UNIVERSITY of NICOSIA

# UNIC CITY

## A VIBRANT URBAN CAMPUS

UNIC's modern campus is made up of 20 purpose-built and refurbished buildings situated amid the urban landscape in the bustling suburb of Engomi in Nicosia. Over the last few years, we have invested over €100 million in our campus infrastructure.

The expansive layout of our campus allows us to provide specialised facilities to support each academic department. The whole neighbourhood is oriented towards student life, allowing for a unique social experience, characterised by community interaction, diversity, learning and fun.

In addition to the teaching facilities, the campus provides the full set of student amenities and support services. You can walk to almost any building on campus within 15 minutes, while there is a large free car park for off-campus students.
