Why Christchurch?

The city of Ōtautahi Christchurch is a recreational hot spot and is the largest and most central city in the South Island, making it the ideal base to explore from.

Gateway to the South Island

Christchurch is New Zealand's second largest city and the largest city in the South Island. With its central east coast location, no other city offers such unparalleled access to the wider South Island.

A recreational hub

Christchurch is on the doorstep of a huge outdoor playground – with 10 ski fields within a two-hour drive and beautiful beaches close by, you can surf and ski in the same day.

The city's Port Hills are also popular for walking, rock climbing, and mountain biking.

Easy to get around

Bordered by the Port Hills, the city itself is flat and easy to get around, with an accessible city bus system and many cycleways.

Vibrant entertainment options

Christchurch has a busy calendar of events – from art exhibitions and cultural celebrations to sporting events and music festivals.

There are over 900 restaurants, cafés, and bars to sample, many of them close to UC.

The Canterbury region

A temperate climate with lots of sunshine and a full range of spectacular seasons, Canterbury is an ideal place to explore throughout the year.

Canterbury has more ski areas than anywhere in the Southern Hemisphere, making it a winter playground.

Study Abroad programme

Expand your academic horizons and tackle exciting new subjects.

Combine courses that suit you

The undergraduate Study Abroad tuition fee is a one-price package that enables you to choose courses from different subjects, so you can put together a programme of study that best meets your needs and interests.

View [pages 16–25](#) for available courses and [page 14](#) for fees and costs.

UC offers a comprehensive range of courses, including several that you're unlikely to come across in your home country such as Māori language and culture, Antarctic Studies, and courses in New Zealand and Pacific literature, history, and politics. Whichever courses you choose, you'll study alongside Kiwi students.

Study outside the classroom

UC has an extensive network of field stations for student and staff research. These offer multiple field study opportunities, and many Science courses include field trips that feature New Zealand's unique flora and fauna, geology, biodiversity, and marine life.

Semesters

At UC, semesters are as follows:

- Semester 1 – February–June

Hands-on learning

Keen to go beyond the classroom as part of your Study Abroad semester? As a UC Student, you'll have a unique opportunity to undertake an internship or other hands-on study.

Internships at UC

Gain international work experience and boost your resume with PACE295 internship, UC's for-credit internship course.

You'll work with a local organisation or business and gain invaluable experience and skills in a professional setting.

Past interns have worked in areas like food sustainability, GIS mapping, filmmaking, social entrepreneurship, media and communications. PACE 295 is worth 15 points and can be taken alongside your semester courses.

Enterprise in practice

INOV290 is a for-credit course that allows students to complete a project for a start-up venture, local business, social enterprise, or a student club. This project will enable you to apply your academic skills and knowledge to a practical project.

The course is supported by the staff at the Centre for Entrepreneurship (UCE), which also offers mentoring, seminars, and development bootcamps to students, to encourage entrepreneurial discovery and experimentation.

“I got to learn about the local government system in Christchurch which gave me a unique perspective about the city, outside of UC. It was also a great experience to see the differences in work-life balance while working in another country.”

Naomi
USA

Service learning and community engagement

CHCH101: Strengthening Communities through Social Innovation is a for-credit course, incorporating service learning.

Building on the community spirit of the famous Student Volunteer Army (SVA), you'll complete up to 20 hours of community service related to social innovation and volunteerism in the Christchurch community.

As well as providing you with a course experience not available anywhere else in the world, CHCH101 is a great opportunity to get to know New Zealand students and community members.

Field study

Ocean, rivers, mountains, glaciers, and indigenous and exotic forests are all readily accessible for hands-on learning.

New Zealand's diverse geography contained in a relatively small area acts as a natural laboratory for off-campus study and makes UC an ideal option for students wishing to undertake field study.

UC operates a network of field stations around the South Island, offering unparalleled access to New Zealand's flora and fauna, geology, and marine life.

Field trips are also a key component of courses as diverse as Māori and Indigenous Studies, Political Science and International Relations, and Sport Coaching.
