The above mentioned requirements are subject to ongoing review. The University reserves its right to revise the requirements if and when necessary.

Information for
Prospective Students

Student Sharing

I chose EdUHK because it has well-structured programmes for students and it is ranked among the top universities for Education in Asia. One of the major things I experienced at EdUHK is the passion people have for education, including the teachers who model for us, our seniors who guide us, and our peers who inspire us to improve ourselves. I would recommend others to study here because there are plenty of things to learn, for example, the intra- and extra-curricular activities could help one grow academically and socially.

Kato Yuka

BA (Hons) in Language Studies
and BEd (Hons)
(English Language)

EdUHK is indeed a resourceful educational institution where one can pursue one's tertiary education with its extensivity and inclusivity. From the broad but comprehensive curriculum, patient and caring lecturers and professors, abundance of learning opportunities out of the campus, to the diversity of students in our school, I would highly recommend students of different backgrounds to pursue your studies with EdUHK!

Cheong Bing Qiang

BEd (Hons)
(English Language) – Secondary

EdUHK is a leading educational institution where students are exposed to various learning opportunities on campus, in the region and around the globe. I met professionals and hard-working peers from different backgrounds. The University helped me to expand my network which is largely beneficial to my personal and career development. I would recommend students who intend to broaden the horizons of knowledge and experience to pursue their studies at EdUHK.

Sabina Urazgulova

BEd (Hons)
(Science)

$$\frac{(x^2)^2}{(\sqrt{z})}$$

$$AB^2 = AC^2 + CB^2$$
