community at the forefront of research spanning Biological Sciences, Chemistry, Physics and Astronomy, Mathematical Science and Earth, Atmosphere and Environmental Sciences.

Your postgraduate studies at Monash enable you to pursue your individual area of interest in depth and contribute to the advancement of knowledge within this specialist field. Through supervised research, you will become a part of a community of scholars working on finding solutions to real-world problems. Many exciting discoveries have been made while undertaking postgraduate studies at Monash. You, too, could be a part of this, enhancing your career prospects and, in your own way, making a difference to the world around us.

Take your passion for science to the next level.

- Address some of society's greatest challenges through world-class research programs.
- Find the support and stimulation you need to push the boundaries.
- Build an enviable reputation through your research achievements.
- Join our internationally respected community of scientists.

monash.edu/science

Rosemarie Herbert Bachelor of Science and a Bachelor of Biomedical Science, Current PhD in Science.

"I loved the Biomedical science units and I did some summer vacation work in biochemistry, and that helped me make a decision that I wanted to do research. My ultimate goal is to combine research and teaching.

My research is in the Eliminate Dengue lab. The research that we do is injecting Wolbachia bacteria into mosquitoes to block Dengue virus transmission, and my research is thinking about what kind of genes are regulated when mosquitoes have Dengue virus. I'm also working in the insectary raising mosquitoes for my experiments, which involves making sure I have the human volunteers to feed my mosquitoes."

Applying for postgraduate degrees by coursework

Apply for coursework course: monash.edu/study/apply

When should I apply?

Apply as early as possible. Some courses have application closing dates two to four months prior to the start of the course, while others have quotas. Aim to have your application received by Central Admissions at least two to four months prior to the course start date. This allows time for your application to be processed and can help to ensure that you secure a place if your preferred course has limited places. Applying early also gives you time to get your student visas, which can take up to six months for some nationalities and countries.

Step 1: Apply

To apply online please refer to the following website for a step-by-step guide:

▶ study.monash/how-to-apply

To submit a hard copy application to Monash University Australia, complete the International Application Form located at the back of this guide, ensuring that all sections are completed and the declaration is signed and dated before you send the application.

You may wish to apply though a Monash registered agent. Some agents may charge a fee for additional services so please ask what these costs are before you make an appointment. To find a Monash registered agent near you please visit:

▶ register.monash.edu/agents-database

International students applying for postgraduate degrees by coursework offered by the Faculty of Pharmacy and Pharmaceutical Sciences are required to apply online. Hard copy applications are not accepted.

Step 2: Your application is assessed

When your application is received, Monash University will assess your application according to university entry requirements. To comply with Australian law your application will be assessed to check that you are genuinely seeking temporary entry to Australia to study. If your application is successful, you will receive an offer in the form of an International Student Course Agreement (ISCA). This will be emailed to you and your Monash registered agent (if you have one). Instructions will be supplied on how to accept your offer, including the fees and Overseas Student Health Cover (OSHC) you need to pay.

If we are not able to make you a full offer immediately, you may receive a conditional offer. A conditional offer means you must submit more information and meet the requirements specified in the ISCA. Usually, the information we need is documentation (for example official final transcript, graduation certificate or an English proficiency test) to see if you meet the specific entry requirements for the course you have applied for.

We will explain what is needed in the ISCA. Please submit the documentation to us as soon as possible or contact us if you need any help. If you are not successful for your first preference your application will be considered for your next preference.

Step 3: Accept your offer

To accept your offer, follow the instructions in your ISCA. You must complete, sign and return Part B of your ISCA along with payment and a photocopy of the personal details page of your passport before the offer lapse date.

Your payment should include OSHC for the duration of your visa for yourself and any family members accompanying you to Australia.

When making payment it should be noted that:

- Monash University does not accept cash
- Dishonored bank drafts may incur additional bank fees
- You may need to notify your bank of large deductions

Bank drafts will need to be mailed to Central Admissions. Please ensure you include your full name and Monash Student ID on the back of the bank draft.

Step 4: We send you an Electronic Confirmation of Enrolment (eCOE) and enrolment package

An eCOE will be emailed to you or your Monash registered agent when you have accepted your full ISCA or packaged ISCA (with no academic conditions specified) You will need the eCOE to apply for a student visa.

After you have received your eCOE, you will receive an enrolment package that includes:

- Welcome letter
- Passport to Monash your complete guide to living in Australia and studying at Monash University.

Step 5: Arrange your Student Visa

Monash University in partnership with the Department of Immigration and Border Protection (DIBP) has been approved for Streamlined Visa Processing (SVP) arrangements. If you are eligible for SVP then your visa application will be assessed as if you are an Assessment Level 1 (AL1) student. For information on SVP and its criteria please refer to the following website:

monash.edu/study/international/ apply/visa

To be eligible for SVP, you are advised not to commence the visa application process until you have been issued with your electronic Confirmation of Enrolment (eCoE).

If you are not eligible for SVP, your visa subclass and country assessment level will determine the visa application form you need to complete and the documents that are required to process your student visa. Assessment levels are available at:

▶ www.border.gov.au/Trav/Stud/Stud

Applicants need to keep in mind their student visa application may take up to six months or more, depending on their nationality and country of residence.

Additional visa information and application forms can be obtained from an Australian Diplomatic Mission or from the Department of Immigration and Border Protection website listed above. Visit the Department of Immigration and Border Protection website for information about studying in Australia:

▶ www.border.gov.au/Trav/Stud

Step 6: Plan your arrival

Make your own travel arrangements aiming to arrive in Melbourne at least 2 weeks prior to enrolment. This will make it easier for you to settle in and prepare for the start of classes. If you wish to use our airport reception service you need to complete and return the request form available at:

monash.edu/study/international/ preparing/reception

If you require help with arranging accommodation please refer to monash.edu. au/study/international/accommodation

Step 7: Enrolment and orientation

Once you have accepted and paid for your offer, Sales Management will email you an official Authority to Enrol letter 2 to 3 weeks prior to your enrolment date. The Authority to Enrol lists enrolment tasks that you must complete prior to enrolment.

Enrolment is the main step in starting your Monash studies. At enrolment you can meet a faculty course adviser, ask questions and discuss your unit selection and course structure. Enrolment takes place two weeks prior to the start of teaching, and students must arrive at the university in time for enrolment. Some courses do not accept late enrolments after the designated enrolment date.

On arrival at Monash University, you will be assisted through the process of enrolment. Further details are available at:

monash.edu/study/international/ enrolment

Orientation (also called O Week) is a program of information sessions, tours and events designed to help you get to know Monash University, your fellow students and your campus. Use the orientation ePlanner to see what activities are on and to create your own personal schedule:

▶ eplanner.adm.monash.edu.au/ eorientation/

Defer your studies.

If you decide to delay your course commencement date, you have the option to apply to defer your studies. You will need to complete the following form and return it to Central Admissions for approval:

monash.edu/assets/pdf/study/ international/change-ofpreference-form.pdf

INTERNATIONAL POSTGRADIJATE COLJBSE GUIDE

Applying for postgraduate degrees by research

Apply for research course: monash.edu/migr/apply

PhD, Master of Philosophy, Master's by Research, Professional Doctorate.

All research degree and scholarship applicants must apply using the online form at:

▶ monash.edu/migr/apply

Applicants intending to study at the Sunway campus (Malaysia) should access the form through the campus website at:

▶ monash.edu.my/research

For applications to Sunway campus, (Malaysia) a fee of MYR100 is payable to Monash University Malaysia.

When should I apply?

Research degree-only applications maybe submitted at any time of the year, but restrictions may apply to your course commencement date if you must complete any coursework as part of the degree.

Applications for the university's two research scholarships rounds close on 31 October and 31 May each year. Scholarship applicants will be notified of the outcome of their application approximately six to eight weeks after the closing date.

Step 1: Check your eligibility

Once you know the degree you are interested in, check your eligibility for the course and a scholarship.

▶ monash.edu/migr/apply/eligibility

Our scholarship rounds are very competitive. Most scholarships require the equivalent of a first-class honours degree from Monash University. You're assessed for all scholarships and grants for which you are eligible when you apply.

Step 2: Find a supervisor and submit a research proposal

Research degree applications may only be submitted once you have obtained an invitation to apply from the faculty at which you will be enrolled.

In order to obtain an invitation you need to:

- complete an expression of interest and/or
- find a supervisor who agrees to supervise your research.

It may take you up to four weeks to obtain an invitation. You should initiate the process to obtain an invitation not less than four weeks prior to the date on which you expect to submit your application. Scholarship applicants are required to initiate this process no later than 30 April and 30 September for the mid-year and end of year rounds respectively.

Different faculties have different processes, so it is important that you read and follow the instructions that each faculty provides. This information is available at:

▶ monash.edu/migr/apply/invitation

We encourage you to seek further information about the research expertise of academic staff through the websites and brochures of research centres, faculties, schools and departments.

Step 3: Apply online

Apply for entry into a research degree online at:

▶ monash.edu/migr/apply

If you need assistance completing the form please check the guide to completing the online form at:

▶ monash.edu.au/migr/apply/application/guide

You apply for our research degrees and scholarships online using the same application form.

Step 4: Your application is assessed

Once you have submitted your application it will be assessed and approved by the Monash University Institute of Graduate Research, the faculty and academic unit at which you will be enrolled. The duration of this process can vary but should take no longer than six weeks. If your application is successful, you will be sent an offer pack including:

- an offer letter
- an acceptance form and instructions
- visa information
- registration and enrolment details.

Step 5: Accept your offer

Read your offer letter and offer pack carefully to know how to accept your offer and enrol in your course. International students need to pay their Overseas Student Health Cover and a course-fee deposit before we provide an electronic Confirmation of Enrolment (eCOE), which you need for your student visa application.

Step 6: Arrange a Student Visa

Monash University partners with the Department of Immigration and Border Protection (DIBP) in the Streamlined Visa Processing (SVP) arrangements. If you are eligible for SVP then your visa application will be assessed as if you are an Assessment Level 1 (AL1) student. For information on SVP and its criteria please refer to the following website:

▶ monash.edu/study/international/apply/visa

To be eligible for Streamlined Visa Processing (SVP), you are advised not to commence the visa application process until you have been issued with your electronic Confirmation of Enrolment (eCoE).

If you are not eligible for SVP, your visa subclass and country assessment level will determine the visa application form you need to complete and the documents that are required to process your student visa. Assessment levels are available at:

▶ www.border.gov.au/Trav/Stud/Stud

Student visa applications may take up to six months or more to process depending on nationality and country of residence. Additional visa information and application forms can be obtained from an Australian Diplomatic Mission or from the Department of Immigration and Citizenship website

www.border.gov.au/Trav/Stud

Step 7: Enrolment pack

After accepting your offer to join the Monash research community, you must formally enrol. Details of the enrolment process you need to follow will be provided in your letter of offer. International research candidates complete their enrolment once they have arrived on campus.

When you apply to Monash University for a postgraduate course you must satisfy the following

- 1 Minimum age requirements
- 2 Academic and additional entry requirements
- 3 English entry requirements

Entry Requirements for coursework degrees

Minimum age requirements

You must be at least 17 years of age to enrol in a Monash University course. Some exemptions may apply. For further information, visit:

▶ monash.edu.au/admissions/minimum-entry-requirements.html

Academic and additional entry requirements

To view international postgraduate academic and additional entry requirements refer to the Monash Find a Course at:

▶ study.monash/courses/find-a-course

English entry requirements

All students who apply for a Monash University course must satisfy English entry requirements. Different English entry levels apply to Monash courses. If a student has completed several measures of English proficiency over a period of time, only the most recent demonstration of English is considered.

For more information regarding english entry requirements refer to the Admission to Coursework Courses and Units of Study Procedures available at:

 policy.monash.edu/policy-bank/academic/education/admissions/ admissions-coursework-courses-units-of-study-procedures.html

Monash University reserves the right to ask students to undertake an approved English proficiency test to meet English course requirements.

English is the language of instruction.

Postgraduate coursework applicants can meet the English language requirement if they have undertaken the following studies at an institution where English is the language of instruction, communication and assessment for the entire institution by satisfactorily completing:

- the equivalent of one standard full-time year (48 Monash credit points) of postgraduate study which must be taken within 2 years prior to the Monash course commencement date
- the equivalent of a minimum of three standard full-time semesters (72 Monash credit points) at Australian VET diploma level or higher which must be taken within 2 years prior to the Monash course commencement date.

Documentary evidence in the form of an official letter is required from the institution at which the study was undertaken. This document must be written and signed by the institution's registrar (or other authorised person) of the education institution to the satisfaction of the Academic Board.

English Proficiency Tests

The following English proficiency tests are accepted by Monash University:

 $\hfill \blacksquare$ Academic IELTS (International English Language Testing System).

For more information visit ielts.org

Internet/Paper Based TOEFL (American Test of English as a Foreign Language).

For more information visit ets.org

- Pearson Test of English (Academic). For more information visit pearsonpte.com
- Cambridge Certificate in Advanced English (CAE) and Cambridge Certificate of Proficiency in English (CPE).

For more information visit cambridgeenglish.org

Monash University reserves the right to ask students to undertake an approved English proficiency test to meet English course requirements, and will only accept English proficiency tests taken within 24 months prior to the Monash course commencement date.

Please note that all entry requirements for Monash University are subject to change.

English language requirements for research degrees

Research degree applicants must demonstrate successful completion of a course of tertiary studies of at least two years' duration conducted entirely in English and involving formal assessment of written work, in a country where English is the official language. Evidence in the form of a letter or certificate issued by the university Registrar's office will need to be provided. Studies must be completed within the five-year period prior to application.

For applications to the faculties of arts and law (for degrees by research), studies must be completed within the two year period prior to application.

Applications where studies have been conducted entirely in English and involving formal assessment of written work in a country where English is one of two or more official languages of that country are considered on a case by case basis.

The World Factbook located at cia.gov/library/publications/ resources/the-world-factbook lists the official languages of all countries.

Postgraduate English categories

Postgraduate English categories for Academic IELTS, Internet based TOEFL and Pearson Test of English (Academic) are detailed in the below table. Refer to the English category column in the 'Entry requirements by faculty' section from page 90 of this guide.

Monash English Bridging (MEB) – for postgraduate

The Monash University English Language Centre (MUELC) offers MEB to students who have met the academic requirements for direct entry into Monash University postgraduate courses, but have narrowly missed the English language requirements.

Upon successful completion of MEB, students will gain the proficiency needed to succeed at Monash University and have guaranteed entry into selected university postgraduate courses.

To view MEB for postgraduate courses entry requirements visit

▶ monashcollege.edu.au/english-language-services/english-language-courses/monash-english-bridging/bridging-entry-requirements

Please note MEB is not accepted for entry into all postgraduate courses. Entry requirements for Monash University are subject to change.

Entry requirements by faculty

Course	English category (refer to pg 89)	Entry requirements/Admission restrictions
Art, Design and Arc	hitecture	
Coursework		
Master of Architecture Course code: 3120	А	An Australian bachelor's degree (or equivalent qualification from a recognised tertiary institution) in architecture with a minimum 60% weighted average in the final year of the degree. This qualifying qualification must have been completed within five years of the proposed commencement of the master's program. Applications should be accompanied with a folio (4 projects, no more than 20 images) of recent, original work, clearly numbered with a corresponding list of details attached and a current academic and professional curriculum vitae. The application process will be conducted in two stages with an applicant's folio and CV being reviewed prior to being shortlisted for an interview. Students who have successfully completed the Bachelor of Architectural Design at Monash University will automatically progress to the Master of Architecture (but need to complete new application for administrative purposes).
Master of Design Course code: 3113	А	An Australian bachelor's degree (or equivalent qualification from a recognised tertiary institution) in an art or design field. Applications should be accompanied by 10 – 15 images of recent, original work, clearly numbered, with a corresponding list of details attached and a current academic and professional curriculum vitae.
Master of Interaction Design Course code: 3124	А	An Australian bachelor's degree (or equivalent qualification from a recognised tertiary institution). This degree should be in media, design, architecture, information technology, computer science, engineering or other constructive technology disciplines.
Master of Multimedia Design Course code: 3105	А	An Australian bachelor's degree (or equivalent qualification from a recognised tertiary institution).
Research		
Master of Arts Course code: 0498	J	Students should hold an Australian bachelor's degree with honours (Upper H2B (mark of 65 or above)) or equivalent from a recognised tertiary institution in an area appropriate to their research discipline. In special circumstances, the Faculty may admit an applicant who lacks any of the qualifications listed above, but whose publications and other experience is considered by the Faculty to be equivalent research training in the proposed field of study. Such applications will be considered on a case-by-case basis. All applications must be accompanied by a research proposal of 200 – 300 words.
Master of Design (by Research) Course code: 3111	J	Applicants should hold an Australian bachelor's degree with honours (Upper H2B (mark of 65 or above)) or equivalent from a recognised tertiary institution in an area appropriate to their research discipline. In special circumstances, the faculty may admit an applicant who lacks any of the qualifications listed above, but whose publications, professional practice (five years minimum), creation of design registrations (or patents in other countries), major commissions and other experience is considered by the faculty to be equivalent research training in the proposed field of study. Such applications will be considered on a case-by-case basis. All applications must be accompanied by 10 – 15 images of recent original work, clearly numbered, with a corresponding list of details attached and a research proposal of 200 – 300 words.
Master of Fine Art Course code: 2953	J	Applicants should hold an Australian bachelor's degree with honours (Upper H2B (mark of 65 or above)) or equivalent from a recognised tertiary institution. In special circumstances, the faculty may admit an applicant who does not meet these academic criteria. In such cases, the faculty will consider your qualifications, publications (including exhibitions) and experience in the proposed field of study. Such applications will be considered on a case-by-case basis. All applications must be accompanied by $10-15$ images of recent original work, clearly numbered, with a corresponding list of details attached and a research proposal of $200-300$ words.
Doctor of Philosophy Course code: 1322	J	The PhD is a university award administered by the Monash University Institute of Graduate Research. For either mode, the minimum qualifications for admission to PhD candidature are: a bachelor's degree (at least four-years of full-time study), which normally includes a research component in the fourth year, leading to an honours degree class 1 or 2A level; or a course leading to a master's preliminary qualification at a level rated by the faculty as equivalent to an honours class 1 or 2A; or a master's degree that entailed work, normally including a significant research component, at least equivalent to an honours degree. Under exceptional circumstances, the Graduate Research Committee may accept candidates with a degree of a lower grade than honours 2A if they have demonstrated an ability to undertake research at the PhD level. Applicants for the studio research PhI must be accompanied by 12 – 20 images of recent original work, clearly numbered, with a corresponding list of details attached.

Master of Arts Course code: 2695	К	Admission to the Master of Arts requires one of the following qualifications in a relevant field: a four-year Australian or New Zealand bachelor's degree with an overall result of a minimum upper H2B (mark of 65 or above) in an honours year (normally with a research component in the fourth year); or an Australian or New Zealand master's preliminary qualification with a significant research component and with an overall result of a minimum upper H2B (mark of 65 or above); or an Australian or New Zealand coursework master's degree with a significant research component graded at a minimum upper H2B (mark of 65 or above), and an overall result of upper H2B or above; or an Australian or New Zealand research master's degree with an overall result of a minimum upper H2B (mark of 65 or above); or an Australian or New Zealand research master's degree with an overall result of a minimum upper H2B (mark of 65 or above); or an alustralian or New Zealand research master's degree with an overall result of a minimum upper H2B (mark of 65 or above); or an Australian or New Zealand research master's degree with an overall result of a minimum upper H2B (mark of 65 or above); or and a statistic or new Zealand research master's degree with an overall result of a minimum upper H2B (mark of 65 or above); or and a statistic or new Zealand research master's degree with an overall result of a minimum upper H2B (mark of 65 or above); or and a statistic or new Zealand research master's degree with a significant research component graded at a minimum upper H2B (mark of 65 or above); or and a statistic or new Zealand coursework master's degree with a significant research component graded at a minimum upper H2B (mark of 65 or above); or and a statistic or new Zealand coursework master's degree with a significant research component graded at a minimum upper H2B (mark of 65 or above); or and a statistic or new Zealand coursework master's degree with a significant research component graded at a minimum upper H2B (mark of 65 or abo
Doctor of Philosophy Course code: 0020	K	Admission to doctoral candidature requires one of the following qualifications in a relevant field: a four-year Australian or New Zealand bachelor's degree with an overall result of H2Aor above (normally with a research component in the fourth
Doctor of Philosophy (Creative Writing) Course code: 3940	К	 an Australian or New Zealand bachelor's degree with an overall result of H2Aor above (normally with a research component and with an overall result of H2A or above; or an Australian or New Zealand coursework master's degree with a significant research component graded at Distinction or above, and an overall result of Distinction or above; or an Australian or New Zealand coursework master's degree with a significant research component graded at Distinction or above, and an overall result of Distinction or above; or an Australian or New Zealand research master's degree with an overall result of H2A or above; or a qualification considered equivalent to one of the above.
Doctor of Philosophy (Journalism) Course code: 4103	К	Admission to the PhD (Journalism) will require one of the following qualifications in journalism or a related discipline as well as substantial documented professional experience in the field: a four-year Australian or New Zealand bachelor's degree or equivalent international qualification with an overall result of H2A or above (normally with a research component in the fourth year); or an Australian or New Zealand master's preliminary qualification with a significant research component and with an overall result of H2A or above; or an Australian or New Zealand coursework master's degree with a significant research component graded at Distinction or above, and an overall result of Distinction or above; or an Australian or New Zealand research master's degree with an overall result of H2A or above; or a qualification considered equivalent to one of the above (a minimum of a bachelor's degree with substantial professional experience in the field in the form of publications, performances and collaborations that may be evaluated by a group of peers who are experts in their respective fields). All applicants must submit evidence of practical work in the field in a portfolio which will include the following: 1. A research proposal of 2 – 3 pages addressing the following headings: i. Research question iv. Methodologies of the research ii. Background to the research v. Examples of comparative practice as research and associated literature iii. Aims of the research vi. Proposed structure of the practice/creative based project 2. A covering letter explaining the candidate's interest in the degree and a CV outlining the candidate's professional interests, previous research and publications, if any.
Doctor of Philosophy (Music Composition) Course code: 4067	К	Admission to the PhD (Music Composition) requires one of the following qualifications in the relevant field: a four-year Australian and New Zealand bachelor's degree with an overall result of H2A or above (normally with a research component in the fourth year); or an Australian and New Zealand master's preliminary qualification with a significant research component and with an overall result of H2A or above; or an Australian and New Zealand coursework master's degree with a significant research component graded at Distinction or above, and an overall result of Distinction or above; or an Australian and New Zealand research master's degree with an overall result of H2A or above; or an Australian and New Zealand research master's degree with an overall result of H2A or above; or a qualification considered equivalent to one of the above (a minimum of a bachelor's degree with substantial professional experience in the field in the form of publications, performances and collaborations that may be evaluated by a group of peers who are experts in their respective fields). Note: If the above qualification was obtained without the completion of composition units at honours or master's qualifying levels, applicants need to demonstrate their ability to compose through the submission of at least two original musical works to the satisfaction of the relevant Program Director.

INTERNATIONAL POSTGRADUATE COURSE GUIDE

Course code: A6003

Course	English category (refer to pg 89)	Entry requirements/Admission restrictions
Arts (research continued)		
Doctor of Philosophy (Music Performance) Course code: 4088	К	Admission will require one of the following qualifications in music performance or a related field as well as substantial documented professional experience in the field: a four-year Australian or New Zealand bachelor's degree with an overall result of H2A or above (normally with a research component in the fourth year) or an Australian or New Zealand master's preliminary qualification with a significant research component and with an overall result of H2A or above or an Australian or New Zealand coursework master's degree with a significant research component graded at Distinction or above, and an overall result of Distinction or above or an Australian or New Zealand research master's degree with an overall result of H2A or above or an a qualification considered equivalent to one of the above (a minimum of a bachelor's degree with substantial professional experience in the field in the form of publications, performances and collaborations that may be evaluated by a group of peers who are experts in their respective fields) Applicants will be required to perform a 30 minute audition followed by a 30 minute interview. In the case of overseas or interstate applicants, a vide recording of a performance will be accepted for consideration in lieu of an audition. With regard to the audition process, two references are required from referees who can speak to both an applicant's academic training as well as performance abilities. Applicants must also submit evidence of practical work in the field in a portfolio which will include the following: 1. A representative selection of the candidate's performance work, in the practice genre in which the candidate proposes to work (i.e. Audio and/or visual recordings and performance highlights). 2. A research proposal of 2–3 pages addressing the following headings: i. Research question iv. Methodologies of the research ii. Background to the research v. Examples of comparative practice as research and associated literature iii. Aims of the research v. Proposed structure
Doctor of Philosophy (Theatre Performance) Course code: 4066	К	Admission to the PhD (Theatre Performance) will require one of the following qualifications in Theatre, Performing Arts or a related discipline as well as substantial documented professional experience in the field: a four-year Australian or New Zealand bachelor's degree with an overall result of H2A or above (normally with a research component in the fourth year); or an Australian or New Zealand master's preliminary qualification with a significant research component and with an overall result of H2A or above; or an Australian or New Zealand coursework master's degree with a significant research component graded at Distinction or above, and an overall result of Distinction or above; or an Australian or New Zealand research master's degree with an overall result of H2A or above; or an Australian or New Zealand research master's degree with an overall result of H2A or above; or
Doctor of Philosophy (Translation Studies) Course code: 4080	κ	Admission to the PhD (Translation Studies) will require one of the following qualifications in translation studies, literary or cultural and intercultural studies a four-year Australian or New Zealand bachelor's degree with an overall result of H2A or above (normally with a research component in the fourth year); or an Australian or New Zealand master's preliminary qualification with a significant research component and with an overall result of H2A or above; or an Australian or New Zealand coursework master's degree with a significant research component graded at Distinction or above, and an overall result of Distinction or above; or an Australian or New Zealand research master's degree with an overall result of H2Aor above; or an Australian or New Zealand research master's degree with an overall result of H2Aor above; or
Business		
Coursework		
Graduate Certificate in Business Course code: 1679	А	An Australian bachelor's degree (or equivalent qualification from a recognised tertiary institution) with a Weighted Average Mark (WAM) of 55% or an equivalent GPA as determined by the Faculty. Applicants will be ranked and selected based on their entire academic record.
Graduate Diploma in Business Course code: 3848	А	An Australian bachelor's degree (or equivalent qualification from a recognised tertiary institution) or an approved pathway, with a Weighted Average Mark (WAM) of 55% or an equivalent GPA as determined by the Faculty. Applicants will be ranked and selected based on their entire academic record.
Graduate Diploma in Human Resource Management Course code: 2778	Α	An Australian bachelor's degree (or equivalent qualification from a recognised tertiary institution). Applicants will be ranked based on their entire academic record with an overall average of 55% and two years of work experience.
Master of Accounting Course code: 0503	А	An Australian bachelor's degree (or equivalent qualification from a recognised tertiary institution) with a major in accounting and achieved a Weighte Average Mark (WAM) of 60% or an equivalent GPA as determined by the Faculty. Applicants will be ranked and selected based on their entire academic record. Students wishing to undertake the research pathway must maintain at least a 70% WAM and be accepted for entry by the Course Coordinator and the Research Director.
Master of Actuarial Studies Course code: 4439	А	An Australian bachelor's degree (or equivalent qualification from a recognised tertiary institution) with a Weighted Average Mark (WAM) of 65% or an equivalent GPA as determined by the faculty and achieved a result of at least 70% or equivalent in a first year undergraduate statistics unit. Applicants will be ranked and selected based on their entire academic record.
Master of Advanced Marketing Course code: 4431	А	An Australian bachelor's degree (or equivalent qualification from a recognised tertiary institution) with a major in marketing and achieve a Weighted Average Mark (WAM) of 65% or an equivalent GPA as determined by the Faculty. Applicants will be ranked and selected based on their entire academic record.
Master of Applied Economics and Econometrics Course code B6001	А	Applicants must have completed an Australian bachelor's degree or an equivalent qualification, and achieved a preferred Weighted Average Mark (WAM) of 65% or an equivalent GPA as determined by the faculty. Applicants will be ranked and selected based on their entire academic record.
Master of Applied Econometrics Course code: 3822	Α	An Australian bachelor's degree (or equivalent qualification from a recognised tertiary institution) with a Weighted Average Mark (WAM) of 65% or ar equivalent GPA as determined by the faculty. Applicants must achieve a 70% or equivalent in a first-year undergraduate statistics course. Applicants will be ranked and selected based on their entire academic record.
Master of Applied Finance Course code: 3818	А	An Australian bachelor's degree with a major in finance; or an Australian bachelor's degree with significant work experience in the finance industry (or equivalent qualification from a recognised tertiary institution). Applicants will be ranked based on their entire academic record, with a Weighted Average Mark (WAM) of 65%. Students wishing to undertake the research pathway must maintain at least a 70% WAM and be accepted for entry be the Course Coordinator and the Research Director.
Master of Applied Finance and Master of Applied Econometrics Course code: 4412	А	An Australian bachelor's degree with a major in finance (or equivalent qualification from a recognised tertiary institution) with a credit average in an introductory multiple regression unit at tertiary level. Applicants will be ranked based on their entire academic record with a Weighted Average Mark (WAM) of 65% and with due consideration given to relevant employment experience.

Course	English category (refer to pg 89)	Entry requirements/Admission restrictions
Business (coursework continu	ied)	
Master of Banking and Finance Course code: 4435	Α	An Australian bachelor's degree (or equivalent qualification from a recognised tertiary institution) which does not constitute a major in finance and achieved a Weighted Average Mark (WAM) of 60% or an equivalent grade point average (GPA) as determined by the faculty. Applicants will be ranked and selected based on their entire academic record.
Master of Business Course code: 3844	А	An Australian bachelor's degree (or equivalent qualification from a recognised tertiary institution) with a Weighted Average Mark (WAM) of 55% or an equivalent GPA as determined by the Faculty. Applicants will be ranked and selected based on their entire academic record.
Master of Business Economics Course code: 3842	А	An Australian bachelor's degree (or equivalent qualification from a recognised tertiary institution) with a Weighted Average Mark (WAM) of 60% or an equivalent GPA as determined by the Faculty. Applicants will be ranked and selected based on their entire academic record.
Master of Business Law Course code: 3159	А	An Australian bachelor's degree (or equivalent qualification from a recognised tertiary institution) with a Weighted Average Mark (WAM)
Master of Diplomacy and Trade Course code: 2643	А	of 55% or an equivalent GPA as determined by the Faculty. Applicants will be ranked and selected based on their entire academic record.
Master of Economics Course code: 4427	А	An Australian bachelor's degree (or equivalent qualification from a recognised tertiary institution) in mathematical or quantitative studies, or with a major in Economics and achieve a Weighted Average Mark (WAM) of 70% or an equivalent GPA as determined by the Faculty. Applicants will be ranked and selected based on their entire academic record.
Master of Human Resource Management Course code: 2099	Α	An Australian bachelor's degree (or equivalent qualification from a recognised tertiary institution) or an approved pathway with a minimum of two years relevant employment. Applicants will be ranked based on relevant employment experience and their entire academic record with a credit average. Applicants must provide all relevant information to allow for assessment of your application. Read the work experience information carefully and complete all required documents before submitting your application. For more information visit business.monash.edu.
Master of International Business Course code: 2098	А	Caulfield and Malaysia — An Australian bachelor's degree (or equivalent qualification from a recognised tertiary institution) with a Weighted Average Mark (WAM) of 55% or an equivalent GPA as determined by the Faculty. Applicants will be ranked and selected based on their entire academic record. Monash South Africa — An Australian bachelor's degree with honours (or equivalent qualification from a recognised tertiary institution) or an approved pathway with a Weighted Average Mark (WAM) of 60% or an equivalent GPA as determined by the Faculty. Applicants will be ranked and selected based on their entire academic record.
Master of Management Course code: 0105	А	An Australian bachelor's degree (or equivalent qualification from a recognised tertiary institution) with a credit average including two years relevant employment. Applicants will be ranked based on relevant employment experience and their entire academic record. Applicants must provide all relevant information to allow for assessment of your application. Read the work experience information carefully and complete all required documents before submitting your application. For more information visit business.monash.edu.
Master of Marketing Course code: 2276	Α	An Australian bachelor's degree (or equivalent qualification from a recognised tertiary institution) with a credit average including two years employment experience with at least a year of professional/managerial experience. Applicants will be ranked based on relevant employment experience and their entire academic record. Applicants must provide all relevant information to allow for assessment of your application. Read the work experience information carefully and complete all required documents before submitting your application. For more information visit business.monash.edu.
Master of Professional Accounting Course code: 0790	Α	An Australian bachelor's degree (or equivalent qualification from a recognised tertiary institution) in a non-accounting discipline with a Weighted Average Mark (WAM) of 60% or an equivalent GPA as determined by the faculty. Applicants will be selected based on their entire academic record. Students wishing to undertake the research pathway must maintain at least a 70% WAM and be accepted for entry by the Course Coordinator and the Research Director.
Master of Professional Accounting and Master of Business Law Course code: 3843	А	An Australian bachelor's degree (or equivalent qualification from a recognised tertiary institution) in a non accounting discipline. Applicants will be ranked and selected based on their entire academic record, a preferred Weighted Average Mark (WAM) of 60% with due consideration given to relevant employment experience.
Master of Public Policy and Management Course code: 1065	А	An Australian bachelor's degree (or equivalent qualification from a recognised tertiary institution) or an Executive Certificate awarded by the Faculty of Business and Economics with a Weighted Average Mark (WAM) of 60% including two years relevant employment. Applicants will be ranked based on relevant employment experience and their entire academic record. Applicants must provide all relevant information to allow for assessment of your application. Read the work experience information carefully and complete all required documents before submitting your application. For more information visit business.monash.edu.
Executive Master of Business Administration Course code: 4437	А	An Australian bachelor's degree (or equivalent qualification from a recognised tertiary institution) with six years work experience including four-years of professional/managerial experience. Applicants will be ranked based on their entire academic record, employment experience and Statement of Purpose. Applicants will be required to attend an interview (by telephone) with a member of the selection panel. Applicants must provide all relevant information to allow for assessment of your application. Read the work experience information carefully and
		complete all required documents before submitting your application. For more information visit business.monash.edu.
Master of Business Administration Course code: 0028	А	An Australian bachelor's degree (or equivalent qualification from a recognised tertiary institution) with three years work experience including one year of professional/managerial experience. Applicants will be ranked based on their entire academic record with a credit average and employment experience. Applicants must provide all relevant information to allow for assessment of your application. Read the work experience information carefully and complete all required documents before submitting your application. For more information visit business monash edu.
Research		
Master of Philosophy Course code: 3194	K	Applicants need to have completed an upper second class bachelor's degree requiring at least four-years of full-time study, including a research component in the fourth year, or completed a course leading to a master's preliminary qualification at a level rated as equivalent to an upper second-class honours degree, or qualifications, which in the opinion of the committee, are equivalent or a satisfactory substitute
Doctor of Philosophy Course code: 0029	К	Applicants need to have completed a bachelor's degree requiring at least four-years of full-time study, and which normally includes a research component in the fourth year, leading to an honours degree class 1 or class 2A level, or a course leading to a master's preliminary qualification at a level rated as equivalent to an honours class 1 or 2A degree, or a master's degree that entails work, normally including a significant research component, at least equivalent to an honours degree (a 'significant research component' in a master's degree will vary from discipline to discipline). It is normally expected that a grade of H2A has been obtained for the research thesis or project. Where ungraded, examiners' reports will be taken into account, or qualifications which, in the opinion of the committee, are deemed equivalent.

All applicants must also meet the English language requirements of the Psychology Board of Australia (PBA). Consult the PBA website to ensure these requirements www.psychologyboard.gov.au.
Master of Leadership Specialisation course codes: Community learning – D60041 Curriculum and pedagogy – D60042 General leadership studies – D60040 Language education – D60043 Organisational learning – D60044 Principal preparation – D60045	Α	An Australian bachelor's degree (or equivalent qualification from a recognised tertiary institution) in a related area with at least a credit (60%) and a minimum of two years of full time relevant professional experience. OR A four-year Australian undergraduate honours degree (or equivalent) and/or an Australian graduate certificate and/or an Australian graduate with at least a credit (60%) average and a minimum of two years of full time relevant professional experience.
Master of Professional Psychology Course code: D6008	F	Successful completion of an Australian Psychology Accreditation Council (APAC) accredited fourth year of study in psychology with a high cre average completed within the last 10 years. In addition, applicants must provide evidence of demonstrated suitability for work as a profession psychologist determined by completion of two satisfactory referee reports (one academic and one professional). Shortlisted applicants will be to attend an interview. Applicants with international qualifications will need to have their qualifications assessed by the Australian Psychologic Society (APS) www.psychology.org.au In addition all applicants must also meet the English language requirements of the Psychology Board of Australia (PBA). Consult the PBA web ensure you meet these requirements www.psychologyboard.gov.au.
Master of Teaching Specialisation course codes: Early years education – D60011 Early years and primary education – D60012 Primary education – D60013 Primary and secondary education – D60014 Primary and secondary education (accelerated) – D60015 Secondary education – D60016 Secondary education (accelerated) – D60017	E	An Australian bachelor's degree (or equivalent qualification from a recognised tertiary institution) with a pass (50%) average. Admission into to course is competitive and may require a higher overall average than the minimum requirement. Students applying for a specialisation in Secondary Education must also have appropriate discipline studies to qualify for two specialist teach areas or one double teaching specialist area. Students applying for the specialisation in Primary and Secondary Education must also have appropriate discipline studies to qualify for one steaching area.
Master of TESOL	А	An Australian bachelor's degree (or equivalent qualification from a recognised tertiary institution) with a credit (60%) average.

Course	English category (refer to pg 89)	Entry requirements/Admission restrictions
Research (Education)		
Doctor of Philosophy Course code: 0079	J	The minimum qualifications for admission to PhD candidature are: A master's degree which includes a major research project (a thesis of a minimum of 10,000 words); or a bachelor's degree with honours I or IIA (or equivalent) obtained from Monasy or any other recognized institution.
Master of Education – Coursework/Thesis Course code: 3204	J	Four-years of full-time equivalent university study at Monash University or any other recognised tertiary institution in education or a relevant field (either through a double degree or undergraduate degree plus Graduate Diploma or an honours year) with an upper H2B (a mark of 65 or above). Where the prior study does not include an honours year it should include a research component equivalent to that of an honours year, or qualifications or experience that GRC considers to be equivalent to, or a satisfactory substitute for, the above.
Master of Education – Thesis Only Course code: 0077	J	Four-years of full-time equivalent university study at Monash University or any other recognised tertiary institution in education or a relevant field (either through a double degree or undergraduate degree plus Graduate Diploma or an honours year) with an upper H2B (a mark of 65 or above). Where the prior study does not include an honours year it should include a research component equivalent to that of an honours year, or qualifications or experience that GRC considers to be equivalent to, or a satisfactory substitute for, the above.
Master of Educational and Developmental Psychology / Doctor of Philosophy Course code: 3736	J	Only students currently enrolled in the Master of Educational and Developmental Psychology at Monash University can apply for this course. Admission to candidature for the combined Master of Educational and Developmental Psychology and Doctor of Philosophy course requires: successful completion of a degree with first class honours (H1), which also qualifies as a four year APAC-approved degree with a major in psychology; or completion of the first year of the Master of Educational and Developmental Psychology with a high distinction average in two units (one of which must be the research project unit) and a minimum overall distinction average; or an equivalent from an Australian or recognised overseas university, as determined by the Faculty of Education Board and APS. In addition, applicants must provide evidence of demonstrated suitability for work as a professional psychologist determined by completion of a supplementary form and three satisfactory referee reports (one academic and two professional). Applicants with international qualifications will need to have their qualifications assessed by the Australian Psychological Society (APS) www.psychology.org.au
Engineering		
Coursework		
Master of Advanced Engineering Course code: E6001	A	One Year Program: A four-year Australian bachelor's of Engineering (or equivalent qualification from a recognised tertiary institution) in the relevant discipline with a distinction average. OR A four-year Australian bachelor's of Engineering (or equivalent qualification from a recognised tertiary institution) in the relevant discipline with a high credit average and at least three year's relevant engineering work experience. A Curriculum Vitae and 300 word statement is also required as part of
Course cours. Econor		your application. A phone interview may be requested. Two year program: A four-year Australian bachelor's of Engineering (or equivalent qualification from a recognised tertiary institution) in the relevant discipline with a high credit average.
Master of Bioresource Engineering Course code: 4612	Α	A three-year undergraduate degree in a relevant discipline of either engineering or science. However, students entering with only a three-year degree will be required to undertake a prescribed program of 24 credit points of undergraduate units before commencing the postgraduate units. This requirement is waived for those with a four-year engineering or science degree.
Research		
Master of Engineering Science (Research) Course code: 3292	J	A Bachelor of Engineering degree with honours 1, 2A or 2B from Monash University or any other recognised tertiary institution.
Doctor of Philosophy Course code: 3291	J	Master of Engineering by research or Bachelor of Engineering with honours 1 or 2A from Monash University or another recognised tertiary institution judged to be of equivalent standard to an Australian university. Other qualifications can be assessed for equivalence
Information Technolog	ду	
Coursework		
Graduate Diploma in Information and Knowledge Management Course code: 3340	Α	An Australian bachelor's degree (or equivalent qualification from a recognised tertiary institution) with at least a pass average. The applicant's entire academic record can be taken into consideration when assessing eligibility for the course. Selection officers can place greater importance on studies which demonstrate ability to progress satisfactorily in an IT degree.
Master of Business Information Systems Course code: C6003	Α	An Australian bachelor's degree (or equivalent qualification from a recognised tertiary institution) with at least pass a average . The applicant's entire academic record can be taken into consideration when assessing eligibility for the course. Selection officers can place greater importance on studies which demonstrate ability to progress satisfactorily in an IT degree. Applicants with previous studies in Information Systems with an understanding of the major enterprise IT applications and their architectures, including enterprise/transaction processing systems and analytical/business intelligence systems may be admitted into an accelerated course structure.
Master of Data Science Course code: C6004	Α	An Australian bachelor's degree (or equivalent qualification from a recognised tertiary institution) with at least a pass average. The applicant's entire academic record can be taken into consideration when assessing eligibility for the course. Selection officers can place greater importance on studies which demonstrate ability to progress satisfactorily in an IT degree. Applicants with an IT related degree, or Business degree which include IT studies (programming and databases are compulsory) can be admitted into an accelerated course structure and be eligible to complete in three semesters.
Master of Information Technology Course code: C6001	Α	An Australian bachelor's degree (or equivalent qualification from a recognised tertiary institution) with at least a pass average. The applicant's entire academic record can be taken into consideration when assessing eligibility for the course. Selection officers can place greater importance on studies which demonstrate ability to progress satisfactorily in an IT degree. Applicants with previous studies in IT including computing, computer science or a technical information technology field, with completed studies in programming, databases, computer architecture, algorithms and data structures, data communications, and system analysis and design, can be admitted into an accelerated course structure and be eligible to complete in three semesters.
Master of Networks and Security Course code: C6002	Α	An Australian bachelor's degree (or equivalent qualification from a recognised tertiary institution) with a pass average. The applicant's entire academic record can be taken into consideration when assessing eligibility for the course. Selection officers will consider the applicant's range of studies, and can place greater importance on studies which demonstrate ability to progress satisfactorily in an IT degree. Applicants with previous studies in an IT or engineering related discipline such as computing, computer science, software engineering, computer systems, electrical, electronic or communication engineering may be admitted into an accelerated course structure.

Research (Information Technology)		
Master of Philosophy Course code: 3337	К	Either a bachelor's degree requiring at least four-years of full-time study, and which normally includes a research component in the fourth year, leading to an honours degree class 1, 2A or upper 2B (with an overall mark of at least 65 or above) level; Prospective research candidates are expected to have identified a certain research area of interest prior to applying. They are required to discuss the proposed research project, as well as availability of supervision and facility to conduct research, with the school in which they are seeking candidature. Applications may be submitted throughout the year.
Doctor of Philosophy Course code: 0190	К	The minimum qualifications for admission to PhD candidature are: (a) a bachelor's degree requiring at least four-years of full-time study and normall including a research component in the fourth year, leading to an honours degree at first or upper second class level (H1 or H2A); or (b) a course leading to a master's preliminary qualification at a level rated by the relevant school and faculty as equivalent to a first or upper second class honour degree; or (c) a master's degree that comprises a significant research component, at least equivalent to (a) above.
Law		
Coursework		
Graduate Diploma in Law Course code: L5001	С	1. A bachelor's degree in law (or equivalent); or 2. A bachelor's degree (or equivalent) in any other discipline plus sufficient work based or other learning in a cognate (related) field which together constitute the equivalent of a bachelor's degree in a cognate (related) discipline.* Applicants will be assessed on their entire academic record with a credit average (or equivalent) preferred. As a general rule, students who do not have a credit average or are relying on relevant work experience to satisfy entry requirements will need to have worked for at least one year, although the required period may be shorter where the work experience has been supplemented by other relevant learning. Applicants must provide academic transcript/s and evidence of completion of their degree. Where applicable, provide CV, work reference letters and a personal statement.
Master of Laws Course code: L6004	С	 A JD or a bachelor's honours degree in Law, or an equivalent qualification; or A bachelor's degree in Law (or equivalent) plus either a graduate diploma in Law, a graduate certificate in Law, or an equivalent postgraduate qualification; or A bachelor's degree in Law (or equivalent) plus sufficient relevant work-based or other learning to together constitute the equivalent of one of the above qualifications Applicants will be assessed on their entire academic record, with a credit average (or equivalent) preferred. As a general rule, students who do not have a credit average will need to have at least two years of relevant work experience, although the required period may be shorter where the work experience has been supplemented by other relevant learning. For the purposes of satisfying these requirements, other learning may include, but is not confined to, learning in the context of other non-law degrees. Please ensure that you provide results transcripts (where applicable) and an explanation of how this learning has advanced your knowledge and skills for professional or highly skilled legal work.
Master of Laws (Juris Doctor) Course code: L6005	G	Minimum Entry Requirements: A bachelor's degree (or equivalent) with a minimum Grade Point Average (GPA) of 5.2 on a 7 point scale. Applicants will be assessed on their entire academic record, and some may be interviewed. Extra Requirements: If, in addition to a bachelor's degree (or equivalent) you have incomplete studies in a law admission degree course, a minimum GPA of 5.2 on a 7 point scale in the law studies, with no fail result in the final year, is required. A limited number of Commonwealth Supported Places (CSP) are awarded on academic merit alone. The minimum requirement to be considered for a CSP is a GPA of 6.4 out of 7. However, the actual GPA required depends on the number and standard of applications received during that selection period. Applicants who have not completed any formal study in the last eight years are required to submit a current curriculum vitae and a completed Monash JD personal statement. The personal statement may include your reasons for wanting to study law, why you want to study at Monash Law School, any voluntary work or relevant work experience, any applicable achievements and other relevant aspects that you feel will improve your application.
Master of Commercial Law Course code: L6001	С	
Master of Human Rights Law Course code: L6002	С	 A JD or a bachelor's honours degree in Law or a cognate discipline, or an equivalent qualification; or A bachelor's degree (or equivalent) plus either a graduate diploma (or equivalent) in Law or a cognate discipline or a graduate certificate (or equivalent) in Law or a cognate discipline; or A bachelor's degree (or equivalent) in Law or a cognate discipline plus sufficient relevant work-based or other learning to together constitute the
Master of Intellectual Property Law Course code: L6003	С	equivalent of one of the above qualifications; or Applicants will be assessed on their entire academic record, with a credit average (or equivalent) preferred. As a general rule, students who do not have a credit average will need to have at least two years of relevant work experience, although the required period may be shorter where the work experience has been supplemented by other relevant learning.
Master of Regulatory Studies Course code: L6006	С	For the purposes of satisfying these requirements, other learning may include, but is not confined to, learning in the context of other non-law degrees. Please ensure that you provide results transcripts (where applicable) and an explanation of how this learning has advanced your knowledge and skills for professional or highly skilled legal work.
Master of Workplace and Employment Law Course code: L6007	С	
Research		
Master of Philosophy Course code: 3379	Е	A degree of bachelor's with an honours mark of at least 65 (upper H2B); or (ii) qualifications which in the opinion of the Monash University Institute of Graduate Research (MIGR) are equivalent or a satisfactory substitute.
Doctor of Juridical Science Course code: 3380	E	A Bachelor of Laws with a minimum of honours two division A; or a minimum average level of distinction in four Master of Laws degree units; or other qualifications which the Graduate Research Committee is satisfied are equivalent or a satisfactory substitute; and to the satisfaction of the Graduate Research Committee, have the high level of research and writing competence required for the degree.
Doctor of Philosophy Course code: 0069	E	A bachelor's degree with honours with a grade of H1 or H2A, or an equivalent qualification considered appropriate by the Monash University Institute of Graduate Research.

^{*} A related discipline could be in the areas of nursing, social work, medicine and psychology (le health), research, teaching, law, policy, sport health and human resources.

substitute that the faculty considers to be equivalent.

С

- An Australian bachelor's degree (or equivalent qualification from a recognised tertiary institution) in an appropriate discipline with a pass average and relevant professional experience. However, the department will individually consider applications from students without a degree who have extensive Master of International Health professional experience.
- Course code: 3874 Extra requirements: Curriculum Vitae (CV), work reference letters and a Statement of Purpose (250 words) outlining your area of interest and the reason why you would like to complete the course.

^{**} Examples of high level written skills include detailed project reports, evaluation and/or research reports, journal articles, etc. The department will individually consider each application. Applicants may be required to participate in an interview. The following must be provided before an application can be assessed: A curriculum vitae/resume showing relevant industry experience. Academic transcript(s) of relevant degrees; A statement of purpose (500 words) outlining reasons for undertaking the course and your area(s) of interest; Examples of high level written skills (e.g. detailed project reports, evaluation and/or research reports, journal articles, etc); Evidence you meet Monash's minimum english language requirements for post graduate study.

Course	English category (refer to pg 89)	Entry requirements/Admission restrictions
Medicine, Nursing and	d Health	Sciences (coursework continued)
Master of Nursing Course code: 1250	В	An Australian bachelor's of Nursing, Bachelor of Nursing (Post registration) or Bachelor of Science (Nursing) (or equivalent qualification from a recognised tertiary institution) with a credit average and relevant nursing registration certificate (e.g. Registered Nurse with the Australian Health Practitioner Regulation Agency or equivalent). Applicants who wish to undertake some specialist pathways of study will be required to have registration with the Australian Health Practitioner Regulation Agency and appropriate clinical employment in an approved clinical agency. Extra requirements: Certified copy of current nurse registration certificate, Curriculum Vitae (CV) and a Statement of Purpose (250 words) outlining your area of interest and the reason why you would like to complete the course.
Master of Nursing Practice (Graduate Entry) Course code: 3966	I	An Australian bachelor's degree in Arts or Science (or equivalent qualification from a recognised tertiary institution) with a pass average. In addition, applicants will need to demonstrate evidence of previous tertiary level study of a minimum of one six-credit-point unit in human biology (or a related area) from any recognised tertiary institution or the Monash Human Biology short course which has been assessed as equivalent to this requirement Extra requirements: Curriculum Vitae (CV) and a Statement of Purpose (250 words) outlining the reason why you would like to complete the course.
Master of Occupational and Environmental Health Course code: 2312	А	An Australian bachelor's degree (or equivalent qualification from a recognised tertiary institution) in an appropriate discipline with a pass average and relevant professional experience. However, the department will individually assess applications from students without a degree who have extensive professional experience. Extra requirements: Curriculum Vitae (CV), work reference letters and a Statement of Purpose (250 words) outlining your area of interest and the reason why you would like to complete the course.
Master of Occupational Therapy Practice Course code: 4515	В	An Australian bachelor's degree (or equivalent qualification from a recognised tertiary institution) in health, education, social, physical or biological sciences (or subsequent postgraduate studies and/or relevant work experience) with a credit average in the most recently completed qualification. Extra requirements: Curriculum Vitae (CV), Confidential referees, a Statement of Purpose (250 words) outlining your area of interest and the reason why you would like to complete the course. A statement about your knowledge of the work of Occupational Therapists. Short listed applicants will need to attend a Skype interview.
Master of Public Health Course code: 0046	А	An Australian bachelor's degree (or equivalent qualification from a recognised tertiary institution) in an appropriate discipline with a pass average and relevant professional experience. However, the department will individually consider applications from students without a degree who have extensive professional experience. Extra requirements: Curriculum Vitae (CV), work reference letters and a Statement of Purpose (250 words) outlining your area of interest and the reason why you would like to complete the course.
Master of Social Work (Qualifying) Course code: 3969	В	An Australian bachelor's degree (or equivalent qualification from a recognised tertiary institution) with a credit average, including two full semester units in the study of society (as required by the Australian Association of Social Workers). Units fulfilling the prerequisite studies of society are broadl assessed and include, for example, studies in sociology, social science, social psychology, human development, anthropology, philosophy, history, gender, law, politics, media, the arts, technology, and multicultural society. Past academic standing is also a significant factor in selection. Students are selected on academic merit and the completion of two broad studies of society.
Research		
Master of Biomedical Science Preliminary Course code: 2970		Applicants must have qualified for a pass degree in a relevant field at a standard deemed appropriate by the faculty executive and not have failed ar honours attempt in the degree, or training and experience deemed a satisfactory substitute by the faculty executive. Admission to the course require at least a credit grade average (60 per cent plus) in 24 points (or half the year) of relevant third year units.
Master of Biomedical Science Course code: 2977	J	Applicants must have a relevant bachelor's degree with honours 1, honours 2A, or honours upper 2B or have satisfactorily completed the Master of Biomedical Science Preliminary with honours 1, honours 2A, or honours upper 2B or have other qualifications or experience deemed equivalent or a satisfactory substitute by the faculty board.
Master of Philosophy Course code: 3438	J	Applicants must hold a bachelor's degree with honours 1, honours 2A, or honours upper 2B from Monash University, or have qualifications which, in the opinion of the Graduate Research Committee, are equivalent or a satisfactory substitute.
Master of Reproductive Sciences Course code: 0100	J	Applicants must have a relevant bachelor's degree in science with honours 1, honours 2A, or honours upper 2B; or the Graduate Diploma in Reproductive Sciences with a minimum average grade of 70%; or have other qualifications or experience which the faculty board deems equivalent or a satisfactory substitute.
Master of Surgery Course code: 3443	J	Applicants must hold a bachelor's degree with honours 1, honours 2A, or honours upper 2B from Monash University, or have qualifications which in the opinion of the Graduate Research Committee are equivalent or a satisfactory substitute.
Doctor of Philosophy Course code: 0047	J	Applicants must hold a master's degree by research or a bachelor's degree with honours 1 or honours 2A from Monash University, or have qualifications which, in the opinion of the Graduate Research Committee, are equivalent or a satisfactory substitute.

Course	English category (refer to pg 89)	Entry requirements/Admission restrictions			
Doctor of Psychology in Clinical Neuropsychology Course code: 2932	J	Applicants must have a bachelor's degree with honours 1 or honours 2A in psychology from Monash University, or have qualifications which, in the opinion of the Research Graduate School Committee, are equivalent or a satisfactory substitute. The bachelor's degree must be accredited			
Octor of Psychology n Clinical Psychology Course code: 2116	J	by the Australian Psychology Accreditation Council. In addition to their academic record, applicants will be selected on the basis of their personal suitability for clinical psychology, with factors such as referees' reports and presentation at a selection interview considered.			
Pharmacy and Pharm	naceutica	al Sciences			
Research					
Master of Pharmaceutical Science Course code: 2627	J	Qualifications and experience equivalent to a bachelor's degree in pharmacy, pharmaceutical sciences, science or other related field at a level of honours 1, 2A or 2B from a recognised tertiary institution.			
Doctor of Philosophy Course code: 2625	J				
Doctor of Philosophy (Joint Award and Doctoral Training Centre with The University of Nottingham) Course code 3473	J	Qualifications and experience equivalent to a bachelor's degree in pharmacy, pharmaceutical science, science or other relevant field at a level honours 1 or 2A from a recognised tertiary institution or a master's degree in pharmacy or other relevant field. Doctor of Philosophy (Joint Award with The University of Warwick) Course code: 3471	J				
Science					
Coursework					
Master of Financial Mathematics Course code: S6001	Α	Duration 2 years: An Australian bachelor's degree (or equivalent qualification from a recognised tertiary institution) with a strong mathematical content* with a distinction average or qualification/experience that the faculty considers to be equivalent or a satisfactory substitute for the above. *Completion of units of mathematics with an emphasis on multivariable calculus, linear algebra, probability, statistics and differential equations. Duration 1.5 years: An Australian bachelor's degree (or equivalent qualification from a recognised tertiary institution) in mathematics with a distinction average or qualification/experience or satisfactory substitute that the faculty considers to be equivalent. OR An Australian graduate certificate/diploma (or equivalent qualification from a recognised tertiary institution) with a strong mathematical content* with a distinction average or qualification/ experience that the faculty considers to be equivalent or a satisfactory substitute for the above. *Completion of units of mathematics with an emphasis on multivariable calculus, linear algebra, probability, statistics and differential equations. Duration 1 year: A four-year Australian bachelor's honours degree (or equivalent qualification from a recognised tertiary institution) in mathematics with a distinction average or qualification/experience or a satisfactory substitute that the faculty considers to be equivalent.			
Research					
Master of Philosophy	J				
Master of Science Course code: 2700	J	 Either a bachelor's degree requiring at least four-years of full-time study, and which normally includes a research component in the fourth year, leading to an honours degree class 1, 2A or upper 2B (with an overall mark of at least 65 or above) level; or a course leading to a level rated by the relevant school, faculty and central university committees as equivalent to an honours class 1, 2A or upper 2B (with an overall mark of at least 65 or above) degree; or a master's degree that entails work, normally including a significant research component, at least equivalent to an honours degree (a 'significant research component' in a master's degree will vary from discipline to discipline). It is normally expected that at a minimum, a grade of upper 2B (with an overall mark of at least 65 or above) has been obtained for the research thesis or project. Where ungraded, examiners' reports will be taken into account; or have qualifications which in the opinion of the committee/s are deemed equivalent. 			
		The minimum qualifications for admission to PhD candidature are: a bachelor's degree requiring at least four-years of full-time study in a relevant field, and which normally includes a research component in the fourth year, leading to an honours 1 or 2A in a relevant field; or			

Helping you get into Monash

CRICOS provider: Monash University 00008C, Monash College Pty Ltd 01857J

To succeed at Monash, you will need excellent English language skills.

The Monash University English Language Centre is dedicated to preparing students for success by helping them gain fluency in English and confidence in the academic skills required at Monash.

The Centre offers three different programs, all designed to meet the specific requirements of the Monash course you're aiming to enter. When you apply, we will assess your present skills and place you in the best program for your level.

- Monash English (ME) a program with flexible duration designed to build on students' current English proficiency and prepare them for entry into MEB or the University.
- Monash English Bridging (MEB)* a 10 or 15-week program for students who have met the academic requirements for Monash but have narrowly missed the English language requirements. MEB prepares students for the English and academic expectations of Monash
- Introductory Academic Program (IAP) a five-week program for students who have received a full offer to Monash University. IAP is focused on further enhancing the study skills required for success at Monash.
- ▶ For entry requirements, detailed course information and intake dates visit monashcollege.edu.au

The benefits of English preparation

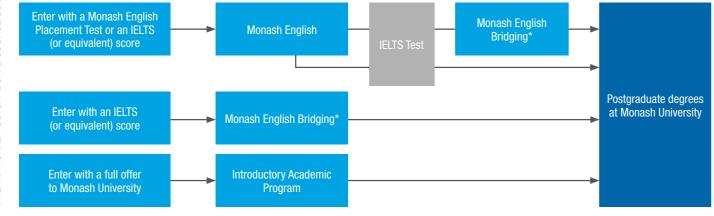

- 1. Learn not only how to speak in English, but also to think in English.
- 2. Be immersed in English, practise every day by living in Melbourne and become familiar with the city and public transport before you start.
- 3. Be confident in the Monash teaching and learning style before you commence your degree. Benefit from our student-centric teaching style, giving you access to your tutors for immediate and personalised feedback.
- 4. Be better prepared for your Monash studies by learning academic skills essential to all degrees such as:
- how to write essays and academic reports
- how to reference your sources
- how to deliver presentations.

Ali Hani PhD

By successfully completing the Monash English Bridging pathway, Ali Hani is now studying his PhD in Anatomy and Developmental Biology at Monash University. Watch Ali share his journey online at mona.sh/vuMhL
